

PETERBOROUGH PRIVATE HIRE

DRIVERS ASSOCIATION

Build on unity & trust

To whom it may concern

This letter is from the Peterborough Private Hire Drivers Association and its members, in response to the consultation on vehicle age policy.

We feel our proposals set out in the initial consultation to extend the upper age limit of Private Hire Vehicles from 8 years to 10 years and to extend the lower age limit of Private Hire Vehicles from 3 years to 6 years when first licensed is a step in the right direction, and at the right time.

In the current economical climate it is becoming ever so more difficult for drivers to purchase vehicles which are within the current PCC guidelines at a reasonable price and without having to break the bank, when the overall earnings of drivers have taken a dive and the cost of living is ever on the increase.

We understand that there is concern from some within the trade who are not members of our Association, and feel that this would not benefit the trade. However we can only say that we have worked extensively over the past 10 months on this and have researched and tried to cover ever possibility and concern that may arise. Even though we do not have a crystal ball to see how this change may affect the trade, we are however very confident that there will not be an influx and "flooding" of the trade, as we have shown in the initial consultation.

We the below have been involved in the consultation process and agree that these changes would in deed benefit the trade in the long run. We show our support for this change in policy by signing this letter in response to the consultation.

We recognise and fully support the PPHDA, the initiatives that they are looking to bring forward and thank them for all the hard work and effort that they have been putting in on behalf of us, its members this past year.

PPHDA Committee and its Members
