

**FLETTON, STANGROUND AND WOODSTON
 NEIGHBOURHOOD COMMITTEE
 (Area South 1)**

**MINUTES OF A MEETING HELD ON WEDNESDAY 17 OCTOBER 2012 AT 7.45 PM
 AT HERITAGE PARK PRIMARY SCHOOL**

Members Present:

Stanground Central Councillors Cereste, Rush and Walsh
 Stanground East Councillor Harper (Chairman)
 Fletton & Woodston Councillors Serluca and Thulbourn

Officers Present:

Lisa Emmanuel Neighbourhood Manager, PCC
 Louise Tyers Compliance Manager, PCC
 Richard Oldfield Enterprise Peterborough
 Sue Schofield 8-19 Service, PCC

Also in Attendance:

17 members of the public attended including representatives from Stanground Youth Forum, Woodston Community Centre and Fellowes Gardens Residents Association.

Item	Discussion and Actions	Action
1. Apologies	An apology for absence was received from Councillor Lee.	
2. Declaration of Interest	None.	
3. Minutes of previous meeting	<p>The minutes of the meeting held 5 July 2012 were agreed as a true and accurate record, subject to the following:</p> <ul style="list-style-type: none"> • Adding Councillor Walsh to the list of those present; • Removing Councillor Serluca's name from Stanground Central <p>Updates on items were circulated by the Neighbourhood Manager at the meeting and were also shown on a rolling presentation at the meeting.</p> <p>Democratic Services to review the invitations list to ensure it is up to date.</p>	Dem Servs
4. Youth Forum	<p>The Committee received a presentation from Harriet, Tyler and Kiran from the South Forum, a group of young people from Stanground, Fletton and Woodston.</p> <p>The following key points were highlighted:</p>	

	<ul style="list-style-type: none"> • The Forum's last project was going door to door with surveys to gain local opinion on a section of funding that had been allocated to Park Farm. They also had spoken to young people from the Stanground Academy. • Once the information had been gathered the Forum chose relevant park equipment which had now been installed in Park Farm. • Positive feedback from the project had been received, including a teacher from Heritage Park Primary School saying it was good to see so many children playing on the new park equipment. • The Forum felt that the equipment had been very beneficial to members of Park Farm and hope that the equipment would be maintained for future generations. • The Forum hoped to be involved in another project in the near future that would also benefit young people in the same way. <p>Comments and responses to questions included:</p> <ul style="list-style-type: none"> • Councillor Walsh commended the Forum on undertaking a very successful job. • Lisa Emmanuel advised that a similar project would be happening in Oakdale and asked the Forum if they would like to get involved in the project. 	
<p>5. Matters for Committee Decision</p>	<p>Neighbourhood Committee Budget 2012/13</p> <p>The Neighbourhood Committee considered a report on the proposals for allocating the committee's capital budget of £25,000 for 2012/13.</p> <p>The Neighbourhood Committee were asked to consider and approve the following:</p> <ol style="list-style-type: none"> 1. The proposals for allocation of the capital budget of £25,000 for 2012/13; 2. The proposals which would receive an allocation of the budget; 3. A reduction in the individual allocations should the approved proposals exceed the £25,000 budget, to be determined by the Neighbourhood Manager; and 4. The Neighbourhood Manager would be responsible for determining the final detail of the project in consultation with Ward Councillors and other relevant parties. <p>The following project had been proposed by Members for approval:</p> <ul style="list-style-type: none"> • Stanground Central – Coneygree Road Vergeway Improvements – estimated £25,000 <p>Comments and responses to questions were as follows:</p> <ul style="list-style-type: none"> • Councillor Rush explained that part of the vergeway in Coneygree Road had already been improved and the proposal was to make improvements from the junction with Southfields Drive to near 168 Coneygree Road. The project would be looking at parking and trying to stop speeding traffic. It would 	

improve the area greatly.

- Councillor Serluca sought confirmation that all of the Committee's budget allocation was being spent in Stanground Central. Lisa Emmanuel confirmed that it was as no other proposals had been put forward. The request had been made during the last three months and a draft had been circulated to all members of the committee for comment.
- Luke Pagliaro asked what would happen to the £25,000 if a decision was made not to spend it on the Coneygree Road project. Lisa Emmanuel confirmed that a review of the process would be needed which would lead to a delay of around three months.
- Councillor Walsh asked for clarification as to whether the process used to allocate the funding had been undertaken correctly. The proposed allocation had stood unopposed for three months and other areas had already had money spent in them, including a major regeneration project at Fellowes Gardens. Lisa Emmanuel confirmed that when developing the proposal she had taken into account where other monies were being spent in the area, e.g. Park Farm Play Area, Fellowes Gardens regeneration. The Coneygree Road project was also a priority within the Highways Team.

Following a discussion in groups, the Committee agreed, by a majority (4 for and 2 against):

1. the proposals for allocation of the capital budget of £25,000 for 2012/13;
2. the proposal which would receive an allocation of the budget would be:
 - Stanground Central – Coneygree Road Vergeway Improvements – estimated £25,000
3. to a reduction in the individual allocations should the approved proposals exceed the £25,000 budget, to be determined by the Neighbourhood Manager; and
4. that the Neighbourhood Manager would be responsible for determining the final detail of the project in consultation with ward councillors and other relevant parties.

Reasons for the decision:

The budget assigned to Neighbourhood Committees was assigned specifically to spend on projects which addressed priorities from the communities for each Neighbourhood Committee area. To enable the £25K to be spent within this financial year Members were asked to bring forward capital spend projects which helped to meet some of these emerging priorities. This active Member involvement ensures the money was spent on the most appropriate projects to benefit communities.

The identified areas of spend are targeted within the Stanground Central Ward as Stanground East and Fletton & Woodston wards have benefitted from investment this year for both youth facilities and regeneration within Fellowes Gardens. Allocating the full budget to two of the highest community priorities (parking issues and addressing anti-social behaviour and crime) will ensure more

	<p>visible rewards result from this decision.</p> <p>Alternative options considered:</p> <p>Not to spend the money. This would lead to proposed local projects not receiving funding</p>	
<p>6. Matters of Interest to the Committee</p>	<p>a) Roll out of New Food Waste Bins</p> <p>Richard Oldfield from Enterprise Peterborough gave an update on the roll out of the new food waste bins. The new bins were an integral part of raising recycling targets within the city and would be collected weekly. The roll out would begin on Tuesday for six weeks. The new bins were expected to save £300,000 a year in landfill costs when the scheme was fully up and running.</p> <p>Responses to questions and comments included:</p> <ul style="list-style-type: none"> • Councillor Serluca congratulated Enterprise on the project but asked if Richard could confirm that residents would have to buy the bags for the new bins. Richard confirmed that they had checked in Peterborough and most supermarkets stocked the bags. The bags needed to be biodegradable. • Councillor Serluca asked for clarification as to whether tea bags could also go in the bin. Richard confirmed that both tea bags and loose tea could go in the bins. The only thing that could not was liquids such as yoghurt. • Councillor Serluca advised that she shredded a lot of her paperwork. Could shredded paper be put in the green recycling bin? Richard confirmed that shredded paper caused a problem at the sorting centre and should be put inside something, such as a box or envelope. • Chris York asked where the AD plant the waste would be going to was and what impact would it have on the council's carbon emissions targets. What would the gate fees be at the AD plant? Richard advised that the plant was in Northampton. Enterprise had not been part of the decision making process but he was aware that the carbon footprint had been taken into account, however it would not be viable to build a plant in Peterborough. He did not know what the gate fees would be. • A number of residents advised that they had received no information about the new service, including the labels which had been put on bins. Richard advised that he would feed back that not everybody had seen the information and ask the agency to deliver the leaflets again. • Councillor Serluca asked about the 6.45am time for bins being out in the street for collection. Richard advised that that had always been the case. Due to the new service the rounds had been reconfigured and some timings would need to change. The rounds would also be reviewed in a few months time. 	<p>RO</p>
	<p>b) Future of the Green Backyard</p> <p>Andrew Edwards, Head of Growth & Regeneration and Richard Hodgson, Head of Strategic Projects updated members on the</p>	

	<p>progress made on the future of the Green Backyard. The council had been working with the Green Backyard on the long term options for its future. A meeting would be held next week with the Leader and the Green Backyard about the way forward.</p> <p>Comments and responses to questions included:</p> <ul style="list-style-type: none"> • Councillor Thulbourn asked whether a decision had been made to move the Green Backyard as moving them would set them back many years. They had made a real difference in the area. Andrew advised that no decision had yet been made and the meeting next week would look to identify a way forward. • Sue Schofield asked when young people would get feedback so that they can be involved in the decision making. Andrew advised that they had already got a good feel for the support for the Green Backyard. A lot of information had already been received and they would provide feedback once a decision had been made. • Luke Pagliaro asked why relocation was being considered. Andrew advised that it was about ensuring the long term future and sustainability for the Green Backyard. • Councillor Walsh stated that she was aware of the importance of the Green Backyard and it was important that opportunities were not lost if they had to move. Andrew confirmed that the council recognised the contribution made. Some of the structures on the site had to be relocated due to the cabling with an electricity company. 	
8. Open Session	<p>Members of the public and elected members were given the opportunity to raise any issues affecting their area.</p> <p>Comments and responses to questions included:</p> <ul style="list-style-type: none"> • Luke Pagliaro advised that he was aware of a number of comments being made on how clean the streets used to be compared to now. Did Richard Oldfield think that this was a fair assessment? In response Richard confirmed that he did not think that it was a fair assessment. The streets were cleansed every couple of week but there were a number of hotspot areas. There had been challenges with the growth of shrubs this year. • Alan Clark advised that the residents of Fellowes Gardens had been told by one of the workmen that the work would not now be completed until December. No updates had been received. Lisa Emmanuel stated that the contractor had today said that they were on target. Newsletters did also go out from Cross Keys Homes. Maureen Lazaretti from Cross Keys confirmed that updates had been issued every 6-8 weeks and one was due in the next two weeks. • Councillor Serluca advised that there was an issue of people knocking on doors up to 9pm, the latest being the British Heart Foundation. Lisa Emmanuel confirmed that this could be addressed by Trading Standards who could contact the British Heart Foundation as it was in effect cold calling. 	

	<ul style="list-style-type: none"> • Councillor Thulbourn stated that there were not enough football pitches in the area and a number of football teams had not been able to get up and running. At least five teams had stopped running in the area and gone to the other side of the city. • A resident asked if the traffic lights by the Peacock pub had CCTV as there was a problem with cars jumping red lights. 	
9. Next Meeting	Wednesday 16 January 2013 at the Stanground Polish Club.	

Meeting Closed 9.20 pm

ACTIONS

DATE	ACTION	WHO?	STATUS
17 October 2012	Review invitation list.	Louise Tyers
