Ref application for Alcohol licence made by Co-op food group at Ex Texaco site in Oundle Rd.

To whom it may concern I view with dismay the above application for an alcohol licence at a possible new store on the said site.

I cannot see why we need another outlet for alcohol on Oundle Road. We already have the Garden Arms and Batalph arms pubs close by as well as Budgens food store selling Alcohol.

I also note that the store wishes to open at 6 am to 11 pm. This will only serve to encourage the drinking of alcohol in the bus shelter opposite thus causing nuisance to local inhabitants

I also fail to see why we need another store of any sort in the area.

I appreciate the site is an eyesore at present

a store would only serve to provide more litter as was the case when Texaco ran the site. We also hope and pray that if the store is built there is no ATM cash machine outside the store.

I would have thought it was common sense to build houses, not a store where delivery vehicles would add to the twice daily traffic deadlock on Aundler Rd especially during school term time.

I realise I have wandered from the alcohol license request but pedestrian and childrens safety ought to be paramount.

Yours sincerely

Dear Sir. I am objecting to planning application for an alcohol license at the site of the proposed Co op store on the Oundle Road. There is a grassed area opposite where children play ball games and within a 3min. 400yard walk a children's playground which has an alcohol banning order displayed.

In the past there were a lot of problems with the drinking of alcohol at the playground and the police were called regularly to remove people from the playground and confiscate the alcohol.

Local residents on an almost daily basis had to clear broken bottles, fast food rubbish and even human faeces from the area.

The council had to repair play equipment and replace fencing on many occasions. Since there has been no nearby alcohol outlet the problems have disappeared and the playground is enjoyed by many children.

It is of great concern that with the granting of this license there will again be problems and with police resources stretched to the limit nobody available to be called on in the event of trouble sincerely
