

Rural Vision and Parish Charter 2015

Background

Peterborough is made up of a total of 24 wards, five of these wards can be considered rural, under the ONS definition which defines areas as rural if they are outside of settlements with more than 10,000 resident population. These wards are Glinton and Wittering, Newborough, Northborough, Eye and Thorney, and Barnack. (In May 2016 the wards will become Glinton & Castor, Wittering, Barnack and Eye, Thorney & Newborough.)

In Peterborough, approximately 12% of the population can be considered as living in a rural ward.

A Sense of Place.

- Our rural area is made up of...
- 5 Wards
 - 23 Parishes
 - 21,776 residents = 12% of total Population
 - 26,307 Hectares = 77% of total Land Mass
 - Growth in population over last 10 years of 2,678 people (10% of overall city's growth)

The rural areas and villages of Peterborough are valued as an important asset now and for the future of Peterborough. They have strong independent local identities and sense of heritage and belonging, choosing to retain their rural way of life, supported by their own social and economic structure (e.g. schools, church, pubs, small businesses), enabling their communities to be viable long term and to evolve.

Peterborough's rural communities, including boundary urban/rural areas offer countryside of great natural beauty, open landscapes, accessible green spaces rich in wildlife and areas and buildings of historical interest for the benefit of all. They offer viable places to live and work, visit and enjoy – for their communities and the people of Peterborough and beyond.

Conserving this unique heritage will be an important part of the future development of Peterborough, contributing to our wider ambitions to 'grow the right way' and be recognised as the national environment capital.

Sustainable Community Strategy

Peterborough's sustainable community strategy aims to deliver a bigger and better Peterborough through improving the quality of life for all.

The vision and priorities are to:

- Create opportunities, tackle inequalities
- Create strong and supportive communities
- Create the country's environmental capital
- Deliver substantial and sustainable growth

All policies, procedures and strategies that form part of the overall community strategy will have a direct or indirect relevance for rural issues. This vision and supporting Parish Charter will direct that all existing and emerging policies, procedures and strategies are '*rural proofed*' to ensure the implications for rural communities are an integral consideration in their development and delivery.

Ownership and governance for the Rural Vision and Parish Charter for Peterborough

A strong rural voice is vital to ensure that the challenges and opportunities facing rural areas are managed in a way that both supports and empowers rural communities and the people who live and work in them.

A Rural Vision and Strategy for Peterborough was originally developed in 2008 by a working group comprising Parish representatives, the Cambridgeshire and Peterborough Association of Local Councils (CAPALC) and the Greater Peterborough Partnership (GPP). The aim was to develop a long term and sustainable framework for engaging the rural communities.

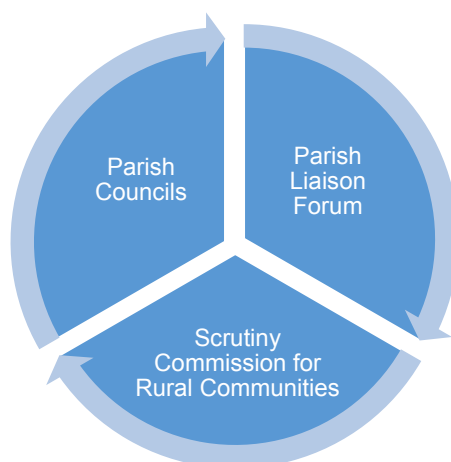

Today all Parish Councils in Peterborough have the regular opportunity via the Parish Liaison Forum to network with peers, share information and best practise and identify and embrace opportunities for working together to address mutually common themes that impact across all areas.

The Parish Liaison Forum now also have a working sub group with a remit to:

- Plan and prepare the agenda for the quarterly Parish Liaison meetings, ensuring these networking opportunities provide educational and informed items of interest and benefit
- Plan and prepare the Annual Parish Conference
- Support and promote the exploration of local interest groups to establish new Community Councils in unparished areas of the city
- Support and promote the role and opportunities of Parish/Community Councils in the current living and working environment
- Develop and implement the Rural Vision and Parish Charter

The Rural Vision will be delivered via the Parish Councils, communities, and the statutory, voluntary sector, and wider civil society sectors, all of whom will be encouraged to adopt the vision, supporting action plan and the Parish Charter.

Up to 4 representatives of the Parish Liaison Forum are co-opted to the Council's Scrutiny Commission for Rural Communities. This governance structure represents the mutual agreement for the City Council to work in partnership with the Parish Councils so that services are delivered more efficiently and meet the needs of the rural communities.

Parish Charter for Peterborough

Foreword

Peterborough City Council recognises the significant role that Parish Councils have in the lives of Peterborough's diverse communities.

This Charter has been developed in partnership with Peterborough's Parish Councils and represents a mutual agreement to improve joint working between the city council and Parish Councils so that services are delivered more efficiently and meet the needs of the local community.

Cllr Nigel North, Cabinet Member for Communities and Environment Capital.

Parish councils have long been independently providing services to their communities. They have revenue raising powers to fund projects and the provision of services for the benefit of their residents.

With central government's declared aim of dramatically reducing their financial contribution to local authorities it is time for parishes to cooperate better amongst themselves and with Peterborough City Council. In this way we can try to mitigate the effects of the cuts and continue to meet the needs of our communities.

The Rural Vision and Parish Charter are an important step towards effective collaboration in local government.

1. Introduction

The Peterborough Parish Liaison Forum, which comprises all Parish Councils in Peterborough, together with the Peterborough City Council have agreed to publish this Charter, which sets out how they aim to work together for the benefit of local people.

The Charter is designed to support parishes in retaining their distinctiveness while providing a framework that ensures opportunities are embraced and the need to build the ability to withstand external forces is recognised.

Peterborough City Council acknowledges the important role that Parish Councils play as the first tier of local government. Peterborough City Council believes that Parish Councils can be very effective by influencing and shaping the decisions that affect their communities in the following ways:

- ❑ They offer a means of devolving certain services and of revitalising local communities
- ❑ They can represent the views of their area and effectively influence the development of policies and services
- ❑ They can provide valuable feedback on how Council services are working in their area and how changes in policy are likely to affect the local community

Peterborough City Council wishes to strengthen and maintain the relationship with Parish Councils and the local communities they serve in a spirit of partnership and consultation. In turn, Parish Councils recognise the strategic role of Peterborough City Council and that they have to achieve a fair distribution of services across the city as a whole.

This Charter sets out the broad principles upon which Peterborough City Council and Parish Councils will work together. All parties agree to develop and support a process for how the relationship will work in practice.
