6. LEGAL OFFICER'S COMMENTS

- 6.1 The Licensing Authority (hereafter referred to as "the Council) is charged with implementing the provisions of the Licensing Act 2003. This is an application for a review of a premises licence following the application by Trading Standards (Responsible Authority) to review the premises licence made under section 51 of the Licensing Act 2003.
- 6.2 In this case, the application was received at these offices on 28 August 2017.

6.3 The application before this committee will consider –

- (i) The application to review the licence,
- (ii) Any relevant representations

6.4 The committee will take such of the steps as it considers that action is appropriate for the promotion of the licensing objectives. The steps are –

- (a) to modify the conditions of the premises licence
- (b) to exclude a licensable activity from the scope of the licence
- (c) to remove the designated premises supervisor from the licence
- (d) to suspend the licence for a period not exceeding three months, or
- (e) to revoke the licence

and for this purpose the conditions of the licence are modified if any of them is altered or omitted or any new condition is added.

6.4 In addition the guidance issued under section 182 of the Licensing Act 2003 states:

‘The licensing authority may decide that the review does not require it to take any further steps appropriate to promote the licensing objectives. In addition, there is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. It is expected that licensing authorities will regard such informal warnings as an important mechanism for ensuring that the licensing objectives are effectively promoted and that warnings should be issued in writing to the licence holder. However, where responsible authorities such as the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing – that have failed as part of their own stepped approach to concerns, licensing authorities should not merely repeat that approach and should take this into account when considering what further action is appropriate.’
