

RECOMMENDATION MONITORING REPORT 2019/20

APPENDIX 1

HEALTH SCRUTINY COMMITTEE

Meeting date Recommendations Made	Portfolio Holder / Directorate Responsible	Agenda Item Title	Recommendation Made	Action Taken	Progress Status
18 September 2019	Director of Public Health	BEST START IN LIFE STRATEGY AND CHILDREN'S PUBLIC HEALTH SERVICES	The Health Scrutiny Committee RECOMMENDED that a letter be sent to the Local MP's asking them to lobby the Secretary of State for Health for an increase in the Public Health Grant for Peterborough.	A letter to the two local MP's asking them to lobby the Secretary of State for Health for an increase in the Public Health Grant for Peterborough had been sent on 18 Dec 2019	Complete
7 January 2020	Director of External Affairs & Policy, Cambridgeshire and Peterborough Clinical Commissioning Group / Chief Executive, North West Anglia NHS Foundation Trust	NORTH WEST ANGLIA NHS FOUNDATION TRUST - WINTER PREPARATIONS 19/20	The Health Scrutiny Committee considered the report and RECOMMENDED that the pilot scheme currently being used at Hinchingsbrooke Hospital was progressed further and implemented at Peterborough City Hospital.	Update from CCG – 27/2/2020 The 111 pilot at Hinchingsbrooke remains ongoing and as such, our evaluation of the effectiveness of the model has not yet concluded. We have multiple phases to the pilot designed to understand the most effective and efficient method of delivery. Our plan remains to complete the initial pilot at Hinchingsbrooke and review the evidence base before entering into conversations with system partners, as part of the urgent care collaborative, on whether the model can be adopted	Ongoing

				<p>long term at all relevant NWAngliaFT sites. The model requires quite a lot of training to establish appropriate rotas and as such isn't suitable for a quick 'lift and shift' approach. If we believe that this is the right approach moving forward, then there will need to be system investment in building the 111 workforce who can deliver this across multiple sites.</p> <p>As an alternative, and to support Peterborough City Hospital through the winter period, we have put in place a nurse-led streaming model in the Emergency Dept at PCH. Patients are reviewed on arrival to ED and, if appropriate for primary care see and treat and / or other services, are then assessed and streamed by an Advanced Nurse Practitioner. While the Advanced Nurse Practitioners are not able to directly book into GP appointments, they are able to offer alternative advice on self-care, redirect to other urgent treatment centre facilities or recommend routine GP follow up as appropriate. This came into effect at the end of January, is supported by winter monies and is intended to run until the end of March. This has supported the trust to maintain its A&E four hour waiting time performance for minor injuries, with the trust achieving the standard in January and February to date.</p>
