### 4. BACKGROUND AND KEY ISSUES

- 4.1 As of 31 May 2021 there were 362 children in the care of the local authority; of these:

- 4.2 133 children were placed with foster carers who work for Peterborough City Council (in house).
- 4.3 134 children were in foster care and placed with independent fostering agencies (IFAs) outside of the city boundaries. The agency works with the Local Authority on a contractual basis to provide foster placements.
- 4.4 22 post 16 years olds were living on their own (independent living) but still classed as CLA with an allocated Social Worker. Independent living assists the young person with the transition to leaving care. These young people are supported by our Leaving Care Service.
- 4.5 18 children were placed with family or friends' carers (connected person). These carers are formally assessed in the same way that our other in-house carers are assessed and are presented to the Fostering Panel for approval in the way. They are paid the same level of allowances as other in-house foster carers.
- 4.6 3 children were living with their parents but are still considered 'looked after' because they are subject to a full care order so the Council still shares parental responsibility with the birth parent. Placements with parents are often made pending a plan for reunification with the parent and in some cases will result in an application for care orders to be revoked.
- 4.7 10 children were placed for adoption.
- 4.8 37 children and young people (without disabilities) were placed in residential educational care that provides intensive support in a residential setting. These placements are most usually made when it is clear that foster care is not sufficient to meet the child or young person's needs. Residential care is nearly always accessed by adolescents and only rarely used for younger children in very special circumstances.
- 4.9 There were 4 children (with disabilities) placed in specialist residential care.  
1 young person was placed in a secure unit.
