The Adults and Health Scrutiny Committee considered the report and <b>RECOMMENDED</b> that the Director of Adult Social Care conduct some analysis and modelling based on the WHO (what, how and outcome) principle in relation to the Adult Social Care system to look at what is causing the complexities and blockages, how they could be resolved, what is the desired outcome and when could any improvements and changes be implemented.</p>	<p><b>Response From the Director of Adult Social Care:</b></p> <p><i>The Adult Social Care Recovery Plan is describing the health and social care system and broader public services and acknowledges that the system is complex and is sometimes impenetrable. The paper also goes on to describe the work on Think Communities and the development of an Integrated Care System as the solution. 			<p>2. The Adults and Health Scrutiny Committee <b>RECOMMENDED</b> that the Chair write to the local MP's requesting that they lobby central Government to push for greater devolved powers and funding for Peterborough.</p>	<p><b>Response from the Chair:</b></p> <p><i>Having discussed this recommendation with the Director of Adult Social Care and the Cabinet Member for Adult Social Care, Health and Public Health the Chair was advised that PCC was in regular contact with central government about the funding position for the Council and in regular dialogue about how this could be improved. The Chair has therefore considered this recommendation and decided that a letter is not necessary at this moment in time as a result of these discussions. However, the Committee would continue to monitor the situation and if in time see no further evidence of this current work proving successful, would revisit this recommendation and agree a future course of action.</i></p>	Ongoing
