Key Facts about Peterborough and District

Peterborough is a modern and progressive city with a strong historical character that makes it a stimulating environment in which to live, work and visit.

In the 2011 Census, Peterborough had a population of approximately 183,000, with an approximate population of 203,600 in 2018. Compared to neighbouring districts and for the East of England and England as a whole, ONS estimates show that Peterborough has seen the strongest growth in population between 2011 and 2018 of 9%. The wider sub-region, in which Peterborough is the economic centre, has a population of approximately 6,201,210 people in 2018 in the East of England region.

Neighbouring districts that look towards Peterborough as a key economic centre include Fenland, Huntingdonshire, South Holland, South Kesteven, East Northamptonshire and Rutland.

Today, Peterborough is one of the fastest growing cities in the country with a vibrant private sector delivering record job growth in recent years. The city enjoys an unrivalled strategic location in the East of England. It is only 45 minutes from central London and within striking distance of the region's other great cities being well served as it is by airports, rail and road links.

The city owes much of its increasing fortunes in recent years to a city council that focuses on three key areas for its people – prosperity, education and quality of life.

Peterborough continues to invest in regeneration, infrastructure and accessibility, with projects within the city centre and the outskirts. This creates a vibrant mix of activities and premises catering for a multi-cultural city, offering a wide range of facilities to residents and visitors.

There are over 1330 licensed drivers, approximately 112 licensed hackney carriage vehicles (taxis), and over 849 licensed private hire vehicles and 69 operators.

Peterborough city council recognise the vital and important role that hackney carriage and private hire vehicles, drivers and operators play in an integrated transport system. They provide services in situations where other forms of transport are either not available such as rural areas, late night economy or for persons with mobility difficulties.

On the 24th of July 2019, at a meeting of Peterborough City Council's Full Council, members unanimously declared a climate emergency and agreed to make the Council's activities net-zero carbon by 2030. The motion commits the Council to achieve 100 percent clean energy across its buildings and services by 2030 and ensuring that **all** strategic decisions, budgets and approaches to planning decisions are in line with a shift to zero-carbon across the entire city by 2030.

The council's strategic priorities are:

- Drive growth, regeneration and economic development
- Improve educational attainment and skills
- Safeguard vulnerable children and adults
- Implement the Environment capital agenda
- Support Peterborough's culture and leisure trust Vivacity
- Keep all our communities safe, cohesive and healthy
- Achieve the best health and wellbeing for the city

SECTION 1

1. Introduction

Policy Purpose, Status and Scope

- 1.1 The purpose of this policy is to provide guidance and information regarding the general approach taken by Peterborough City Council, when administering its functions within the legislative framework of the 1847 and 1976 Acts. It has traditionally exercised these responsibilities through a number of sets of conditions, byelaws, guidelines and procedures which have been developed and adopted over the years. It is widely considered best practice to create a unified policy that brings together all of these procedures and documents in one overarching policy.
- 1.2 This policy does not override the legal requirements embodied in any primary or secondary legislation in force at the time of adoption or as may be enacted after the adoption of this policy. Where there are any subsequent changes made to the applicable legislation, or its interpretation by the courts that conflict with this policy, the conflicting elements shall not apply and will be amended at the earliest opportunity.
- 1.3 The legislation places a duty on the council as the licensing authority for licensing hackney carriage and private hire vehicles, drivers of those vehicles and operators of those vehicles. The licensing authority understands the importance and responsibility it has in ensuring that licensed vehicles in the district are safe, comfortable, properly insured and available where and when required, and that drivers are fit and proper to undertake the role. This policy and the imposition of conditions found in the appendix documents are considered appropriate to address all these aspects.
- 1.4 The primary focus when administering its functions are public safety, safeguarding and wellbeing.
- 1.5 In exercising its discretion in carrying out regulatory functions, the council will have regard to this policy and appendices, statutory guidance and best practice.
- 1.6 In formulating this policy, consideration has been given to local circumstances and requirements, the DfT best practice guidance March 2010, the DfT Statutory Taxi & Private Hire Vehicle Standards Guidance (July 2020) issued under section 177(1) of the Policing and Crime Act 2017, and IoL Guidance on determining the suitability of applicants and licensees in the hackney and private hire trades (April 2018).
- 1.7 Every decision, application and enforcement action will be considered on its own merits.
- 1.8 The council may depart from this policy if merited, but will provide clear and compelling reasons for doing so.
- 1.9 This policy is not a comprehensive statement of the law, applicants should always obtain their own legal advice if they are unsure of the requirements of legislation.
- 1.10 It must be noted that vehicles and drivers licensed by different local authorities can be used for private hire purposes within this district. These vehicles and drivers are not subject to compliance with the conditions applied by this authority. But must still comply with their own local authority conditions and the general law.

Consultation and Revision

- 1.11 The council consulted with stakeholders prior to the adoption of this policy, and will do so for the further continuation and development of the policy.
- 1.12 This policy and appendices will be kept under review and revised as appropriate and in any event, not less than every five years. The council expects licence holders to comply with its terms and conditions.

- 1.13 The council will keep the policy and appendices under review and will consult where appropriate on proposed revisions. Appendices and sections of the policy may be updated and amended by the licensing committee after consultation without the whole policy being consulted upon.
- 1.14 The initial policy took effect on 26 July 2017, when it was adopted by Full Council, therefore it must be subject to review and consultation prior to July 2022.
- 1.15 The consultation will take place between Friday 28 January 2022 to Friday 25 March 2022, with those listed in paragraph 1.17. All consultation responses will be given due consideration when determining the final policy.
- 1.16 The consultation draft policy will be made freely available on the council's website and main council buildings. There will be a public notice in the local newspaper advising of the consultation and period.
- 1.17 Consultation takes place with the following:
- Peterborough Hackney Carriage Representatives
 - Taxi and private hire drivers and proprietors
 - Peterborough private hire operators
 - Peterborough City Council Councillors
 - Parish Councillors
 - Passenger Transport
 - Local Children's Safeguarding
 - Police Chief Constable
 - Peterborough Chamber of Commerce
 - Groups representing disabled people
 - Campaign for Better Transport
 - Neighbouring Licensing (Local) Authorities
 - General public

(And other bodies and groups that the Licensing Authority consider appropriate)

- 1.18 The Licensing Committee will fully consider all responses to the consultation at a meeting TBA, then recommend to full council at a meeting TBA to adopt the amended policy. Where the adoption of this policy results in a process change, this will be implemented at the earliest opportunity.

The Licensing Regime – General overview

- 1.19 The primary legislation applicable is the Town and Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976. Vehicles used for hire and reward which accommodate a maximum of up to eight passengers, drivers of those vehicles and operators of private hire vehicles are regulated by the above legislation. Vehicles which accommodate more than eight passengers are classed as Public Service Vehicles (PSV) and are not covered by the legislation or this policy. The council has no involvement in the licensing of PSV's, they are the responsibility of The Traffic Commissioner.
- 1.20 Any person who carries out hire and reward work without the correct licences, would be breaking the law and therefore would not have valid insurance. This can have serious consequences for all parties involved, if an accident or incident occurs.
- 1.21 In order to be licensed correctly the licenses must 'match', i.e. issued by the same local authority. A hackney carriage vehicle and the driver must be licensed by the same local authority. For private hire, the operator, driver and vehicle must be licensed by the same authority. This does not prohibit the operator subcontracting a booking to another operator licensed by a different local authority.
- 1.22 The legislation places a duty on the local authority to only licence those who are considered to be 'fit and proper'. The term 'fit and proper' is not defined in legislation therefore the widest interpretation will apply.

- 1.23 The legislation allows local authorities to set their own conditions, requirements and application processes. Which means that each local authority's requirements and conditions are different. However the DfT Statutory Guidance (issued under section 177(1) of the Policing and Crime Act 2017) to which licensing authorities must have due regard, aims to set minimum standards to directly address safeguarding of the public.
- 1.24 The aim of the legislation is to ensure that the public have reasonable access to these services and to ensure the public are protected. Public safety is paramount and has a wide scope, it includes public safeguarding, protecting vulnerable persons and public wellbeing. To achieve the aim of the legislation and having due regard to the guidance issued by the Secretary of State, Peterborough City Council have set conditions and processes in place, which promote well run, safe and responsible businesses.

Applicant and Licence holders responsibilities

- 1.25 Other general law is also applicable such as the Road Traffic Act, Health and Safety at Work Act, the Health Act, the Equality Act etc. This is not a definitive list and not all applicable legislation is enforced or regulated by the council. Peterborough City Council expects licence holders to ensure that they keep up to date and comply with all applicable legislation pertaining to their roles.
- 1.26 All licence holders (proprietors, operators and drivers) shall co-operate with any reasonable request made by an Authorised Officer.
- 1.27 All renewal applications must be submitted to the Council prior to the date of expiry of the existing licence. If a licence holder fails to submit a fully complete application to renew before the date of expiry of the licence, they will be required to apply as a new application and meet all the requirements. The Council will only consider a late renewal in exceptional cases R (on the application of Exeter City Council) v Sandle [2011] LLR480, in which case the renewal date will be from the date of expiry of the previous licence. The Council will accept licence renewals from 28 days before the date of expiry.
- 1.28 Licence holders must ensure that they are correctly registered with HMRC for tax purposes. From April 2022, licence applications for drivers (hackney carriage and private hire) and operators licenses will be subject to the requirements of the Finance Act 2021. The Licensing Authority is legally required to share information with HMRC and cannot consider a renewal application, until confirmation from HMRC has been obtained that applicant(s) are correctly registered for tax purposes.
- 1.29 In order to assist the determination of an applicant's 'fit and proper' status, all applicants are required to provide a valid DBS check. The level of DBS required is determined by the type of application. Operators and Proprietors (who are not also licensed drivers) will be required to provide an annual basic disclosure. All licensed drivers must provide an Enhanced DBS and barred lists check, maintain continuous registration with the DBS update service and authorise the licensing authority to routinely check for new information.
- 1.30 As the DBS cannot access criminal records held overseas, all applicants who have spent an extended period (six months or more) living or working outside the UK since they were 18 years of age, will be required to submit a 'Certificate of Good Character' or criminal record(s) information, for each Country they lived or worked in for six months or more. Further information on applying for overseas criminal record information or 'Certificates of Good Character' can be found in the Home Office guidance. (see link below)
- <https://www.gov.uk/government/publications/criminal-records-checks-for-overseas-applicants>

- 1.31 All licence holders must notify the licensing department within 48 hours of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence, including speeding offences.

Role of Hackney Carriage and Private Hire Trade and the difference between them

- 1.32 The council recognises the importance of hackney carriage and private hire vehicles, drivers, proprietors and operators. They play an essential role in the provision of local transport for those who have difficulty getting about on public transport, those enjoying the night time economy, taking children to school etc., and are vital in helping to maintain a healthy local economy. They can often be the first contact for a visitor to the local area.
- 1.33 Whilst the general public do not always know the difference between a hackney carriage and a private hire vehicle, and often refer to both as taxis, there are significant distinctions in law, on how they are allowed to operate. However, both have equal importance.
- 1.34 Within the district in which a hackney carriage vehicle (and driver) are licensed, they are available for immediate hiring, they can be hailed (or flagged) in the street, can wait on a rank and be approached directly by a member of the public i.e. 'ply for hire' in public places. They are not required to be booked via an operator. They must display a fare card within the vehicle which shows the current maximum fares to be charged as set by the local authority. In law, these are allowed to be called 'taxis' or 'cabs', and are sometimes also referred to as Black or London Cabs. Hackney carriages licensed by another local authority who operate within this district cannot ply for hire or wait on ranks. They may however be used for private hire purposes, i.e. carry out pre-booked journeys.
- 1.35 A private hire vehicle is not allowed to accept direct bookings from the public. They can only accept bookings from a licensed operator, they cannot operate independently, i.e. without a licensed operator. They cannot be hailed in the street or wait on ranks. If a private hire driver accepts a fare which has not been pre-booked through a licensed operator, they are committing an offence and potentially driving without valid insurance. The fares charged are not regulated by the authority, but must be agreed with the operator at the time of booking. Although, within district, where a private hire vehicle has a taximeter fitted, the fare charged cannot be more than would be charged by the taximeter fare. They are not allowed to use the term 'taxi' or 'cab' but may be called 'minicabs'.
- 1.36 In determining if a vehicle is being used for private hire purposes and needs to be licensed, the council will have regard to the guidance issued by DfT. See link below.
https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/3985/phv-licensing-guidance.pdf
- 1.37 The conditions set by this council require both hackney carriages and private hire vehicles to display the licence plate on the rear of the vehicle. A hackney carriage vehicle is required to display a white plate and a private hire vehicle must display a yellow plate, unless exempted. All licensed vehicles are required to display a sign identifying the vehicle licence number in the top left hand side of the windscreen, unless exempted private hire.

The Cambridgeshire & Peterborough Local Transport Plan

- 1.38 In developing this policy due regard has been given to the Cambridgeshire & Peterborough Local Transport Plan to ensure consistency and development for a sustainable future. The council encourages the uptake of electric and ultra-low emission private hire vehicles and taxis where possible. Electric charging points have been installed in various locations and development of these is ongoing.
- 1.39 Peterborough do not have a set limit for hackney carriage vehicles, this ensures that taxis and private hire vehicles are readily available for passengers in Peterborough. The conditions set by this council are aimed to ensure licensing standards result in a high level of service and that vehicles offer a safe and comfortable journey.

- 1.40 Training for all new drivers is in place. All new applicants must pass the taxi competency course provided by Peterborough Regional College and any other training as prescribed by the licensing authority in relation to disability awareness, safeguarding and County Lines.
- 1.41 The licensing department have regular contact with hackney carriage representatives to support the improvement and development of taxi ranks.
- 1.42 Further information on the local transport plan can be found on the council website. See link below <https://cambridgeshirepeterborough-ca.gov.uk/wp-content/uploads/documents/transport/local-transport-plan/LTP.pdf>

Passenger Transport

- 1.43 To become an approved operator for children's transport, please call the Passenger Transport Team on 01733 747474

Information sharing

- 1.44 The council works in partnership with many other enforcement agencies such as the Police, HM Revenue and Customs, the Home Office, DVSA, Department of Work and Pensions, NAFN NR3, benefit fraud etc. The council will share information with other departments or regulatory bodies including other Licensing Authorities where appropriate. The council is legally required to provide information if requested, pursuant to a criminal offence, or to detect fraud, or immigration offences.
- 1.45 The legislation also requires local authorities to maintain a public register.
- 1.46 The council will work with neighbouring authorities and report to them any relevant matters that relate to their licence holders.

Decision making

- 1.47 Each application and enforcement action will be determined on its own merits. Determination of applications will be made in accordance with this policy, the council's constitution, statutory guidance, common law precedent and industry best practice. Officers have delegated powers, but may also refer certain matters to the licensing committee if appropriate.
- 1.48 Enforcement actions will be in accordance with this policy, the council's enforcement policy and the Regulators' Code 2014.
- 1.49 Any person who has been refused a licence, or has had their licence revoked or suspended, or who believes that the imposition of a condition is unfair, may appeal to the magistrate's court within 21 days of being given the decision. Except in the case of a refusal to grant a Hackney Carriage proprietors (vehicle) licence, in which case the appeal is directly to Crown Court.

Immigration Act – all licences

- 1.50 The council has a statutory obligation to ensure that applicants have the legal right to work in the UK prior to issuing a licence. The issuing or refusing of licenses will be undertaken in accordance with the requirements of the Immigration Act 2016 with due regard to Home Office guidance.
- 1.51 The council takes this responsibility seriously and has checks in place to ensure compliance with the Act, and will liaise where required with relevant Home Office departments. If however, a licence has been issued incorrectly for whatever reason, the licence ceases to have effect if the person does not have the right to work in the UK. Any licence which has expired due to the person's immigration status must be returned to the council within 7 days.
- 1.52 A licence may be suspended or revoked or refused to be renewed if, since the grant of the licence

there has been a conviction of an immigration offence or a requirement to pay an immigration penalty.

- 1.53 Proprietors and operators also have an obligation to ensure that they only utilise persons who have the right to work in the UK. Failure to observe this obligation, or to provide due diligence checks, will be subject to enforcement action by the appropriate Home Office department, which may result in a civil penalty or imprisonment and loss of licence.

Policing And Crime Act 2017

- 1.54 The council will give full regard to the guidance issued by the Secretary of State regarding the protection of children, and vulnerable individuals who are 18 or over, from harm. The revised policy includes amendments in line with the DfT Statutory Taxi & Private Hire vehicle Standards July 2020. If any future changes to the guidance affect any parts of this policy or related appendices they will be amended at the earliest opportunity.
- 1.55 The Statutory guidance recommends adoption of several best practice minimum standards, in order to better protect children and vulnerable adults and by extension, the wider public, when using taxis and private hire vehicles. Some of these best practices were already in place, however, the following are now also incorporated;
- Mandatory requirement for licensed drivers to maintain subscription to the DBS update service and allow the licensing authority to make enquiry checks with DBS
 - Annual basic DBS disclosure requirement for proprietors and operators, who are not also licensed drivers
 - Checking and reporting to NAFN NR3 (see Appendix M)
 - Mandatory safeguarding training, including county lines, for all licensed drivers and operators.
 - Requirement for all licence holders to notify the licensing authority within 48 hours of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence.
 - Requirement for all applicants who since the age of 18, have spent an extended period (i.e. six months or more) outside the UK, to provide a Certificate of Good Character or criminal record(s) information.
 - Revisions to the Guidelines Relating to the Relevance of Convictions
 - Operators to maintain a register of staff, have sight of a basic DBS for staff on the register and provide a copy of their policy on employing ex-offenders.

SECTION 2

2 General provisions for hackney carriages and private hire vehicles

Vehicles General

- 2.1 Peterborough city council has not set a limit for the amount of hackney carriage vehicles it will licence. There is no provision for the council to limit the amount of private hire vehicles it licences.
- 2.2 Proprietors (who are not also licensed drivers) must provide a basic DBS disclosure with their application and annual renewal. Where the proprietor of the vehicle is a company or partnership, a basic DBS will be required for all directors, partners, secretary, etc. and any other persons with significant control. Proprietors who have not resided continuously in the UK since they were 18 years old, i.e. have spent an extended period (six or more continuous months) outside the UK, will be required to submit a Certificate of Good Conduct or criminal record information, from each Country applicable.
- 2.3 The maximum duration of a vehicle licence is one year, this is a requirement of legislation. However, a vehicle licence can be renewed up to the age at which it will be de-licensed as specified in the relevant appendices.
- 2.4 If a renewal application has not been received at the end of the vehicle's licensed period, the vehicle cannot be used for hire and reward purposes. Any vehicle which has not renewed before the expiry

of the licence, will be classed as de-licensed, and will be required to apply as a new vehicle and meet the required age and specification criteria for a new vehicle. Exceptions may be made, in exceptional circumstances (see paragraph 1.27).

- 2.5 An application for a vehicle renewal must be submitted to the Licensing Authority, prior to the expiry of the existing licence and prior to having the vehicle tested. The appointed testing station will not release a renewal plate, unless a fully complete vehicle renewal application (including fee), has been confirmed as received and determined by the Licensing Authority.
- 2.6 It is the responsibility of the vehicle owner to ensure that renewal applications, paperwork and mechanical tests are carried out in a timely manner to avoid the unnecessary burden of a vehicle being de-licensed.
- 2.7 Once a vehicle is licensed as either a private hire vehicle or a hackney carriage vehicle it remains a licensed vehicle until it is de-licensed. This means that these vehicles can only be driven by licensed drivers. The only exception to this is where an applicant is undertaking a test, or the vehicle is being tested e.g. driven by a garage mechanic.
- 2.8 Therefore any other person who is not a licensed driver themselves, are not permitted to drive licensed vehicles, even when the vehicle is considered 'off duty'. Any insurance policy which provides insurance for a licensed vehicle to an unlicensed person, is likely to be invalid and in any case, will not be accepted by the Licensing Authority. Insurance policies are usually invalid if the insured is knowingly breaking the law by driving the vehicle.
- 2.9 Vehicles which accommodate more than 8 passengers cannot be licensed as a hackney carriage or private hire vehicle.
- 2.10 The council has set conditions applicable to the testing requirements, internal and external specifications, of the vehicles it will licence. These can be found on the appendices attached, Appendix C for private hire vehicles and Appendix A for hackney carriage vehicles. There is a separate set of conditions applicable for Limousine and speciality vehicles, licensed as private hire vehicles, which can be found at Appendix F. These appendices also provide detail on vehicle specification, design, vehicle age limits, types of vehicles etc. that may be licensed.
- 2.11 This authority does not allow 'duel plating' of licensed vehicles. No vehicle will be granted a licence if it is licensed in another district. Any vehicle found to be licensed by another authority will have the licence suspended or revoked.
- 2.12 The council has set these conditions as the minimum standards to ensure that the public travel in safe, comfortable and roadworthy vehicles. All vehicles must also conform to the M1 type approval and construction and use regulations. Vehicles which are not M1 type approved, (e.g. N1) must provide VIVA (Voluntary Individual Vehicle Approval) documentation confirming conformity and safety of alterations and updated V5C to correlate.
- 2.13 Whilst each application will be determined on its own merits, it is unlikely that the council would licence a vehicle which did not meet the licensing standards and specifications. Where a vehicle proprietor wishes to licence a vehicle which did not meet the specifications and standards, they are encouraged instead to put forward a case for modification of the standards.
- 2.14 All vehicles must provide adequate heating and ventilation systems for the driver and passengers. Passengers must be able to operate the windows independently.
- 2.15 All expired plates must be returned to the council or retained by the appointed testing station upon renewal.
- 2.16 All licensed vehicles must comply with the requirements of the Health Act 2006 and display a no smoking sign. Drivers are reminded that it is against the law to smoke or allow someone to smoke in a licensed vehicle at any time. For the avoidance of doubt, the council also forbids the smoking of electronic cigarettes and vaping in licensed vehicles, whether by the driver or passengers

Appearance

- 2.17 Vehicles must be safe, comfortable, the passenger compartments must be clean and dry including upholstery, without rips or tears or sharp protrusions. Proprietors, drivers and operators must ensure that the vehicles they utilise, meet the expectations of this council and the travelling public.
- 2.18 The exterior of the vehicle must be reasonably clean to ensure that passengers can get in and out of the vehicle without fear of getting their clothing dirty with dust, oil, mud and other road debris. Drivers are also reminded to ensure that the licence plate and registration plate remain clean and visible.
- 2.19 Any vehicle damage that materially affects the safety, performance, appearance, or the comfort of the passenger must not be used for hire and reward purposes, until the vehicle has been suitably repaired.
- 2.20 All licensed vehicles must display the licence plate on the outside at the rear of the vehicle, unless it is a private hire vehicle and has been granted a plate exemption certificate.
- 2.21 The licence plate must be securely fixed to the outside of the vehicle, in such a manner that the plate is not obscured from view by fixtures or fittings, and the plate does not obscure the vehicle registration plate. The plate must also be able to be easily removed by an authorised council officer or police officer.
- 2.22 All licensed vehicles (except private hire vehicles which have been granted a plate exemption certificate) must display a sign identifying the vehicle licence number in the top left hand side of the windscreen (as viewed from inside the vehicle). The approved sign provided by the council must be fitted internally, in such a manner that the sign can be clearly viewed from outside the vehicle. The sign shall be capable of being removed by a constable or authorised officer or the council should the licence be suspended or revoked.
- 2.23 The council will not permit any advertising which it considers inappropriate, therefore all advertising, (except for the operator name and telephone number), on or in vehicles must be approved prior to being placed on or in the vehicle.
- 2.24 Private hire vehicles must display on the rear passenger doors in a prominent location, permanently affixed (not magnetic) door signage. This signage must state 'Private hire vehicle – insurance invalid unless pre-booked with operator'.
- 2.25 All signage relating to hire and reward (including door signage, company insignia etc.) must be removed from the vehicle, whenever it is sold or transferred outside Peterborough's licensed trade, or delicensed.

Age policy

- 2.26 The council must ensure that the vehicles it licenses are fit and safe for the purpose they are licensed for, with consideration to reliability, environmental impacts, passenger comfort, and the need to sustain a high quality of licensed vehicles.
- 2.27 Therefore there are various age restrictions and testing requirements applicable for vehicles it will licence. There are conditions regarding the maximum age a vehicle will be initially licensed, the age at which six monthly tests are required, and the age at which a vehicle will be de-licensed, and they are different for private hire, hackney carriages, speciality and limousine vehicles and by fuel type and vehicle emissions.

The table and information provided below is a guide, but please refer to the appropriate appendices attached.

Vehicles which are Petrol, Diesel (and other non ULEV or ZEV)

	Hackney carriage	Private hire
Maximum age at time of first being licensed	3 years old	4 years old
Maximum age limit beyond which the vehicle will not be licensed	12 years old	9 years old
Age at which the vehicle will be subject to six monthly inspections	6 years old	6 years old
Age at which the vehicle will be Subject to Critical testing criteria	10 years old	8 years old

Vehicles (both Hackney Carriage and Private Hire) which are ULEV (Ultra-Low Emission) or ZEV (Zero Emission) will be subject to the following age restriction criteria:

	ULEV	ZEV
Maximum age at time of first being licensed	8 years old	17 years old
Maximum age limit beyond which the vehicle will not be licensed	15 years old	18 years old
Age at which the vehicle will be subject to six monthly inspections	8 years old	8 years old
Age at which the vehicle will be Subject to Critical testing criteria	12 years old	12 years old

For the purposes of the above, a vehicle is considered to be ULEV or ZEV if:

	ULEV	ZEV
Vehicle Type:	It is a plug in Hybrid (PHEV), or Extended Range Electric Vehicle (E-REV)	It is Battery Electric, or Hydrogen Fuel Cell, or Electric
V5C document details:	Taxation class = ALTERNATIVE FUEL CO ₂ (g/km) = 75g/km (or less)	Taxation Class = Alternative Fuel or Electric CO ₂ (g/km) = 0g/km

It is the Council's ambition that at the next policy review in December 2024, all newly licensed vehicles will need to be either Zero or Ultra-low emission.

Insurance

- 2.28 It is the responsibility of proprietors, operators and drivers to ensure that they are properly insured at all times. Insurance provided by operators to cover their fleet and drivers is usually only valid when drivers are driving for that company. If drivers work for multiple operators, all parties must ensure that appropriate and valid insurance is in place to avoid an inadvertent criminal offence.
- 2.29 Applications for new or renewal of a vehicle licence will require submission of proof of valid insurance which covers the vehicle and driver for hire and reward purposes. The vehicle proprietor and the driver must ensure that valid insurance is maintained at all times. It is considered best practice for proprietors and or drivers to keep copies of expired insurance policies for a reasonable period of time in case of any retrospective claims.
- 2.30 Insurance policies for a licensed vehicle which contain named drivers who are not also licensed drivers, will not be accepted. (see paragraph 2.8)

Safety equipment

- 2.31 All licensed vehicles must have a suitable and efficient fire extinguisher and first aid kit containing appropriate first aid dressings and appliances. Such equipment must be in date and carried in such a position in the vehicle as to be readily available and visible for immediate use in an emergency.

CCTV in licensed vehicles

- 2.32 The installation of CCTV in licensed vehicles can be both a deterrent to would-be troublemakers and be a source of evidence in the case of disputes between drivers and passengers, other incidents and accidents. If fitted correctly, it can assist the police and insurance companies with their investigations.
- 2.33 The installation of CCTV in licensed vehicles is not imposed as a condition. Whilst the council understands the benefits to the trade, as well as to passengers, and encourages its use in licensed vehicles, it is left to the judgement of the proprietors, drivers and operators to determine.
- 2.34 Where drivers, proprietors and operators have considered it appropriate to install CCTV in their vehicles as a safeguarding measure, they must notify the council prior to installation. They must be registered with the ICO and comply with all aspects of data protection and CCTV codes of practice. Further information can be found on the following link [.https://ico.org.uk/](https://ico.org.uk/)
- 2.35 CCTV must be professionally installed to ensure no interference with other equipment, in such a manner that it does not increase the risk of injury or discomfort to the driver and passengers, or affect any other safety system or in any way breach the motor vehicle construction and use regulations. It must be regularly checked and maintained, be openly overt and the vehicle must display the required signage.
- 2.36 CCTV must not be used to record conversations of the travelling public as it is highly intrusive. Some systems have a driver panic button which if activated does record sound, this should only be used in extreme circumstances, such as in response to a threat of physical violence.

Maintenance of vehicles

- 2.37 It is expected by the council and the travelling public, that all vehicles over three years old are serviced in accordance with the manufacturer's requirements or at least annually. Licensed vehicles have high usage and mileage and it is in the public interest, as well as the drivers, to ensure that vehicles are properly maintained.
- 2.38 Maintenance is a key factor with any vehicle and it's good practice for all commercial vehicles to be part of a planned preventative maintenance programme, where all vehicles are routinely serviced to ensure safety and quality. The council expects this level of commitment from drivers and operators. It should be noted that the 12 monthly and 6 monthly tests carried out by the testing centre, is to confirm a level of safety and quality, rather than highlight to the driver what maintenance needs to be carried out.
- 2.39 Vehicles which present to the councils appointed testing station with multiple faults on multiple occasions which demonstrate that the vehicle is not being appropriately maintained, may be subject to 3 mechanical tests annually (every 4 months) to ensure public safety.

Vehicle testing

- 2.40 The law requires all vehicles to have a yearly MOT test. However, as licensed vehicles provide a service to the public and have more usage, wear and tear, it is appropriate to subject these vehicles to a more stringent and enhanced test than the standard MOT test. Prior to licensing any vehicle, it must have passed this enhanced test at the council's appointed testing station.
- 2.41 Once a vehicle has passed this enhanced test and provided all required documentation, the council will issue a Certificate of Compliance (CoC), which stands in place of an MOT certificate. An MOT

certificate will not be issued, this means that the vehicle will not show as having a valid MOT on the national recognised database.

- 2.42 If licence holders wish to obtain an MOT in addition to the CoC test, they may do so. But will still be subject to the CoC testing requirements and frequency of testing, at the council's appointed testing centre, as detailed in this policy and appendices attached.
- 2.43 The appointed vehicle testing station is Aragon, based at Nursery Lane, Fengate, Peterborough PE1 5BG. All fees payable for vehicle testing must be paid directly to Aragon. Any complaints regarding vehicle testing should be made directly to Aragon.
- 2.44 The council considers it appropriate to require all vehicles of a certain age, to be subject to a six monthly vehicle test at the appointed testing station. This is to ensure that, as the vehicle gets older, it still meets the required standards applied by this council, and the law regarding vehicle emissions.
- 2.45 Vehicles must be presented for vehicle testing at the appointed testing station. Proprietors and or drivers, must book these appointments themselves directly with Aragon. They must make sure that they organise the tests sufficiently in advance to ensure that the vehicle remains compliant with the vehicle testing requirements set out in the conditions (i.e. yearly or six monthly).
- 2.46 It is an offence to use on a public road a vehicle of testable age that does not have a current certificate of compliance, except when:
- Taking it away from the testing station after it has failed the test
 - Taking it to or bringing it away from a place where by previous arrangement repairs are to be or have been made to remedy the defects for which the vehicle was failed
 - Taking it to the testing station for a test booked in advance.
- Even in the above circumstances you may still be prosecuted for driving an unroadworthy vehicle if it does not comply with the various regulations affecting its construction and use.
- 2.47 Vehicles which have failed the vehicle test must not be used for hire and reward work, until the vehicle has been re-presented to the testing station and been passed as fit for use and is licensed.

Accidents

- 2.48 Any accident that causes damage which materially affects the safety, performance, appearance, or the comfort or convenience of the persons carried therein, must be reported to the council as soon as reasonably practicable, and in any case within 72 hours. Failure to report an accident within the given timeframe is an offence.
- 2.49 The driver involved in the accident must provide details to the licensing department of how, where and when the accident occurred. The damage to the vehicle must be assessed by an officer, where the vehicle is not capable of being driven, photos must be taken and given to the licensing department with the vehicle's licence plate and a vehicle suspension notice will be issued.
- 2.50 Drivers, proprietors and operators are advised that the council may be contacted by insurance companies to verify an accident damage report and details provided.
- 2.51 Vehicles which have sustained damage may apply for a temporary replacement vehicle whilst the vehicle is being repaired. The replacement vehicle will carry the same licence number as the damaged vehicle, therefore the licence plate for the damaged vehicle must be given back in order for the temporary plate to be released. Replacement vehicles must first be passed as fit for service by the council's appointed testing station and must meet all the other requirements and standards applicable. There is a separate application form and fee payable for this service and the reinstatement of the plate.

Taximeters

- 2.52 All hackney carriages licensed by this authority are required to have a working taximeter fitted in the

vehicle, some private hire vehicles are also fitted with a taximeter. Where a taximeter is fitted, it must be calendar controlled, must not be set at a higher fare than the current maximum fare as agreed by the council. The taximeter must be sealed by a person authorised by the authority.

- 2.53 Within district, if a vehicle is fitted with a taximeter it must be used when conveying passengers, the fare demanded cannot be more than that shown on the taximeter. If a fare has been quoted and agreed and is less than the fare shown on the taximeter, the quoted lesser fare must be charged. (The current fare card is attached at Appendix J)

Transfer of ownership of the vehicle

- 2.54 If a proprietor wishes to transfer ownership of a licensed vehicle, they must complete the required application, providing full details of the new owner of the vehicle as soon as practically possible, and in any case within 14 days. A proprietor who fails to give such notice, without reasonable excuse, is guilty of an offence.

Accessibility of vehicles

- 2.55 An accessible public transport system where people with disabilities have the same opportunities to travel as other members of society is the aim of this council. The council expects that proprietors, drivers and operators give full consideration to the service they provide to ensure they provide service to all members of society without discrimination.
- 2.56 The council is committed to social inclusion and ensuring a wide variety of opportunity is available to all residents to enjoy a high quality of life. It is recognised that making door to door journeys easily and on-demand is crucial to social inclusion for disabled people.
- 2.57 All hackney carriages licensed by this council are designated for the purposes of section 165 of the Equality Act 2010, wheelchair accessible vehicles (WAV) and appear on the maintained list under section 167 of the 2010 Act. This is to ensure that people with disabilities are able to hire the vehicle on the spot with the minimum delay or inconvenience.
- 2.58 Private hire vehicles which meet the criteria (ability to carry a passenger in their wheelchair) will be designated and added to the 167 published list. Exemptions will be considered on a case by case basis.
- 2.59 Drivers of designated vehicles are required to perform duties to assist passengers and must not refuse or charge disabled persons more than a non-wheelchair user for the same journey.
- 2.60 Section 165 of the Act sets out the duties placed on drivers of designated wheelchair vehicles. The duties are:
- To carry the passenger while in the wheelchair;
 - Not to make any additional charge for doing so;
 - If the passenger chooses to sit in a passenger seat, to carry the wheelchair;
 - To take such steps as are necessary to ensure that the passenger is carried in safety and reasonable comfort, and
 - To give the passenger such mobility assistance as is reasonably required.

The Act then goes on to define mobility assistance as assistance:

- To enable the passenger to get into or out of the vehicle;
 - If the passenger wishes to remain in the wheelchair, to enable the passenger to get into and out of the vehicle while in the wheelchair;
 - To load the passengers luggage into or out of the vehicle;
 - If the passenger does not wish to remain in the wheelchair, to load the wheelchair into or out of the vehicle.
- 2.61 Drivers of designated vehicles (who are not exempt) who fail to comply with the section 165 requirements will be committing an offence which will be taken particularly seriously.

- 2.62 All licensed drivers must ensure that no extra charges are applied for conveying persons with disabilities.
- 2.63 All licensed vehicles must convey assistance dogs for no additional charge. It is a breach of the Equality Act to refuse to carry an assistance dog, unless the driver has applied for and been issued an exemption certificate. (Further information on exemption certificates and notices can be found in section 3.75 to 3.80)
- 2.64 The council encourages all private hire operators to include wheelchair accessible vehicles amongst their fleet and to ensure that no additional costs are levied by them or their drivers, for conveying disabled passengers or assistance dogs.
- 2.65 Private hire vehicles fitted with a tail lift for wheelchairs, must provide a valid LOLER (Lifting Operations Lifting Equipment Regulations) certificate of compliance to prove that the tail lift has been tested and checked to the required standards and must be retested every six months as per HSE (Health and Safety Executive) requirements.

Funeral and wedding vehicles

- 2.66 There is no requirement for a vehicle to be licensed as a private hire if it is being used in connection with a funeral, or is being wholly or mainly used by a person carrying on the business of a funeral director for the purpose of funerals.
- 2.67 There is no requirement for a vehicle to be licensed as a private hire while it is being used in connection with a wedding.

Speciality Vehicles and Limousines

- 2.68 Limousine and speciality vehicles are generally used for special occasions such as anniversaries, stag and hen parties, prom nights, etc. and may be vintage, specialist, or stretched vehicles.
- 2.69 Limousine and speciality vehicles used for the purpose of hire and reward are required to be licensed as private hire vehicles and all bookings must be made via a licensed operator.
- 2.70 These are specialist types of vehicles with their own set of conditions, in addition to the standard conditions. Where there is any inconsistency between the standard conditions and these specialist conditions, then these specialist conditions shall prevail. The conditions can be found at Appendix F.
- 2.71 The council strongly recommends that anyone wishing to purchase and licence a speciality vehicle or limousine, contacts the licensing team prior to purchase, to ensure that the vehicle will meet the conditions applied. Each application will be determined on its own merits.

Critical failure

- 2.72 The council has an essential testing criteria for vehicles which have reached a certain age. The essential testing criteria are items which the council considers to be critical areas of a vehicle test, e.g. steering and suspension, brakes, exhaust emissions etc. This is considered a major failure and can indicate that regular preventative maintenance has not been carried out, or if it has, it has not been effective. See Appendix H for testing criteria for vehicles which have reached the standard age limit.
- 2.73 If a vehicle fails a mechanical test on one or more of these critical items the vehicle will be automatically suspended and the vehicle must not be used. The vehicle may be repaired and re-presented to the testing station within 30 days for retesting. If the vehicle passes the mechanical test within 30 days the suspension notice will be lifted and the vehicle may be relicensed.
- 2.74 If the vehicle does not pass the mechanical test within 30 days it will be de-licensed.

- 2.75 Vehicle emissions are tested and checked on mechanical inspections. Vehicles will only pass the mechanical inspection, if the vehicle emissions continue to meet the defined criteria as set out in the V5 vehicle registration log book.

Private hire exemption to display licence plate etc.

- 2.76 The council recognises that there is a specialist market for the use of unmarked hire and reward vehicles. For example, executives who wish to give the appearance of using a chauffeur driven car, or who require an unmarked vehicle for security reasons. Such customers will expect these vehicles to be prestige high specification vehicles and will also expect the driver to be smartly dressed either as a chauffeur or in a business suit with collared shirt and tie.
- 2.77 The ability to exempt a vehicle from displaying the licence plate only applies to private hire vehicles, it does not extend to hackney carriages which must display their plates at all times.
- 2.78 Prestige high specification private hire vehicles which carry out contract work such as executive bookings etc. may apply for an exemption certificate, which exempts that vehicle from the requirement to display the vehicle licence number in the windscreen, Part 1 and Part 2 notice, the licence plate and door signage. It also exempts the licensed driver from wearing his badge, however the driver must carry his badge with him so that it is immediately available. The vehicle will still be issued with a licence plate, which must be affixed within the boot of the vehicle. Insurance which covers the driver and vehicle for hire and reward purposes must still be maintained.
- 2.79 Vehicles which have been issued with an exemption certificate must not be used for general daily private hire work. Exempted vehicles found to be carrying out standard private hire work will be subject to enforcement action and the exemption certificate may be revoked.
- 2.80 Exempted vehicles must not display any advertisements, signage, logos, or insignias advertising the operating company inside or outside the vehicle.
- 2.81 Operators and proprietors who wish to apply for an exemption certificate must complete the application form, pay the required fee and provide sufficient supporting documentation to establish the vehicle will be solely used for executive bookings. Where issued, an exemption certificate renewal date will coincide with the renewal of the private hire vehicle licence.
- 2.82 There are extra conditions applicable to exempted vehicles, in addition to the standard conditions. Where there is any inconsistency between the standard conditions and these extra conditions, then these extra conditions shall prevail. The extra conditions can be found at Appendix I.
- 2.83 If an exemption certificate has been issued and the vehicle will no longer be utilised solely for executive type bookings, the certificate must be surrendered and returned to the council. If the vehicle is still licensed, it must then display the vehicle licence number in the windscreen, Part 1 and Part 2 notice, the plate and door stickers as required by the conditions for private hire vehicles.

Required information to be displayed inside all licensed vehicles – Part 1 and Part 2 notice

- 2.84 Members of the public who have cause for concern, or who wish to complain about a journey in a licensed vehicle, will need some information about the driver or vehicle which conveyed them in order to progress their complaint or report their concern.
- 2.85 Whilst licensed vehicles display their licence plate which contains identifying details, these are displayed on the outside of the vehicle. Members of the public do not routinely get the information off the licence plate prior to getting into a licensed vehicle. If they have a problematic journey, they may attempt to get the information, but this can be difficult if it is late at night or the vehicle quickly drives away.
- 2.86 Also, whilst licensed drivers are required to wear their licence badge, which contains their information,

a passenger may feel it too confrontational to request to see the driver's badge, especially if they have had a difficult journey.

- 2.87 In order to protect the public and to allow customers to correctly identify and report either a driver or a vehicle which caused concern, the council has determined that certain information must be displayed inside all licensed vehicles, (except for exempted (executive) private hire vehicles) in the form of a Part 1 and Part 2 notice.
- 2.88 A Part 1 notice must contain the following information and must be displayed in a conspicuous unobscured place which can be easily read by a passenger travelling in the rear and front of the vehicle;
- the proprietor of the vehicle,
 - the telephone number where a customer can make a complaint, report a concern, or comment positively e.g. Should you wish to comment positively or negatively on any aspect of your journey today, please call (insert telephone number)
 - the vehicle registration number, and
 - the vehicle licence plate number.
- 2.89 A Part 2 notice must be displayed alongside the Part 1 notice and must contain a photograph of the driver of the vehicle and the driver's licence number in a conspicuous unobscured place which can be easily read by a passenger travelling in the rear and front of the vehicle. See Appendix L
- 2.90 By requiring the display of a Part 1 and Part 2 notice inside all licensed vehicles, the customer is fully empowered to easily report issues or concerns. It will also assist proprietors and operators to quickly identify the vehicle and driver utilised in order to address the complaint or concern reported.

SECTION 3

3. General provisions for hackney carriage and private hire drivers

Drivers general

- 3.1 The council can only licence drivers that it considers are 'fit and proper' to hold a licence, and that the applicant is not disqualified by reason of their immigration status. There is no definition or general test that determines whether or not a driver is deemed 'fit and proper' to hold a licence. It is a matter of judgement for the licensing authority in order to assess any risks or concerns, taking into consideration such matters as the applicant's integrity, honesty and previous character. Previous convictions and cautions are taken into account as well as other information.
- 3.2 Therefore the council will require applicants and licence holders to undertake several checks and tests to establish their suitability to be considered 'fit and proper' to either be, or remain licensed.
- 3.3 Applicants and existing licence holders are required to share information held about them by various bodies, such as DVLA, the police, medical information, right to work, immigration status, etc. The council can request any information it deems may be relevant to determine their fit and proper status. This may include checking a driver's prior history with this or any other council, use of NR3, using intelligence from the police or any other regulatory authority as appears relevant.
- 3.4 In order to be eligible to apply to be a licensed driver, an applicant must have held a valid full GB driving licence (or equivalent as defined by DVLA) for a minimum of 12 months. Therefore the minimum age a person could be eligible to apply is 18 years old. There is no maximum age, so long as the applicant still meets the full criteria.
- 3.5 In order to be a licensed driver an applicant must:
- Submit a signed completed application form with fee,
 - Provide a tax check code (required from 4 April 2022),
 - Provide proof of right to work in the UK,
 - Complete and pass the taxi competency course provided by Peterborough Regional College,

- Provide a satisfactory enhanced DBS with barred list check and sign up and maintain registration with DBS update,
- Provide a DVLA check,
- Provide group 2 medical report,
- Provide a recent passport type photo,
- Undertake and pass the approved Safeguarding training, and
- Pass the driving assessment test.

- 3.6 All new and renewal driver (and operator) applicants will be required to undertake mandatory safeguarding and County Lines training, as prescribed by the licensing authority prior to making an application. Existing drivers and operators will also be required to undertake mandatory training. A licence will not be renewed if the training has not been completed within an appropriate timeframe. Licensed drivers are required to attend refresher training every three years and provide proof of pass attendance with their renewal application.
- 3.7 Drivers licenses are generally issued for a three year duration. They may be issued for a lesser period if appropriate, e.g. the applicant's right to work is of a shorter or limited duration. They may also be renewed, however, if a licensed driver fails to renew prior to the date of expiry of the existing licence, they will be required to apply as a new driver and meet all the requirements. Exceptions may be made in exceptional circumstances. (see paragraph 1.27)
- 3.8 In accordance with the tax conditionality requirements within the Finance Act 2021, from 04 April 2022, all **new** driver applicants are required to confirm that they have read and understood HMRC's published guidance in relation to their tax obligations.
- 3.9 In accordance with the tax conditionality requirements within the Finance Act 2021, from 04 April 2022, all driver applicants seeking to **renew** their licence are required to complete a HMRC tax check to confirm that the individual or company has been appropriately registered for tax and that the income from the licensed activity has been reported on a tax return. This is also a requirement for any driver licensed with another licensing authority that is seeking to be licensed with Peterborough City Council. The Licensing Authority must receive confirmation that the applicant has completed a tax check before they are able to make a determination on any application.
- 3.10 It is the responsibility of the driver to ensure they apply for their renewal with all relevant supporting original documentation in good time to avoid any unnecessary burden.
- 3.11 It is important that drivers notify the council within 48 hours, of any significant changes which occur after their licence has been granted. Such as change of name or address, or email address or telephone number, change of immigration status, changes in their physical or mental health which may affect their driving ability, all convictions, cautions or arrests, DVLA penalty points etc. or any other matter which may question their fit and proper status,
- 3.12 All licensed drivers are required to wear their drivers badge whilst working as a licensed driver. Failure to comply is an offence under the 1976 Act and local byelaws. Drivers are reminded that the driver's badge remains the property of Peterborough City Council, all expired, surrendered or revoked badges must be returned to the council.
- 3.13 This council issues two types of licences for drivers, a hackney carriage driver licence and a private hire driver licence. The driving assessment test for hackney carriage drivers is more rigorous. Therefore a hackney carriage driver may drive a private hire vehicle, but a private hire driver cannot drive a hackney carriage vehicle.
- 3.14 Private hire drivers may apply to become hackney carriage drivers, they will need to submit the required application and fee and pass the enhanced test.

Suitability of driver

- 3.15 Licensed drivers will come into contact with vulnerable people, drivers are expected to assist

passengers with luggage, shopping etc., they will be driving for prolonged periods of time, and will have access to sensitive information, therefore the council must fully assess an applicant's suitability prior to and after issuing a licence.

- 3.16 Consideration of suitability includes character and patterns of behaviour and are not limited to incidents which occur whilst the driver is 'on duty'. Conduct or behaviour which may indicate that the safety and welfare of the public may be at risk, will also be taken into account when assessing their fit and proper status. For new applications, the onus is on the applicant to satisfy the council that they are 'fit and proper'.
- 3.17 The council requires applicants to fulfil certain criteria to ensure that the public are protected and drivers are able to provide the service which is expected of them.
- 3.18 Applicants will be required to undertake and provide an Enhanced DBS (Disclosure and Barring Service) with barred list check and a medical health check to the DVLA group 2 standard, and share information held by DVLA and other licensing authorities upon new and renewal applications.
- 3.19 Applicants for new and renewals, who fail to report or declare an offence, or other relevant matter, will be taken particularly seriously. As it deliberately prevents the authority from taking into account that information in protecting public safety. It also shows a blatant breach of conditions and will go toward consideration of suitability and their fit and proper status.

Application process

- 3.20 Applicants must fully complete an application and provide the relevant paperwork required and fee. Where supporting documentation is required to be submitted, only the original document will be accepted, not photocopies or photographs of the original. Applicants who deliberately fail to declare or who make false statements on the application form or during the application process, may be subject to legal action if it constitutes fraud.
- 3.21 Applicants must be able to prove their immigration status and that they have a right to work in the UK.
- 3.22 New applicants must complete and pass the Taxi Competency Course delivered by Peterborough Regional College and prescribed Safeguarding and County-Lines training.
- 3.23 Applicants who have criminal convictions, may submit an enquiry with the enhanced DBS and barred list check for consideration, prior to taking the college course, medical check and driving assessment test. The convictions and cautions will be assessed and the applicant will be provided with an indicative decision. This does not prohibit the applicant from submitting a full application for a formal determination.
- 3.24 When an applicant has fulfilled all the application criteria, they will be required to take a driving assessment test, to assess driving ability, safety, control of the vehicle, awareness of controls within the vehicle, and local Knowledge, without the use of satellite navigation equipment.

Convictions, cautions and related matters

- 3.25 In considering fit and proper, the council will take into consideration any prior convictions and cautions. Therefore, all applicants are required to undertake and submit an Enhanced DBS with barred list check. This check will detail all criminal convictions and cautions including those that are spent, and other relevant matters which may be held by the police about them. It does not prove an applicant's right to work.
- 3.26 The council uses an external provider called GB Group (First Advantage) to process the DBS certificates. Applicants are responsible for completing these checks and must register and apply online via the GB Group (First Advantage) website. After registering and completing the online process, applicants are required to print off the completed form and take it to a post office with the relevant identification and original documentation required. Applicants are also responsible for the

payment of the appropriate fee in order to complete the issuing of the DBS certificate. DBS certificates must be no older than 3 months at the time of application.

- 3.27 All licensed drivers are required to maintain continuous registration with the DBS update service and provide authorisation in order to enable the licensing authority to routinely check for new information in accordance with statutory guidance and where there is reasonable cause for doing so.
- 3.28 Due to the type of work performed by licensed drivers, they do not fall under the Rehabilitation of Offenders Act. This means that what would be considered as spent, under the Rehabilitation of Offenders Act, are still taken into consideration when determining applications for licensed drivers.
- 3.29 Where convictions or cautions appear on a DBS, it is not the place of the council to go behind the existence or reason of that conviction. Whilst mitigating circumstances may have applied at the time of the conviction, the council cannot re-try the conviction. Depending on the offence committed, applicants may be able to demonstrate that it was a 'one off', they acted out of character, so is unlikely to be repeated. Each application will be determined on its own merits.
- 3.30 Applicants who have not resided continuously in the UK since they were 18 years old, i.e. have spent an extended period (six or more continuous months) living or working outside the UK, will be required to submit a Certificate of Good Conduct or criminal record information, from each Country applicable, in addition to the Enhanced DBS certificate.
- 3.31 The existence of a criminal conviction or caution does not necessarily preclude an applicant from obtaining a driver's licence. Conversely, the absence of any convictions or cautions does not mean that an applicant will be licensed. Each application will be determined on its own merits.
- 3.32 The National Anti-Fraud Network has developed a national register of taxi and private hire driver licence refusals and revocations known as NR3. The licensing authority provides information to NR3, a mechanism for licensing authorities to share details of individuals who have had a hackney carriage or private hire drivers licence revoked, or an application refused. This is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the licensing authority, that is, assessing whether an individual is a fit and proper person to hold a hackney carriage or private hire driver licence.
- 3.33 It is a mandatory part of applying for or renewing a hackney carriage or private hire driver licence to disclose information on applications made and licences granted, refused or revoked by another authority. All applicants will have their details checked against the register, and any relevant information taken into account in assessing the application. Where an application is refused, or where a licence is granted but subsequently revoked, this information will be entered into the register. Further information is contained in the policy on the use of the National Register of Taxi Licence Revocation and Refusals (NR3) attached at Appendix M
- 3.34 Further information is contained in the guidelines relating to the relevant of convictions / cautions in relation to taxi licensing attached at Appendix G.
- 3.35 Whilst each application is determined on its own merits, some offences are of such a serious nature that it is unlikely that a licence would be issued. Such as crimes resulting in death, exploitation and indecency offences relating to sexual assault or rape.
- 3.36 Under Common Law Police Disclosure (CLPD) the police can share information regarding a licensed driver even before conviction if there is a 'pressing social need'. This ensures that where there is a public protection risk, the police will pass information onto a regulator body to allow swift actions to mitigate any serious safeguarding risk. The CLPD replaced the Notifiable Occupation Scheme which was withdrawn in March 2015.
- 3.37 It is a requirement for licensed drivers to notify the licensing department of any cautions, convictions, arrests, immigration offences, road traffic offences such as speeding, or any other relevant matters criminal or civil, which may question their fit and proper status, that occur during or after the licence

has been issued. In such circumstances, licensed drivers must notify the licensing department within 48 hours of an arrest and release, charge or conviction.

- 3.38 If it comes to the attention of the council that a licensed driver has failed to notify the council of relevant matters which occur during or after the licence has been issued, it will be taken particularly seriously. It shows a propensity towards dishonesty and questions the fit and proper status of the licence holder.

DVLA

- 3.39 As driving is the predominant aspect of a licensed driver, the council needs to consider if applicants hold a valid driving licence and if the licence holder has been issued any penalty points.
- 3.40 As the paper counterpart of the driving licence was abolished in June 2015, applicants and licensed drivers will be required to share information held about them by DVLA via an online process.
- 3.41 Applicants and licensed drivers are required to register online with the DVLA share my licence portal, and provide the access code to the council with their application and upon request. The access code will provide the council with information regarding penalty points etc. As the access code is only valid for a limited duration, drivers may be contacted and requested to provide another code, to enable progression of their application.
- 3.42 As the DVLA share my licence portal can only check driving licenses issued in Great Britain (England, Wales and Scotland) applicants who hold an acceptable equivalent driving licence, (as defined by DVLA) will need to convert it to a GB driving licence prior to application.
- 3.43 Consideration of penalty points and driving offences will be made in accordance with the guidelines relating to the relevance of convictions / cautions in relation to taxi licensing which can be found at Appendix G

Medical Requirements

- 3.44 It is essential that licensed drivers are in good health as they are expected to carry passengers' luggage, will drive on the road for longer periods than most car drivers, and may need to assist disabled passengers. The council must be satisfied that the drivers it licenses are sufficiently fit to undertake the tasks expected of them.
- 3.45 Being a licensed driver is a demanding role, safe driving requires the involvement of vision, hearing, attention, concentration, perception, good reaction time, judgement, coordination, muscle power and control etc. Therefore various body systems need to be functional for safe driving.
- 3.46 Due to the length of time an occupational driver (hackney carriage and private hire) spends at the wheel, it is appropriate to have more stringent medical checks and standards than those applicable to normal car drivers.
- 3.47 The DVLA, The Royal Society of Medicine and the DfT recommend and consider it best practice for licensed drivers (hackney carriage and private hire) to be subject to the DVLA group 2 medical requirements. The DVLA group 2 medical is a recognised national standard developed by DVLA for bus and lorry drivers.
- 3.48 To ensure that public safety is protected, the council has chosen to adopt this best practice and require all applicants to obtain and submit a group 2 medical report with their application for new and renewals.
- 3.49 Therefore applicants are required to undergo a medical examination by a registered general practitioner and submit the doctor's group 2 medical report with their application, to enable the council to consider their fitness to hold a licence.
- 3.50 The group 2 medical assessment must be completed by a doctor registered and licensed to practice

in the UK or registered within the EU. If the applicant's own doctor completes the medical assessment it may speed up the application, as they already have full access to their medical records.

- 3.51 A group 2 medical report must be submitted with all new applications and every three years upon renewal and then annually thereafter when the applicant reaches 65 years old. Applicants must pay any fees to the registered medical practitioner for completing the medical and report. The medical assessment must be no older than four months at the time of submission with the relevant application.
- 3.52 Applicants must arrange and book these appointments themselves and provide photographic proof of identity to the registered medical practitioner. If the registered practitioner is unable to complete the vision assessment section of the medical, the applicant must arrange for an optician or optometrist to complete this part.
- 3.53 Licensed drivers must notify the council and their medical practitioner of any deterioration in their physical or mental health which may affect their ability to drive or complete their tasks as a licensed driver. The council expects licensed drivers to be responsible and to not continue to drive following any deterioration in their health, or any health problems which could endanger the lives of the general public.
- 3.54 If a licensed driver is involved in an accident in which s/he is injured, they must ensure that they are fit prior to returning to hire and reward work, this is for the safety of the driver and the general public. Drivers who have suffered whiplash must ensure that they have sufficient movement in the neck area to enable them to observe any potential hazards.

Taxi Competency Course provided by Peterborough Regional College.

- 3.55 Peterborough City Council and Peterborough Regional College have jointly developed a course specifically for those who wish to be licensed drivers. The course tests some of the skills required to be a licensed driver, such as reading and writing, numeracy, equality and disability awareness, customer service, understanding of the conditions applied by the council, etc.
- 3.56 All new applicants must pass the taxi competency course provided by Peterborough Regional College. Those wishing to enrol on the course should contact the information centre at Peterborough Regional College, Park Crescent Campus, contact telephone number 01733 863068, where they will be issued with the course handbook and the pre-course reading material. When attending the course, applicants must take with them two forms of identification, one of which must be a DVLA driving licence with photo card, the other a utility bill no more than 3 months old.
- 3.57 Applicants must conduct themselves appropriately when attending the course. Behaviour of a rude or abusive manner will question their 'fit and proper' status and may result in their application being terminated.

Driving Assessment Test

- 3.58 Once a complete application has been received and assessed, new applicants must take and pass a driving assessment test. The test will assess driving ability, control of the vehicle, awareness of controls within the vehicle, and local area knowledge without the use of satellite navigation equipment.
- 3.59 Applicants must provide a roadworthy licensed vehicle in which to take their test.
- 3.60 The tests applied are different for private hire driver applicants and hackney carriage driver applicants. As hackney carriage drivers can be hired on the spot, the local knowledge part of the test is more rigorous. Also as all hackney carriages are designated WAV's, applicants must be able to demonstrate that they can safely load, unload and safely secure a wheelchair in the vehicle.
- 3.61 Historically the driving assessment test has been provided in house by authorised council officers. The council have determined that the test should be delivered by an external provider whose assessors have been accredited by DVSA. This will ensure that the person undertaking the role of

examiner is specifically trained in this role.

- 3.62 The current approved list of Driving Assessment Test providers can be found on the council's website. <https://www.peterborough.gov.uk/business/licences-and-permits/taxis-and-private-hire/hackney-carriages>

Service Expectations

- 3.63 The council and the travelling public expect licensed drivers to provide good customer service and behave in a civil and courteous manner. They are expected to be clean and smart in their appearance. The vehicle must also be clean, presentable and roadworthy. They are expected to provide reasonable assistance with luggage or shopping and provide a written receipt if requested with no extra charge. Arrive at the appointed time and not prolong any journey. As professional occupational drivers, they are expected to drive with consideration to other road users and weather conditions.
- 3.64 Drivers must be aware of and comply with the conditions applied by this council and other appropriate legislation. Drivers who fail to observe these requirements may be subject to enforcement action.
- 3.65 Conditions applicable to private hire drivers are attached at Appendix D.
- 3.66 Hackney carriage drivers are conditioned by way of byelaws. The council have reviewed and updated the byelaws and are attached at Appendix B
- 3.67 Drivers must not operate any equipment which may distract them whilst driving. Drivers must not cause annoyance to passengers during the journey by playing music or constantly talking on a hands free mobile phone.
- 3.68 Drivers must be aware of their obligations under the Equality Act to provide a service and assistance to passengers with mobility problems, disabilities and to take assistance dogs, without extra charge.
- 3.69 Drivers who refuse or fail to take assistance dogs without an exemption certificate may be prosecuted by the passenger and may also be subject to enforcement action by the council.
- 3.70 This council condemns discriminatory behaviour which is harassing, racist, religiously motivated, homophobic, sexist, or in any way offensive to disability or gender. Complaints of this nature are taken particularly seriously. The council does not have any power over passengers who use licensed vehicles, but will give support to the trade where possible. Drivers who experience any of the above behaviour should report it to the police.
- 3.71 Licensed drivers must ensure that they fully consider the safety of the passenger, other road users, parking restrictions, street furniture and other hazards when stopping to allow a passenger to alight the vehicle.
- 3.72 Driving for long periods of time, when sleepy or fatigued impairs driving ability, reduces reaction time, vigilance, alertness, concentration, is dangerous and increases the risk of accidents. Licensed drivers have a duty to make a conscious decision to take regular rest periods, to ensure their own safety and the safety of the travelling and general public. Licensed drivers must not drive if they are taking medication which impairs their judgement or driving ability.

Requirement to display information – Part 1 and Part 2 notice

- 3.73 As licensed vehicles may be driven by different licensed drivers and licensed drivers may utilise different licensed vehicles, the Part 1 and Part 2 notices can be interchanged. The driver must ensure that the correct information is displayed in the Part 1 and Part 2 notice prior to the commencement of all journeys with passengers.
- 3.74 The Part 1 notice must correctly reflect the proprietor information for that journey and drivers must ensure that they display their Part 2 notice in the vehicle they are driving. (See section 2.84 To 2.90

for further information and Appendix L for example)

Exemption certificate

- 3.75 Drivers may apply for an exemption certificate if, for health reasons, they are unable to convey assistance dogs, or provide physical assistance to passengers in wheelchairs. Drivers who have a medical condition, a disability or physical condition which makes it impossible or unreasonably difficult to provide the service, may apply for an exemption certificate.
- 3.76 The council will only consider exemption applications which are accompanied with a medical report signed by a registered medical practitioner. The period of the exemption certificate will be individually determined based on the medical practitioner's recommendation. The council may request applicants to be assessed by the council's professional qualified medical assessor, particularly where the period of exemption is likely to be long term.
- 3.77 Where an exemption application has been considered and approved by the council, the driver will be issued with an exemption certificate and an exemption notice. The exemption notice must be displayed in the vehicle on the nearside of and immediately behind the windscreen of the vehicle, in a manner that readily permits its removal, so that its front is clearly visible from the outside of the vehicle and its back is clearly visible from the driver's seat of the vehicle, when they are driving. The exemption notice must be removed prior to another licensed driver driving the vehicle. Failure to display the notice could leave the driver open to prosecution, if they then do not comply with the requirements of the Equality Act. Only one exemption notice should be displayed in a vehicle at any one time.
- 3.78 If an exemption application is refused, the applicant will be informed in writing providing reasons for the decision to refuse. Applicants who have been refused an exemption can appeal the refusal to the Magistrates Court within 28 days.
- 3.79 Drivers who have been issued with an exemption certificate must inform proprietors or operators that they have the exemption, to avoid any unnecessary distress or delay to passengers.
- 3.80 Licensed drivers of designated WAV vehicles who fail to comply with the duties under section 165 of the Equality Act will be subject to enforcement action. Drivers convicted of failure to comply with this section are unlikely to be considered a 'fit and proper' person.

Idling offence environmental impact

- 3.81 Drivers are reminded that stationary idling is an offence under section 42 of the Road Traffic Act 1988. For further information on idling please see the council's website.
<https://www.peterborough.gov.uk/business/licences-and-permits/taxis-and-private-hire/taxi-enforcement>

Monitoring of licensed drivers

- 3.82 In the interests of public safety, the council has a duty to ensure that licensed drivers remain fit and proper and will intervene where appropriate. Complaints made to the council are recorded and monitored.
- 3.83 Where serious complaints, which question a drivers fit and proper status are received, they are investigated and appropriate action is taken. Less serious complaints and minor infringements are not investigated to the same degree, but the accumulation of several complaints and infringements about the same driver could highlight that there is a cause for concern and will not go unnoticed. It could highlight a training need, a lack of understanding of conditions or legislation, or a failure to provide good customer care.

Private Hire Drivers – Designated waiting areas within the city centre

- 3.84 Previously the conditions of this council required private hire vehicles to return to base after a passenger had alighted the vehicle. However, the imposition of this condition can have a negative impact on the environment and other road users, as the vehicles travel to and from base.
- 3.85 An alternative condition which prevents these unnecessary journeys to base, whilst ensuring that the city centre is not choked with waiting private hire vehicles has now been adopted.
- 3.86 Once a passenger has alighted the vehicle, the driver may park the vehicle whilst waiting for the next booking, provided that there are no parking restrictions, it is not causing an obstruction, and not within the defined city centre area.
- 3.87 Private hire vehicles and drivers waiting for their next booking within the city centre are required to wait in designated car parks, until the vehicle is booked and required to proceed to the destination at the appointed time within the city centre. The council has designated Wellington Street and Pleasure Fair Meadow car parks, and will designate further car parks for this purpose (subject to amendment to the Traffic regulation Order and Directors approval) and published them on the council's website.
- 3.88 The council reserves the right to restrict private hire vehicles from waiting in designated car parks as and when necessary, for example during a city wide event.
- 3.89 Designated car parks will be located at different approaches into the city centre and have sufficient CCTV coverage.
- 3.90 Private hire drivers who are waiting in designated car parks in their vehicles will not be required to pay parking charges. If however, a driver parks and walks away from the car park, they must 'pay and display' as any other car park user.
- 3.91 The designated car parks will still be open to the general public, however, they do not contain public conveniences and must not be used for this purpose or for the purpose of sleeping. Drivers who cause a public nuisance, behave inappropriately or commit any public order offences will be subject to enforcement action.
- 3.92 A map attached at Appendix K shows the area which is defined for the purpose of this policy as the city centre, the designated car parks and hackney carriage ranks.
- 3.93 Private hire drivers must switch off their vehicle's engine when waiting in the designated car parks, and not leave their vehicle engine idling, when parked for more than a couple of minutes anywhere.
- 3.94 If a private hire driver is parked and is approached directly by a member of the public, the driver commits an offence if the driver takes an active part in the 'booking' process, e.g. by contacting the operator directly by radio or mobile phone to make that booking for his own vehicle there and then.

Hackney carriage drivers

- 3.95 It is understood that Hackney carriage drivers waiting on taxi ranks, will attempt to operate a first in the queue system. So that when a customer approaches, the taxi at the front of the rank will expect to take that passenger. Whilst this etiquette generally works without incident, drivers are advised that the customer may, for whatever reason, choose not to take the first taxi at the rank.
- 3.96 The customer has the choice in this situation, drivers who, whilst waiting on a rank, refuse or neglect to drive without reasonable cause are committing an offence.
- 3.97 Drivers are also advised that it is an offence to leave their vehicle unattended on a rank.
- 3.98 As the testing criteria for hackney carriage drivers is more stringent than those applied to private hire drivers, a licensed hackney carriage driver may also drive private hire vehicles.

Hackney carriage proprietors – Part 1 notice

- 3.99 Hackney carriage proprietors must ensure that their vehicles comply with the requirement to display required information in the form of a Part 1 notice as detailed in section 2.84 To 2.90 and example provided at Appendix L.
- 3.100 If a proprietor is made aware of a safeguarding or serious complaint concerning the fit and proper status of a driver, they must notify the licensing department immediately or as soon as practically possible and provide details of their actions taken.

SECTION 4

4 Operators

General

- 4.1 The legislation requires any person, who in the course of business makes provision for the invitation or acceptance of bookings for a private hire vehicle, must be licensed as a private hire operator.
- 4.2 Any individual, partnership, company or other body that advertises the services of a private hire vehicle, provided with a driver, for hire and reward, is required to be licensed as an operator.
- 4.3 The acceptance of bookings may be provided for by a variety of methods, such as, in person, by telephone, text, email, internet, smart phone app, in writing, or by any other communication means.
- 4.4 The legislation requires the authority to only licence operators who are considered to be fit and proper to hold an operators licence and who are not disqualified by reason of their immigration status.
- 4.5 All work undertaken by private hire vehicles (and drivers), must be pre-booked via a licensed operator. All three licences (private hire vehicle, private hire driver and operator) must be issued by the same local authority.
- 4.6 Operators can only utilise drivers and vehicles that are correctly licensed. Operators who fail to ensure that the drivers and vehicles they utilise have valid licenses, are guilty of an offence and will be subject to enforcement action.
- 4.7 An operator's licence is usually granted for a five year duration, but may be granted for a lesser duration if requested to do so in writing or if the applicant's immigration status limits it to a shorter duration.
- 4.8 All renewal applications must be submitted to the Council prior to the date of expiry of the existing licence. Exceptions may be made in exceptional circumstances. (see paragraph 1.27)
- 4.9 There is no provision within the legislation to transfer an operator's licence. New applicants must be subject to the fit and proper test and new premises must also be assessed for suitability.
- 4.10 An operator's licence cannot be issued to persons who do not have the right to work in the UK. A licence ceases to be in force if the person to whom it was granted becomes disqualified by reason of their immigration status. Where this applies, the person must immediately cease to operate and return their operator's licence to the council within 7 days.
- 4.11 Licensed operators may accept bookings and may subcontract these bookings, but only to another licensed operator. However, the operator who accepted the initial booking remains responsible for that booking.
- 4.12 Operators are required by law to keep a record of bookings and records relating to each and every vehicle operated by the operator. Records of bookings must be made before the commencement of

the journey. All such records must be made available to an authorised officer for inspection. Further information can be found in the Operator's conditions at Appendix E.

Application – suitability of applicant

- 4.13 Operators are generally the owners of the private hire business. They have access to private information, are responsible for ensuring they only utilise properly licensed, insured and safe vehicles and drivers, therefore the council is required to ensure that they are also fit and proper.
- 4.14 The council requires applicants to complete the application and submit it with the appropriate fee, with supporting documentation, which will be used to establish that they are fit and proper to hold an operators licence. The supporting documents must be the originals, not photocopies or photographs.
- 4.15 Operators (who are not also licensed drivers), are required to submit a basic DBS disclosure with their application and on an annual basis. The basic disclosure will list any current convictions and cautions, but nothing which is considered spent under the Rehabilitation of Offenders Act. Applicants who have not resided continuously in the UK since they were 18 years of age, i.e. have spent an extended period (six or more continuous months) outside the UK, will be required to submit a Certificate of Good Conduct or criminal record information, from each Country applicable.
- 4.16 Where the application for an operators licence is in the name of a company, the DBS requirement (including annual DBS) extends to all named Directors, Partners, Company Secretaries and all persons with significant control. Operators are required to notify the licensing authority in writing of any changes in directors, partners or other persons with significant control, within seven days. This notification must include a basic DBS for any new person.
- 4.17 Applicants for operators licences are required to provide details of their name and address. The address where they intend to operate the business, any trade or business activities s/he has carried on before making the application, any prior applications made for an operator's licence, if any prior operator's licence has been suspended or revoked, details of any convictions. This includes any convictions where applicants or those associated in running the business have been convicted of any offences. This is to ensure that those involved in the operation of the business are fit and proper to operate a business.
- 4.18 In accordance with the tax conditionality requirements within the Finance Act 2021, from 04 April 2022, all operator applicants seeking to renew their licence are required to complete a HMRC tax check to confirm that the individual and or company has been appropriately registered for tax and that the income from the licensed activity has been reported in a tax return. This is also a requirement for any operator licensed with another licensing authority that is seeking to be licensed with Peterborough City Council. The licensing authority must receive confirmation that the applicant has completed a tax check before they are able to determine any application.
- 4.19 Applicants who intend to operate a radio system will be required to provide proof of their licence from Ofcom. This licence was previously issued by the Department of Trade and Industry but changed to Ofcom in 2003.
- 4.20 The council will not grant a licence to an operator whose premises are located outside our area. This is to ensure that proper regulation and enforcement measures may be taken by the council and is in no way intended to be a restraint of trade.
- 4.21 All new and operator (and driver) applicants will be required to undertake mandatory safeguarding and County Lines training, as prescribed by the licensing authority prior to making an application. Existing operators (and drivers) will also be required to undertake mandatory training. A licence will not be renewed if the training has not been completed within an appropriate timeframe. Operators are required to attend refresher training every five years and provide proof of pass attendance with their renewal application.

Suitability of premises

- 4.22 When considering an application for an operator's licence at a new premises, consideration may be given to the location, the vicinity, facilities, parking arrangements, planning permission etc. to ensure that the grant of a licence will not negatively impact on the surrounding area, including businesses, residents and the general public.
- 4.23 Operators intending to operate from new premises will be required to submit with their application proof of planning permission, or proof that planning permission is not required. Where planning permission is required, operators must comply with any condition attached to such permission. Whilst any breach of planning legislation will be enforced by the planning department, it may also be used in consideration of an operator's fit and proper status.

Operators responsibilities and obligations

- 4.24 Operators are responsible for keeping accurate records of bookings and retaining them for a period of not less than six months. These records must detail required information about each booking taken and fulfilled by the operator. Further information is contained within the operator's conditions attached at Appendix E
- 4.25 If an operator subcontracts a booking to another licensed operator, both operators must keep a record of the booking. The operator who accepted the initial booking remains fully responsible for that journey even though it has been subcontracted to another licensed operator. The initial operator must record what checks they made to ensure that the operator they passed the booking onto is correctly licensed.
- 4.26 Regardless of which operator fulfils the booking, the operator can only dispatch a vehicle licensed by the same authority that licenses the operator and driven by a driver also licensed by that same authority.
- 4.27 It is not expected that subcontracting of bookings would be commonplace. Customers who book through a Peterborough operator would expect a vehicle and driver also licensed by this authority. The conditions and standards applied by other licensing authorities are different to those applied by this authority, therefore, may not meet the licensing requirements of this authority.
- 4.28 The customer has the choice of which operator they book through. This means that the customer may choose an operator licensed by a neighbouring authority, known as cross border hiring. The legislation permits these bookings and the council cannot get involved in these private hire contracts. Operators should aspire to ensure that their drivers and vehicles provide the highest standard of service, so that they are the operator of choice.
- 4.29 The Licensing Authority must be satisfied that private hire operators can demonstrate that all staff that have contact with the public and/or oversee the dispatching of vehicles, do not pose a risk to the public. To this end, operators are required to keep and maintain a register of all staff that will be taking bookings and/or dispatching vehicles.
- 4.30 Operators are required to evidence that they have had sight of a Basic DBS check for any and all individuals on their register of booking and dispatch staff and must ensure that Basic DBS checks are conducted on any individuals added to their register. Should an employee cease to be on the register and is then later re-entered, a new Basic DBS certificate must be requested for that individual and sight of this recorded.
- 4.31 Operators are required to provide a copy of their policy on employing ex-offenders in roles that would be on the register as above.
- 4.32 Operators need to be aware of their obligations when it comes to data protection. Where databases containing personal information, such as records of bookings are maintained electronically or if they have CCTV, they are required to be registered with the Information Commissioner's Office (ICO).

Further information including a self-assessment, can be found on the ICO website;
<https://ico.org.uk>

- 4.33 Operators must ensure they have all the correct insurances in place for the vehicles and drivers they utilise. Those who provide a waiting area for customers must ensure that they have valid public liability insurance.
- 4.34 Operators must make customers fully aware of any additional charges which may be applied, e.g. for waiting time and for cleaning a soiled vehicle. These additional charges must be clearly displayed in the operator's office and website where available.
- 4.35 Operators are responsible for ensuring that the vehicles utilised are clean, fit for the purpose of the booking and comply with the conditions applied by this council. It is expected that operators have a planned maintenance programme in place for all vehicles it utilises. The testing requirements applied by this council are to confirm a level of safety and quality, rather than to highlight what maintenance needs to be carried out.
- 4.36 The council encourages all private hire operators to include wheelchair accessible vehicles amongst their fleet. They must ensure that no additional costs or charges are levied by them or their drivers for conveying disabled passengers or assistance dogs.
- 4.37 Operators who provide wheelchair accessible vehicles must ensure that the driver is appropriately trained to safely load, unload and convey passengers in a safe and secure manner. This training must be documented and refreshed at suitable intervals. These training records must be available for inspection by an authorised officer.
- 4.38 Operators must ensure that the drivers they utilise are fit and proper to carry out the bookings and are appropriately trained for their role. Operators should be able to demonstrate how they will achieve this by way of a policy to include any training (or checks) provided by the operator, customer service company policies and practices, including disability awareness.
- 4.39 Where a private hire vehicle is unsuitable to fulfil a booking on the basis that a vehicle of more than eight passenger seats is required (vehicles which accommodate more than eight passengers are classed as Public Service Vehicles), the operator must inform the person making the booking that PSV's are not licensed by the council, but rather are the responsibility of the Traffic Commissioner, and that the driver of such vehicles are subject to different checks and are not required to undergo an enhanced DBS check.
- 4.40 Operators must be aware of their obligations under the Immigration Act and only utilise persons who have the right to work in the UK. Failure to observe this requirement or to provide due diligence checks may be subject to enforcement action by the relevant Home Office department.

Part 1 notice and complaint policy

- 4.41 As responsible business owners, operators will understand that the drivers and vehicles they utilise represent their business when undertaking bookings. Operators will want to ensure good customer service, as this builds a respected reputation, resulting with repeat bookings and a successful business. Where vehicles or drivers fail to provide a good service, the operators business can suffer.
- 4.42 Whilst a vast majority of bookings take place without problem, there are occasions where a customer has cause for concern or complaint. Aggrieved customers have a right to complain if the service provided fails to meet expectations. It is also right for responsible operators to attempt to find an amicable resolution to the complaint, without any unnecessary regulatory burden or intervention.
- 4.43 Complainants must be dealt with in a respectful timely manner in an open and transparent way. To ensure this is achieved, operators are required to have a formal complaints policy and procedure which is made freely available to all customers, and maintain records of complaints received.

- 4.44 A copy of the complaints policy and procedure must be given to the council and will be required with all new and renewal applications.
- 4.45 The complaint records must detail specific information, be monitored, and be made available to authorised officers upon request.
- 4.46 The specified information to be recorded must include the following information as a minimum:
the name of the complainant and how they can be contacted,
the date the complaint was made and the time and date of the journey,
If the booking was subcontracted the details of the licensed operator who fulfilled the booking and any action taken by the subcontractor regarding the complaint or concern
the name of the driver and vehicle being reported,
the nature of the complaint or concern,
The date by which the operator will respond to the complaint, which must not exceed 72 hours from time of receipt,
The action taken if any, by the operator to resolve the complaint or concern.
- 4.47 Operators must also inform the complainant, that they can further their complaint to the council if they remain dissatisfied with the outcome of their complaint.
- 4.48 If an operator is made aware of a safeguarding or serious complaint concerning the fitness of a driver, they must notify the licensing department immediately or as soon as practically possible and provide details of the actions taken by the operator.
- 4.49 Operators must ensure that the vehicles they utilise display a correctly completed Part 1 notice (See section 2.73 to 2.79 and appendix L for further information) and door signage

SECTION 5

5. Safeguarding

- 5.1 Safety, security and welfare applies to passengers and licensed drivers. Licensed drivers deal with strangers, they work alone often late at night, carry cash and may be at risk of violence, non-payment of fares, verbal abuse etc. Proprietors and operators must consider these factors when determining what safeguarding measures should be in place. The council encourages the use of CCTV in licensed vehicles, but has not made it a condition of licences due to the financial burden involved. However, proprietors and operators should consider the benefits and disadvantages of safeguarding measures such as, CCTV, cashless payment systems, communication systems, etc. in licensed vehicles in their risk assessments.
- 5.2 Drivers and operators may refuse to carry any passenger if they have good cause, e.g. a customer's behaviour or demeanour is threatening, offensive or abusive or has previously refused 'bilked' payment. Where this occurs drivers and operators should keep records of why the service was refused.
- 5.3 Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.
- 5.4 Licensed drivers, proprietors and operators provide a public service and have a duty of care to all passengers. They also have a moral and social responsibility to report concerns about someone who is vulnerable. Should a licensed driver, proprietor or operator have any concerns about the vulnerability of a child or public safeguarding they must report this immediately as it may prevent the vulnerable child from becoming a victim. Reports of imminent danger should be made to the police on 999. Where there is no immediate danger, or you wish to pass on some information or intelligence

please call 101.

- 5.5 All new and renewal driver and operator applicants will be required to undertake mandatory safeguarding and County Lines training, as prescribed by the licensing authority prior to making an application. SECTION 6

Enforcement

- 6.1 The council has a responsibility to ensure that all licence holders adhere to the standards and conditions applied by this authority and the legislation.
- 6.2 As all licence holders are considered to be 'fit and proper', they are expected to fully understand the conditions and requirements placed on them by this authority and other applicable legislation.
- 6.3 The council will take appropriate action against licence holders upon receipt of evidence that an offence has been committed. An offence may be a breach of the legislation or condition imposed on a licence, or byelaw, or this policy.
- 6.4 Offences under legislation outside that applicable to private hire and hackney carriages, may be considered, if they call into question the fit and proper status of the licence holder.
- 6.5 The council will undertake overt and covert targeted enforcement operations as well as ad hoc compliance checks on licence holders. These operations and compliance checks may be inside and outside normal office hours and may involve partner agencies.
- 6.6 Some breaches of legislation cannot be enforced by the council, but will be enforced where appropriate, by other partner agencies, e.g. the Police, DVSA, the Home Office etc.
- 6.7 Every enforcement action taken by the council, will be determined on the individual circumstances, will be in accordance with this policy, the council's enforcement policy and the Regulators Code.
- 6.8 There are a range of sanctions and actions which may be taken by the council, e.g. prosecution, suspension, revocation, refusal to renew, formal written warning, caution, verbal warning, advisory letter, note on records and no action. The course of action will depend on the severity of the offence committed, the evidence available and the risk to public safety.
- 6.9 Prosecutions will be taken where it is in the public interest.
- 6.10 The council will revoke or suspend or refuse to renew a licence where the licence holder has committed offences that put public safety at risk.
- 6.11 Any person who witnesses speeding, dangerous, reckless, or careless driving by a licensed driver or otherwise, should report each incident to the police (as they are the enforcing body for driving offences) with sufficient information to allow the police to take appropriate action.

Right of appeal

- 6.12 This Licensing Authority retains absolute discretion to decide that a licence will not be granted if the vehicle, driver or operator does not meet the requirements of the policy or conditions of licensing.

- 7.1 The licence fees applied by this council are set on a cost recovery basis. They are regularly reviewed and any increase or reduction will be published and consulted upon as required by the legislation. The current fees and charges are available on the website. (see link below) <https://www.peterborough.gov.uk/business/licences-and-permits/taxis-and-private-hire/hackney-carriages>
- 7.2 The council sets the maximum fares which can be charged by hackney carriage vehicles within its district. This does not prohibit a driver from charging less than the fare shown on the meter. Please see Appendix J attached for the current maximum fare table.
- 7.3 The council has no power to regulate the fares charged by private hire operators, they are a private contract between the customer and the operator. Operators are required to display any additional fees which may be charged e.g. for waiting time or for cleaning a soiled vehicle.
- 7.4 Requests for refunds by licence holders must be made in writing and will be considered on a case by case basis. Consideration will be given to the reason for the request and the costs incurred by the council at the point of request, including the cost incurred to arrange the refund. Private Hire Operator's Licence Conditions

Introduction

Private Hire Operators are licensed to provide pre-booked journeys for passengers at an agreed fare. Legislation states that the journey must be pre-booked with the operator prior to commencing, where a fare is undertaken without being pre-booked it is against the law and the driver's insurance will almost certainly be invalid.

The council has a responsibility to regulate Private Hire Operators in accordance with legislation, when receiving an application as well as considering any legislative requirements local authorities also have the ability to take into consideration local factors or issues that may be relevant when granting a licence.

When considering a new application for an operator's licence we will consider the location of the premises, parking arrangements for vehicles and what the effect of granting the licence is likely to have on anyone in the vicinity, this includes residents, the public and other businesses.

Some locations such as the city centre and other densely populated areas do not easily accommodate businesses such as the private hire trade due to the space required for vehicles etc. Due to this we would not grant a licence unless the applicant can demonstrate such measures to ensure that there will not be a detrimental effect on anyone in the vicinity, this will also include any parking infringements by drivers visiting the office that are encouraged due to the location. Any application for a city centre location will also be considered in accordance with the Peterborough City Centre Development Plan.

In granting a licence the authority will attach conditions to the licence, and as part of the authority's role within regulation it will ensure compliance by the operator to these conditions. Some conditions are prescribed by legislation and are mandatory; others are adopted locally where deemed appropriate or necessary.

It is good practice and appropriate to regularly review the conditions in order to ensure that they remain relevant and are fit for purpose. It should be remembered that where conditions are set by legislation then these cannot be amended or removed and therefore will continue to be attached to all operator licences.

These conditions are in addition to the requirements imposed upon operators by the Local Government (Miscellaneous Provisions) Act 1976 and the Town Police Clauses Act 1847. Breach of any of these conditions may lead to enforcement action which could lead to suspension or revocation of the licence and/or prosecution.

PETERBOROUGH CITY COUNCIL

Limousine and Speciality Vehicles Licence Conditions

Peterborough City Council reserve the right to consult with DVSA (Driver and Vehicle Standards Agency (formerly VoSA)) if it believes a vehicle does not meet the standards set out in the latest version of their document for Guidance for Limousine Operators. The authority may refuse any vehicle upon application that does not meet the criteria.

It is the responsibility of each applicant to ensure that no more than 8 (Eight) passengers are ever transported in the vehicle at any one time. Seating capacity can be defined by the number of seating positions, which again can be defined by sculpting in the seat and/or seat belts. When signing the vehicle licence application you are confirming that you will adhere to this.

On application for a limousine vehicle licence the applicant must be able to prove that the vehicle is of an approved standard to be used on the UK highway. If a vehicle is less than ten years of age it will require an IVA (Individual Vehicle Approval) certificate, a current MOT test certificate and a V5 vehicle registration certificate. Any vehicle over ten years of age will require a current MOT test certificate and a V5 vehicle registration certificate.

If any applicant is unsure how to obtain the relevant registration documentation, they should contact DVLA and/or DVSA.

Limousines should ideally be chauffeur driven vehicles, and will not be permitted to be used for standard day to day private hire work.

For the licensing of prestige cars each vehicle must comply with the Road Vehicle (Construction and Use) Regulations. It is expected that the type of vehicle relevant to this category of licensing would be a Rolls Royce, Daimler, Bentley, Jaguar or other high end models from manufacturers such as BMW or Mercedes Benz however this list is non-exhaustive and approval will be at the council's discretion; Also incorporated into this section would be vintage or classic cars. Other vehicles that the authority may be asked to licence could be Kit cars, or something of a more retro nature such as those from television, examples being a Ford Capri or a Reliant three wheeler.

All vehicles when presented for inspection must have all relevant documentation such as the MOT test certificate and a V5 vehicle registration certificate.

All speciality vehicles should ideally be chauffeur driven vehicles, and will not be permitted to be used for standard day to day private hire work.

Peterborough City Council reserve the right to consult with DVSA if it believes a vehicle does not meet the standards of roadworthiness as set out in the categorisation of vehicle defects.

It should be noted that at the time of writing there is an exemption under the Local Government (Miscellaneous Provisions) Act 1976, when vehicles are used for weddings and funerals. However, this may change once the results of the law commission consultation are known, and changes made to legislation.

Consultation Draft

Guidelines Relating to the Relevance of Convictions / Cautions in Relation to Taxi Licensing

Introduction

The City Council as the Taxi Licensing Authority, has the responsibility to ensure all drivers of hackney carriages and private hire vehicles that are available for hire to the public, are 'fit and proper' persons to hold the relevant drivers' licences, and are not disqualified by reason of their immigration status. The taxi Licensing Authority will take such measures as appropriate in order to protect members of the public, other road users and the drivers themselves.

There is no definition or general test that determines whether or not a driver is deemed 'fit and proper' to hold a licence. It is a matter of judgment for the Licensing Authority in order to assess any risks or concerns, taking into consideration such matters as the applicant's integrity, honesty and previous character. Previous convictions and cautions are taken into account as well as other information.

Convictions and cautions do not necessarily mean that an application will be refused, or a licence will be revoked. Also, where an applicant does not have any convictions or cautions, the applicant must still be deemed 'fit and proper' by the Licensing authority. Each case is treated on its own merits.

The assessment is ongoing and drivers have a duty to disclose within 48 hours, any convictions or cautions which might affect their suitability to hold a private hire or hackney carriage driver's licence.

The overriding aim of the licensing authority is to protect the safety of the public. The licensing authority is concerned to ensure:

- That a person is a fit and proper person
- That the person does not pose a threat to the public.
- That the public are safeguarded from dishonest person
- The safeguarding of children and young persons

These guidelines will be referred to by officers exercising their powers of delegation, under the Council's Scheme of Delegations in determining whether or not a person is 'fit and proper' to hold a driver's licence.

1. General

1.1 Scope

These guidelines apply to the grant, revocation, suspension or renewal of Operator's Licences ("Operator's Licences"), Licences to drive hackney carriages and/or private hire vehicles ("Driver's Licences") and hackney carriage and/or private hire proprietors licences (vehicle licenses) issued by Peterborough City Council ("the Council").

1.2 Purpose

The purpose of these guidelines are to facilitate the Council's duties and responsibilities in determining the impact of convictions and cautions on the grant or renewal of Driver's, Operator's and Proprietors Licences in accordance with the legislative considerations set out below.

2. Legislative Background

2.1 Licensing Legislation

The Council licences drivers, operators and proprietors under the Town and Police Clauses Act 1847 and the Local Government (Miscellaneous Provisions) Act 1976 ("the Relevant Legislation").

2.2 Grant and Renewal of Licences

Sections 51, 55 and 59 of the Relevant Legislation prescribe that the Council shall not grant a Driver's or Operator's Licence unless satisfied that the applicant is fit and proper for that purpose.

Whilst the relevant legislation is not specific as to what will constitute a fit and proper person for the purpose of determining whether to issue a Licence, it is commonly accepted that any history of offending will be a relevant consideration. The overriding aim of the licensing authority is to protect the public.

2.3 Immigration Act 2016

The immigration Act also places a duty on the licensing authority to verify an applicant's right to work in the UK prior to issuing a licence. The council is prohibited from issuing a licence, (drivers and operators licence) to anyone who is disqualified by reason of their immigration status. This means that driver and operator licences must not be issued to people who are illegally present in the UK, who are not permitted to work, or who are permitted to work but are subject to a condition that prohibits them from holding such a licence.

Where a person's immigration permission to be in the UK is time-limited to less than the statutory length for a driver or operator's licence, the licence must be issued for a duration which does not exceed the applicant's period of permission to be in the UK and work.

The provisions also add immigration offences and penalties to the list of grounds on which operator and private hire and hackney carriage driver licences may be suspended or revoked by this authority. Where licences expire, or are revoked or suspended on immigration grounds, the licence must be returned within seven days. Failure to return the licence within seven days is a criminal offence.

2.4 Suspension or Revocation of Licence

Section 61 of the Relevant Legislation prescribes that the Council may suspend, revoke or refuse to renew a Driver's Licence in the following circumstances:

- (a) there has been a conviction/caution for an offence involving dishonesty, indecency or violence;
- (b) there has been a conviction or caution for an offence under or a failure to comply with the Relevant Legislation; or
- (c) that since the grant of the licence been convicted of an immigration offence or required to pay an immigration penalty, or
- (d) any other reasonable cause

Similarly, Section 62 of the Relevant Legislation prescribes that the Council may suspend, revoke or refuse to renew an Operator's Licence in the following circumstances:

- (a) there has been an offence under or non-compliance with the Relevant Legislation;
- (b) any conduct on the part of the Operator which renders him unfit to hold a licence;
- (c) any material change since the Licence was granted in any of the circumstances of the operator on the basis of which the licence was granted;
- (d) that the operator has since the grant of the licence been convicted of an immigration offence or required to pay an immigration penalty, or
- (e) any other reasonable cause.

2.5 The Council will also have due regard to:

- (a) s.17 of the Crime and Disorder Act 1998 which states 'without prejudice to any other obligation imposed on it, it shall be the duty of each authority to which this section applies to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area.
- (b) The Department for Transport's Statutory Taxi & Private Hire Vehicle Standards Guidance which

recognises the need for criminal record checks as an important safety measure and details that a licence should not be granted in relation to: Crimes resulting in Death, Exploitation, Sexual Offences, including applicants on the Sex Offenders Register or on any barred list.

3. Disclosure of Convictions/Cautions

- 3.1 All persons (“Applicants”) seeking to obtain an Operator’s, Driver’s or Proprietors Licence will be required to disclose the existence and detail of all relevant convictions and/or cautions they may have.
- 3.2 For the purpose of meeting their disclosure obligations, applicants for a driver's licence will be required to obtain an Enhanced Disclosure with barred list check from the Disclosure and Barring Service (“DBS”) and maintain continuous registration with the DBS update service, and provide authorisation in order to enable the licensing authority to routinely check for new information in accordance with statutory guidance, and where there is reasonable cause for doing so.
- 3.3 Admission of guilt is required before a caution can be issued. Every case will be considered on its own merits including the details and nature of the offence.
- 3.4 The Council will decide what level of disclosure is required and in doing so will have regard to the Rehabilitation of Offender’s Act 1974 and the Rehabilitation of Offender’s Act 1974 (Exceptions) Order 2002 (“the Order”). In particular, the following is of note:

4. Drivers

- 4.1 Hackney and private hire drivers working with children and/or vulnerable adults are included within the scope of the Order. This means that all convictions, irrespective of age or sentence imposed can be considered if relevant to the application and will not become spent for this purpose.
- 4.2 In view of the application of the Order, the Council will request an Enhanced Disclosure with barred list check from the Disclosure and Barring Service (DBS) the response to which will contain information of any current or spent convictions, cautions, reprimands or warnings as well as for example other relevant information held by the Police. More information about the DBS and the checks that they perform is available on their website.

5. Operators and proprietors

- 5.1 Private Hire Operators and vehicle proprietors do not fall within the Exemption of the Order, however it is acknowledged that whilst that individual may not be directly responsible for transporting members of the public, they will have access to personal information about passengers and afforded access to them if they walked into the Operator’s office to hire a private hire vehicle.
- 5.2 In view of the above and requirement of the Relevant Legislation, that Operators and Proprietors are fit and proper persons, the Council will require operators and proprietors (who are not also licensed drivers) to submit a basic DBS disclosure with their application and on an annual basis.
- 5.3 Where the application for an operators licence is in the name of a company, the DBS requirement (including annual DBS) extends to all named Directors, Partners, Company Secretaries and all persons with significant control. Operators are required to notify the licensing authority in writing of any changes in directors, partners or other persons with significant control, within seven days. This notification must include a basic DBS for any new person.
- 5.4 Information obtained from the DBS will be shared only with those authorised to receive it in the course of their duties.

6. Assessment of Applications

- 6.1 The Council will not preclude applications from persons who have previous criminal convictions /cautions subject to the application of these guidelines. In particular, having a criminal record will not necessarily be a bar from obtaining a Licence. Each case will be decided on its own merits.

- 6.2 The fact that no convictions/cautions are revealed does not mean that applications will automatically be granted. In some cases, the applicant's history may be such that they can never be deemed a fit and proper person. The Council retains absolute discretion as to whether or not a Licence will be granted, having regard to the legislation outlined at paragraph 2 above, all information obtained and observations made during the relevant application process.
- 6.3 Applicants who hold a licence with one licensing authority should not automatically assume that their application will be granted by another. Licensees who are licensed by multiple authorities are expected to inform all such authorities of the authorities that they are licensed by and to advise each authority of any changes in this respect; and should expect those authorities to share information regarding their conduct and to take into account as appropriate.
- 6.4 Careful consideration of the evidence provided should be given if an applicant has on more than one occasion been arrested, charged, but not convicted of a serious offence, which suggests on the balance of probabilities that they could pose a danger to the public. Consideration will be given to refusing the application. In assessing the action to take, the safety of the travelling public must be the paramount concern.
- 6.5 It is an offence for any person knowingly or recklessly to make a false declaration or to omit any material, particularly in giving information required on the application form. Where an applicant has made a false statement, false declaration or omitted to include information on their application for the grant or renewal of a licence, the licence will normally be refused.
- 6.6 The Council is also entitled to use other records and available information when determining applications. This may include information held by the council or other Licensing Authorities, use of NR3, information disclosed by the Police under the Common Law Police Disclosure (CLPD) scheme for reporting offences where there is a pressing social need, or with the Home Office regarding immigration offences. Anyone on the Disclosure and Barring Service (DBS) Barred List will normally be refused a licence. Any licence holder who is subsequently included on the DBS Barred List will normally have their licence revoked.
7. **Impact of Cautions/Convictions**
- 7.1 Each application will be carefully assessed and in each case the information provided will be considered in relation to the particular circumstances and shall take into account one or more of the following (non-exhaustive) factors:
- 7.2 **Level of Responsibility.** The Council will consider the level of independence afforded to the Applicant. An Applicant who works alone with minimal supervision will be considered a greater risk than one who works in a group and/or is closely supervised.
- 7.3 **Date of Offence(s).** The Council recognises that historic offences may have less relevance than recent offences. As a general rule, a pattern of unrelated or similar offences over a period of time will be considered more serious than an isolated minor conviction.
- 7.4 **Attitude of the Applicant.** The Council will look for evidence that the applicant has been rehabilitated and has demonstrated a determination not to re-offend.
- 7.5 **Mitigating Circumstances.** The Council may ask applicants about offence(s)/convictions so that the context can be considered. Due consideration will also be given to any references provided.
- 7.6 **Sentence Imposed.** The Council will consider any sentence imposed as an indication of the Court's view of the seriousness of the offence.
8. **Rehabilitation**
- 8.1 These guidelines prescribe the minimum periods of rehabilitation which will ordinarily need to have elapsed before an application can be approved. These minimum periods will be considered in

conjunction with the general considerations outlined above, as well as with reference to any additional information provided or observations made during the disclosure procedure.

8.2 Representatives of the Council tasked with deciding whether or not to approve an application have absolute discretion as to the application of the minimum periods of rehabilitation. This will apply both in favour of granting an application prior to the expiry of a rehabilitation period (for example where exceptional circumstances exist) or in declining an application before or after the expiry of a rehabilitation period (for example where there is evidence of any recent, persistent or habitual offending history).

Simply remaining free of conviction may not generally be regarded as adequate evidence that a person is a fit and proper person to hold a licence.

9. Right of Appeal

9.1 Applicants have a right to appeal against decisions made in pursuance of these guidelines in the following circumstances:

9.2 Licences

A right of appeal arises against the following decisions:

- Refusal to grant or renew an Operator's or Driver's Licence;
- Suspension or revocation of an Operator's or Driver's Licence; and
- The imposition of conditions which may have been placed on the grant of an Operator's or Driver's Licence.

Any such appeal must be made in writing to the Magistrates Court within 21 days of the date of the decision letter having been served.

The appeal will be processed and determined by the Magistrates Court.

9.3 A suspension or revocation of the licence of a driver takes effect at the end of the period of 21 days beginning with the day on which notice is given to the driver. If it appears that the interests of public safety require the suspension or revocation of the licence to have immediate effect, and the notice given to the driver includes this statement that is so and an explanation why, the suspension or revocation takes effect when the notice is given to the driver (Road Safety Act 2006, s 52, 2A & 2B).

9.4 A suspension or revocation of the licence of an operator takes effect at the end of the period of 21 days beginning with the day on which the notice is given to the operator.

10. Updating and Repeat Checks

10.1 Successful applicants are required to notify the Council within 48 hours of any convictions or cautions, arrests and release, charge or conviction of any sexual offence, or offence involving dishonesty or violence, or any other relevant matter criminal or civil, which may question their fit and proper status, they may receive after the grant of their Licence/Approval.

10.2 In order to assist the determination of an applicant's 'fit and proper' status, all applicants are required to provide a valid DBS check. The level of DBS required is determined by the type of application. Operators and Proprietors (who are not also licensed drivers) will be required to provide an annual basic disclosure. All licensed drivers must provide an Enhanced DBS and barred lists check, maintain continuous registration with the DBS update service and authorise the licensing authority to routinely check for new information.

10.3 If a licence holder's conduct is such that, were they to be applying for a new licence their application would normally be refused, they should expect consideration to be given as to the suspension or revocation of their licence.

11. Breaches of these guidelines

- 11.1 Applicants are prohibited from driving a private hire or hackney carriage vehicle, or performing the duties of an operator without first having obtained a relevant Licence for this purpose.
- 11.2 Persons who have previously been granted a Driver's or Operator's Licence which has been suspended or revoked are prohibited from continuing to drive or perform the duties of an operator unless they have submitted an appeal in accordance with paragraph 9 of this Policy.

12. Guidelines

The following paragraphs offer a general guide on the decision, which might be taken where cautions or convictions are disclosed.

Offences Involving Violence

Offences against Children under 14 years and Young Persons 14 to 17 years

- 12.1 Drivers of hackney carriages and private hire vehicles are often entrusted with the care of children and young persons. It is comparatively easy for an unscrupulous driver to take advantage of such vulnerable persons. The Council seeks to minimise risks associated with children and young persons and for that reason a more serious view will be taken when offences of violence involve children or young persons.
- 12.2 Where the commission of an offence involved loss of life a licence will normally be refused. In other cases anyone of a violent disposition will normally be refused to be licensed until they have at least been 10 years free of such conviction or the end of a term of imprisonment if applicable must have passed before an application is likely to be considered favourably. However given the range of the offences that involve violence, consideration must be given to the seriousness and nature of the conviction and the term of rehabilitation could be reduced or increased.

Offences against Other Persons

- 12.3 As hackney carriage and private hire vehicle drivers maintain close contact with the public, where the commission of an offence involved loss of life a licence will normally be refused. In other cases minimum periods of time from completion of any sentence imposed will be applicable before an application is likely to be considered favourably. Each case is assessed on its own merits and consideration must be given to the seriousness and nature of the conviction and the term of rehabilitation could be reduced or increased.
- 12.4 Unless there are exceptional circumstances a licence will not normally be granted where the applicant has a conviction for an offence such as:
- Murder
 - Manslaughter
 - Manslaughter or culpable homicide whilst driving
 - Terrorism offences
 - Exploitation
 - Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.
- 12.5 A licence will not normally be granted where the applicant has a conviction for an offence such as:
- Malicious wounding or grievous bodily harm which is racially aggravated
 - Arson
 - Actual bodily harm which is racially aggravated
 - Grievous bodily harm with intent
 - Robbery

- Possession of a firearm
- Riot
- Assault on the Police
- Common assault which is racially aggravated
- Violent disorder
- Resisting arrest
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

and the conviction is less than 10 years prior to the date of application.

12.6 An application will normally be refused where the applicant has a conviction for an offence such as:

- Racially aggravated criminal damage
- Racially aggravated offence
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

and the conviction or completion of any sentence imposed is less than 7 years prior to the date of application.

12.7 An application will normally be refused where the applicant has a conviction for an offence such as:

- Common assault
- Assault occasioning actual bodily harm
- Affray
- Fear of provocation of violence(S4 Public Order Act 1986)
- Intentional harassment, alarm or distress (S4A Public Order Act 1986)

and the conviction or completion of any sentence imposed is less than 10 years prior to the date of application.

12.8 An application will normally be refused where the applicant has a conviction for an offence such as:

- Obstruction
- Criminal damage
- Harassment, alarm or distress (S5 Public Order Act 1986)
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

and the conviction or completion of any sentence imposed is less than 3 to 5 years prior to the date of application

13. **Weapon Offences**

13.1 If an applicant has been convicted of possession of a weapon or a weapon related offence, this will give serious cause for concern as to whether the person is a fit and proper person to carry members of the public. Depending on the circumstances of the offence, an applicant should be conviction free and completed any sentence imposed at least 7 years prior to the date of application.

14. **Sex and Indecency Offences**

14.1 Any applicant currently on the Sex Offenders Register will not be granted a licence.

Offences against Children under 14 years and Young Persons 14 to17 years

14.2 Drivers of hackney carriage and private hire vehicles are often entrusted with the care of children and young persons. It is comparatively easy for an unscrupulous driver to take advantage of such

vulnerable persons. Where the commission of a sexual offence involves a child or young person an application for a licence will normally be refused.

Offences against Other Persons

14.3 As hackney carriage and private hire vehicle drivers often carry unaccompanied passengers, an application will normally be refused where an applicant has a conviction for an offence of:

- Rape
- Assault by penetration
- Offences involving children or vulnerable adults
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

14.4 An application will normally be refused where the applicant has a conviction for an offence relating to:

- Sexual or indecent assault
- Possession of indecent photographs, child pornography etc
- Exploitation of prostitution
- Trafficking for sexual exploitation
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

14.5 An application will normally be refused where the applicant has a conviction for an offence relating to:

- Indecent exposure
- Soliciting (including kerb crawling)
- Or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

14.6 A licence will not normally be granted if an applicant has a conviction for any sex or indecency offence.

15. Dishonesty Offences

15.1 Drivers of hackney carriages and private hire vehicles are expected to be persons of trust. It is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal fare. It should also be noted that a private hire driver is not bound by a set fare structure and therefore is open to potential abuse by dishonest drivers. Customers often use the trade for journeys to airports and drivers are privy to the knowledge that premises will be empty for a period of time. In addition overseas visitors can be confused by the change in currency and become 'fair game' for an unscrupulous driver. Members of the public entrust themselves to the care of drivers both for their own safety and for fair dealing. Passengers may comprise especially vulnerable people.

15.2 For these reasons a serious view is taken of any convictions involving dishonesty. In general a minimum period of 7 years from conviction or completion of any sentence imposed should be required before an application can be considered favourably. Offences of dishonesty include, but are not limited to:

- Theft
- Burglary
- Fraud
- Benefit Fraud
- Handling or receiving stolen goods
- Forgery
- Conspiracy to defraud
- Obtaining money or property by deception
- Other deception
- Taking a vehicle without consent

- Or any similar offences / offences involving dishonesty (including attempted or conspiracy to commit) offences which replace the above.

16. Drug Offences

- 16.1 A serious view will be taken with regard to any drug related offence. The nature and quantity of the drugs, whether for personal use or supply are issues which will be considered. A licence will not normally be granted where the applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, until at least 10 years have elapsed since the conviction or completion of any sentence imposed.
- 16.2 An application will normally be refused where an applicant has any conviction for possession of drugs, or related to the possession of drugs, until at least 5 years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant may also have to undergo drugs testing for a period at their own expense, to demonstrate that they are not using controlled drugs.
- 16.3 If there is evidence of persistent drugs use, misuse or dependency, a medical examination (in accordance with the DVLA Group 2 Medical Standards) will be required before an application will be considered. If the applicant was an addict then they will be required to show evidence that they have been free from drug taking for a period of at least 5 years after detoxification treatment.

17. Driving Offences

- 17.1 A very serious view is to be taken of any applicant who has been convicted of a driving offence that resulted in the loss of life. Unless there are exceptional circumstances a licence will not normally be granted where an applicant has a conviction for an offence such as:

- Causing death by dangerous driving
- Causing death by careless driving whilst under the influence of drink or drugs
- Causing death by driving unlicensed, disqualified or uninsured drivers or
- Or any similar offences

- 17.2 Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. Any motoring conviction demonstrates a lack of professionalism and will be considered seriously. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the grant of a licence or may not result in action against an existing licence. Subsequent convictions may reflect the fact that the licensee does not take their professional responsibilities seriously and is therefore not a 'fit and proper' person to be granted or retain a licence.

- **Major offences / High risk offences** (see Annex A for examples of major/high risk offences). An Application received which details one of the major / high risk traffic offences in Annex A, on the DVLA licence, will normally be refused or a current licence suspended or revoked. Where an applicant has a conviction for a major traffic offence or similar offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence or sanction imposed.
- **Minor offences** (see Annex B for examples of minor offences). Where an applicant has 7 or more points on their DVLA licence for minor traffic or similar offences, a licence will not be granted until at least 5 years have elapsed since the completion of any sentence or sanction imposed

18. Drunk driving / driving under the influence of drugs / using a mobile phone whilst driving

- 18.1 A serious view shall be taken of convictions for driving or being in charge of a vehicle whilst under the influence of alcohol or other substances. Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not normally be granted until at least 7 years have elapsed since the completion of any sentence or driving ban imposed.
- 18.2 If there is any indication that the applicant is an alcoholic, a medical examination (in accordance with

the DVLA Group 2 Medical Standards) shall be arranged by the applicant, at their expense, before an application is considered. If the applicant was an alcoholic, then they will be required to show evidence that they have undergone rehabilitation and have been free from any issues for a period of at least 7 years.

18.3 An isolated conviction for drunkenness shall not debar an applicant from obtaining a licence. However, a number of related convictions could indicate a problem necessitating a medical, as laid down in 18.2.

18.4 Applicants should also be aware of the serious risk posed by driving whilst using a mobile phone. There is a substantial body of research which shows that drivers who use a mobile phone suffer physical and cognitive distraction which means they:

- Are much less aware of what's happening on the road around them
- Fail to see road signs
- Fail to maintain proper lane position and steady speed
- Are more likely to 'tailgate' the vehicle in front
- React more slowly, take longer to brake and longer to stop
- Are more likely to enter unsafe gaps in traffic
- Feel more stressed and frustrated.

18.5 There is evidence to show that drivers who use a mobile phone have slower reaction times than those who have consumed up to the legal alcohol limit. In light of this, serious view will be taken of convictions for driving whilst using a mobile phone. Where an applicant has a conviction for using a hand-held mobile telephone or hand-held device whilst driving, a licence will not normally be granted until at least 5 years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

18.6 A licence will not normally be granted if an applicant has more than one conviction for an offence of driving under the influence of drink or drugs or whilst using a mobile phone.

19. **Discrimination Offences**

19.1 Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not normally be granted until at least 7 years have elapsed since the completion of any sentence imposed.

20. **Licensing Offences**

20.1 Licensing legislation is designed to ensure the public are protected and as such a serious view will be taken of convictions for offences under the Acts, such as plying for hire, overcharging, and refusing to carry disabled persons, when deciding whether an applicant is fit & proper. In general a period of 3 to 5 years free of conviction must have elapsed before an application should be considered.

20.2 A licence will not normally be granted if an applicant has more than one conviction for a licensing related offence.

20.3 If an applicant has had a licence suspended, revoked or refused by another authority, then checks will be made with that authority to aid the decision making process.

21. **Insurance offences**

21.1 A serious view will be taken of convictions of driving or being in charge of a vehicle without insurance. An isolated incident in the past will not necessarily stop a licence being granted provided 7 years have elapsed since the completion of any sanction or sentence imposed.

21.2 A licence will not normally be granted if an applicant has more than one conviction for an insurance related offence.

21.3 An operator found guilty of aiding and abetting the driving of passengers for hire and reward whilst

without insurance will normally have his operator's' licence revoked immediately and be prevented from holding a licence for at least 3 years.

22. Outstanding Charges and Summonses

22.1 If an applicant is the subject of any outstanding charge, summons, or is currently on bail awaiting a charging decision, no decision will be made, or licence granted until these outstanding matters are resolved.

No penalty points are attributed to these offences but they carry a period of disqualification. At the end of the disqualification (over 56 days) the driver will have to apply for a renewal licence together with the appropriate fee. Any queries about offences and endorsements should be directed to the convicting court.

Testing criteria for vehicles which have reached the standard age limit

Modern technological advances have improved the build quality and durability of all vehicles so that they are now designed with a longer lifespan. However, this is dependant on regular preventative maintenance and servicing being carried out effectively and in accordance with the manufacturer's' specifications. Failure to carry out such checks and tests can lead to costly repairs and even failure of critical safety features.

Licensed vehicles are subject to increased mileage and wear and tear than general vehicles. To ensure that the licensing of older vehicles does not have a negative impact on public safety or the environment, the council has an essential testing criteria. The criteria are items which the council considers to be critical areas of a vehicle test, which, if failed on a mechanical inspection are considered a major failure. Failure of these essential items can indicate that regular preventative maintenance has not been carried out, or if it has, it has not been effective.

Vehicles which remain licensed beyond a standard age are subject to this essential testing criteria. The age of the vehicle is determined from the date when first registered as indicated on the vehicle's V5 registration log book.

Where a licensed vehicle fails a mechanical inspection on one or more of the items contained in the table below, it will be immediately suspended and must not be used. The vehicle may be repaired and re-presented to the appointed testing station (Aragon) within 30 days for retesting. If the vehicle passes the mechanical test within 30 days, the suspension will be lifted and the vehicle may be re-licensed. If a vehicle does not pass the mechanical test within 30 days, for whatever reason, it will be de-licensed.

Licensed vehicles should be presented to the appointed testing centre in a good serviceable condition, and subject to routine planned preventative maintenance and servicing in order to ensure the safety of passengers, the driver and the general public.

Private Hire Vehicle Plate Exemption

1. Objectives

- 1.1 The aim of the policy is to ensure public safety whilst taking a balanced approach to licensing requirements. Its objective is the provision of an exemption to allow “executive vehicles” to operate without displaying external identification plates (private hire vehicle licence plate).

2. Introduction

- 2.1 The displaying of the external identification plate on a licensed vehicle and a drivers badge is important in terms of public safety and reassurance. They indicate to the travelling public that prior to being licensed both the vehicle and the driver have been subjected to checks to assist with public safety issues.
- 2.2 However there are occasions when the requirement to display an external identification plate may have the opposite effect in the terms of customer safety and could have commercial implications for the operating business. The display of local authority licence plates may also deter some corporate customers from using the service; and in some cases the identification of the vehicle as licensed may allow “high risk” passengers to more readily be targeted putting both them and the driver at risk.
- 2.3 The Local Government (Miscellaneous Provisions) Act 1976 requires that private hire vehicles display an identification plate (licence plate) and drivers of those vehicles wear a driver’s badge. The same legislation also allows Peterborough City Council to exempt vehicles from the need to display an identification plate and, where that exemption applies, the requirement to wear a private hire driver’s badge.
- 2.4 It is not intended that a significant number of private hire vehicles licensed by Peterborough City Council should be exempt from the council's requirement to display an external vehicle identification plate, however the council recognises that there may be circumstances when it would be appropriate for vehicles operating the type of service to be considered suitable for such an exemption.
- 2.5 In creating its policy Peterborough City Council does not seek to provide a definite list of vehicles it considers to be suitable (subject to use) for exemption from the requirement to display external vehicle identification plates.
- 2.6 This section provides guidance to potential applicants on the standards of vehicle, comfort and equipment that the council considers should be the minimum standard of comfort and vehicle type before the Authority would consider such an application.

3. Policy

- 3.1 Exemptions from displaying external identification plates (vehicle licence plates) may be in respect of individual vehicles only. Applications for exemptions relating to a fleet of vehicles will not be allowed.
- 3.2 Each application will be assessed on its own merit and each vehicle will be inspected by an authorised council officer to ensure that it is fit for purpose.
- 3.3 Applications for the exemption from the requirement to display an external identification plate on the rear of a private hire vehicle may be considered where the following requirements are met;
- a) Vehicle models must be either four door saloons, or five door estates or five door hatchbacks. Applications will not normally be accepted in respect of people carrier type vehicles.
 - b) Vehicles must be of a standard of comfort and equipped to a level equal to or above luxury brands of vehicles such as “S” and “E” Class Mercedes- Benz, 7 Series BMW, Lexus “GS” or “LS” models, Audi A8 Series, Jaguar, Rolls Royce and Bentley saloons. (The highest specification executive type

- cars from other manufacturers may also be considered).
- c) The vehicle will be in pristine condition with no visible defects, dents or blemishes to the external bodywork or internal trim and seating.
 - d) The type of work is “executive” in nature. This means that the vehicle is used specifically and exclusively to provide transport under a written contract to a company or person, or by the type of clients who for security or personal safety reasons would not want the vehicle to be identifiable.
- 3.4 Applications may only be made by a person holding a private hire operator's licence issued by Peterborough City Council.
 - 3.5 Where an operator wishes to make an application for a vehicle to be exempt from displaying an external identification plate they will be required to complete the appropriate application form. The application must be accompanied by supporting documentation and a non refundable fee.
 - 3.6 The council may require applicants to provide additional documentation as reasonably necessary to allow the council to make an informed decision. Where such documentation is not provided to the satisfaction of the council the application will be refused.
 - 3.7 Peterborough City Council is entitled to recover its costs in relation to the application for and issuing of an exemption notices and may charge such fees as it believes are appropriate to recover all or part of those costs.
 - 3.8 The fee to accompany an application for an exemption notice is listed in the council's Taxi Fees and Charges schedule and is non refundable.
 - 3.9 Where an application is granted, an exemption notice will be issued as soon as practical after the decision is made.
 - 3.10 Where a vehicle is exempted from the requirement to display an external identification plate the licensed driver of the vehicle will also be exempted from wearing a driver's badge.
 - 3.11 Irrespective of when an exemption notice is granted the initial exemption notice will expire on the same day as the expiration of the vehicle's current private hire licence, unless it is otherwise surrendered or revoked. Thereafter any renewed exemption notice will last for the same period of time as that vehicles private hire licence unless either the licence or notice is otherwise surrendered or revoked.
 - 3.12 Exemption notices may be renewed annually subject to the vehicle under going an inspection by a licensing officer to ensure that it continues to be fit for purpose for an exemption. The annual renewal fee for an exemption notice is listed in the council's Taxi Fees and Charges schedule and is non refundable.
 - 3.13 The fee for a replacement plate or exemption notice is listed in the council's Taxi Fees and Charges schedule.
 - 3.14 The authority to determine any application for an exemption notice is by delegation to the Licensing Manager.
 - 3.15 Applicants have the right to appeal a decision where a grant of a notice is refused or revoked; appeals must be in writing and will be reviewed by the licensing committee.
 - 3.16 All vehicles granted an exemption notice must in addition to this policy also comply in accordance with the requirements of the council's standard private hire conditions.
 - 3.17 Where there is any inconsistency between the standard private hire conditions and these conditions, then these conditions shall prevail.

Private Hire Vehicle Plate Exemption Conditions

The conditions listed below apply to all private hire vehicles granted an exemption from Peterborough City Council from the requirement to display an external identification plate (private hire vehicle licence plate). - b) Any vehicle granted an exemption from displaying a vehicle licence plate will be required to have the vehicle licence plate normally displayed on the rear of the vehicle affixed to the inside of the boot lid. The plate when so affixed must be readily visible when that boot lid is raised.
- c) In the event of loss or damage rendering the plate or notice unserviceable the operator shall make immediate application for a replacement which a fee is payable.
- d) The exemption notice issued by the council must be carried in the vehicle at all times and must be produced upon request to an authorised officer of the council or any police officer on request.
- e) When issued an exemption notice, the vehicle will not be required to display door signs which the council require private hire vehicles to display.

The person to whom the exemption is granted must inform the council of the sale or transfer of ownership immediately and in writing. The exemption notice must be returned to the council along with the private hire vehicle licence plate unless being sold to another private hire operator licensed by the council; in which case the only the exemption notice has to be returned.

Policy on the use of the National Register of Taxi Licence Revocation and Refusals (NR3)

1 Background

- 1.1 Licensing Authorities are required to satisfy themselves that those holding hackney carriage and private hire driver licenses are 'fit and proper' to do so. This is done firstly during the determination of an application for a licence, and then at any time during the currency of a licence. For example, when evidence is obtained that suggests that a licensed individual is not a fit and proper person, the licensing authority is entitled to suspend, revoke or refuse to renew a licence.
- 1.2 Information which may question the 'fit and proper' status of an applicant or licensed driver, may come from many sources, one of which is other licensing authorities.
- 1.3 All applicants for either a new or renewal driver licence, are required to declare if they have previously applied for a hackney carriage or private hire driver licence with this or any other licensing authority, and declare if any previous application was granted or refused.
- 1.4 Prior to the introduction of NR3, if drivers did not disclose information about a previous revocation or refusal of a licence, there was often no way to find this information out, which could have public safety implications and be relevant to an individual's 'fit and proper' status.
- 1.5 The Local Government Association commissioned the development of a national register of hackney carriage and private hire driver licence refusals and revocations, the 'National Register of Refusals and Revocations' or NR3. The objective of NR3 is to ensure that licensing authorities are able to make properly informed decisions on whether an applicant is 'fit and proper'.
- 1.6 The register allows licensing authorities to record details of where a hackney carriage or private hire drivers' licence has been refused or revoked, and allows licensing authorities to check driver licence applications against the register.
- 1.7 All applications for a new drivers licence or drivers licence renewal will automatically be checked on NR3. If a search of NR3 indicates a match with an applicant, the authority will seek further information about the entry on the register from the authority which recorded it. Any information received as a result of an NR3 search will only be used in respect of the specific licence application and will not be retained beyond the determination of that application.
- 1.8 Each application will be considered on its own merits. However, where an applicant fails to fully disclose information as requested, which is subsequently identified through NR3, this will, in all instances, raise questions about an applicant's integrity and status as a 'fit and proper' person.
- 1.9 Information will be processed in accordance with the Data Protection Act (DPA) and General Data Protection Regulation (GDPR). Any searches, provision or receipt of information of or under NR3 are necessary to the authority's statutory licensing functions of ensuring that all drivers are fit and proper to hold the applicable licence. It is not intended that any NR3 data will be transferred out of the United Kingdom.

2 Scope

- 2.1 This policy covers how Peterborough City Council will use NR3 and how the Council will comply with data protection requirements.
- 2.2 In this policy, the 'first authority' refers to a licensing authority which made a specific entry onto the National Register of Refusals and Revocations; the 'second authority' refers to a licensing authority which is seeking more detailed information about the entry.

3 Overarching Principles

- 3.1 NR3 is a mechanism for licensing authorities to share details of individuals who have had a hackney carriage or private hire vehicle driver's licence revoked, or an application for one refused. This is necessary for the performance of a task carried out in the public interest or in the exercise of official

authority vested in the licensing authority (Peterborough City Council) that is, assessing whether an individual is a fit and proper person to hold a hackney carriage or private hire vehicle drivers' licence.

- 3.2 This policy covers the use that this authority, Peterborough City Council will make of the ability to access and use information contained on the National Register of Taxi Licence Revocations and Refusals (NR3). The NR3 contains information relating to any refusal to grant, or revocation of a hackney carriage or private hire driver's licence. This information is important in the context of a subsequent application to another authority for a drivers' licence by a person who has had their licence refused or revoked in the past.
- 3.3 Peterborough City Council have signed up to use NR3. This means that when an application for a hackney carriage or private hire drivers' licence is refused, or when an existing hackney carriage or private hire driver's licence is revoked, that information will be entered onto the register.
- 3.4 When an application for a new drivers' licence, or renewal of an existing drivers' licence is received, Peterborough City Council will make a search the NR3. The search will only be made by an officer who has been trained in the use of the NR3 and who is acting in accordance with this policy. If details are found that appear to relate to the applicant, a request will be made to the authority that entered that information for further details.
- 3.5 Any information that is received from any other authority in relation to an application will only be used in relation to that application, and the determination of it, and will not be used for any other purpose. Any data that is received will only be kept for as long as is necessary in relation to the determination of that application. This will include the period of time processing that application, making a decision, notifying the applicant of the outcome of that decision, and any appeal processes.
- 3.6 For the avoidance of doubt, any such data will be kept for a period of no more than 35 days from the date of the service of the written notification of the determination of the application.
- 3.7 Where an appeal to the magistrates' court is made, the data will be retained until that appeal is determined or abandoned.
- 3.8 Where the appeal is determined by the magistrates' court, there is a further right of appeal to the Crown Court. In these circumstances, the data will be retained for a period of no more than 35 days from the date of the decision of the magistrates' court. If an appeal is made to the Crown Court, the data will be retained until that appeal is determined or abandoned.
- 3.9 Where the appeal is determined by the magistrates' court or the Crown Court, it is possible to appeal the decision by way of case stated. Accordingly, the data will be retained for a period of no more than 35 days from the date of the decision of the Crown Court (if the decision was made by the magistrates' court, the retention period has already been addressed).
- 3.10 If an appeal by way of case stated is made, the data will be retained until all court proceedings relating to that appeal by way of case stated (which will include potential appeals to the Court of Appeal and Supreme Court) have been determined.
- 3.11 The data will be held securely in accordance with Peterborough City Council's general policy on the secure retention of personal data. Which is available at:
<https://www.peterborough.gov.uk/asset-library/Data-Protection-Policy.pdf>
- 3.12 At the end of the retention period, the data will be erased and/or destroyed in accordance with Peterborough City Council's general policy on the erasure and destruction of personal data which is available at.
(TBA)

4 Adding information of refusal or revocation to NR3

- 4.1 Where an application for a licence is refused, or an existing licence is revoked, Peterborough City Council will record this decision on NR3. The information recorded on NR3 will be limited to an individual's:

- name
- date of birth
- address and contact details
- national insurance details
- driving licence number
- decision taken
- date of decision
- date decision effective

- 4.2 Recording this information on NR3 does not mean that applicants will be automatically prevented from securing a licence in the future, but is intended simply to ensure that licensing authorities are able to access an applicant's full licensing history, should further licence applications be made elsewhere.
- 4.3 Data is held on the NR3 register for a period of 25 years, in line with the national NR3 guidance. If during that time another authority requests further details relating to this decision, because of an application made, the licensing authority may provide reason for the refusal of or revocation of the application or licence.
- 4.4 Applicants and licence holders have various rights in relation to their data:
- the right to request access to their data;
 - the right to rectification or erasure of their data;
 - the right to restrict processing of their data; and
 - the right to object to the processing of their data for this purpose.
- 4.5 If an applicant or licence holder wishes to object to their information being added to the NR3 register, they are required to appeal in writing within 28 days of receiving notification of the council's intention to add details to NR3. The authority will consider any such requests and respond within one month.
- 4.6 If applicants for and licence holders of, hackney carriage or private hire driver licenses, wish to raise any issue related to the data protection legislation, including by relying on any of the rights afforded to data subjects under the GDPR, they can do so to the authority's Data Protection Officer, contact details below. This includes submitting a subject access request.

5 Checking the NR3 register as part of the application and renewal process

- 5.1 When an application is made to Peterborough City Council for the grant of a new, or renewal of, a hackney carriage or private hire driver's licence, Peterborough City Council will check the NR3.
- 5.2 Peterborough City Council will then retain a clear written record of every search that is made of the register. This will detail:
- the date of the search;
 - the name or names searched;

- the reason for the search (new application or renewal);
- the results of the search; and
- the use made of the results of the search (this information will be entered to the register at a later date)

5.3 This record will not be combined with any other records (i.e. combined with a register of licences granted) and will be retained for the retention period of 25 years.

5.4 If Peterborough City Council discovers any match (i.e. there is an entry in the register for the same name and identifying details) a request will be made to the authority that entered those details (the first authority) for further information about that entry. That request will also include details of Peterborough City Council's data protection policy in relation to the use of any data that is obtained as a result of this process.

5.5 This request will be made in writing in accordance with the form at Appendix 1 of this policy. It will be posted or emailed to the contact address of the authority that entered those details (the first authority) which will be detailed in the register.

6 Responding to a request made for further information regarding an entry on NR3

6.1 When Peterborough City Council receives a request for further information from another authority a clear written record will be made of the request having been received. This record will not be combined with any other records (i.e. combined with a register of licences granted) and will be retained for the retention period of 25 years.

6.2 Peterborough City Council will then determine how to respond to the request. It is not lawful to simply provide information as a blanket response to every request.

6.3 Peterborough City Council will conduct a Data Protection Impact Assessment. This will consider how the other authority (the second authority) will use the data, how it will store that data to prevent unauthorised disclosure, the retention period for that data, and the mechanism for erasure or destruction of the data at the end of that period. It is expected that if the second authority has adopted a policy similar to this, that should be a reasonably straightforward process.

6.4 If Peterborough City Council is satisfied that the other authority's (the 2nd authority) data protection procedures are satisfactory, consideration will then be given as to what information will be disclosed. This will be determined by an officer who has been trained to discharge this function.

6.5 Any disclosure must be considered and proportionate, taking into account the data subject's rights and the position and responsibilities of a licensed driver. Data is held on the NR3 register for a period of 25 years, but Peterborough City Council (the 1st authority) will not disclose information relating to every entry. Each application will be considered on its own merits.

6.6 Peterborough City Council will disclose information relating to a revocation or refusal to grant a driver's licence in accordance with the timescales contained within the licensing authority's Guidelines Relating to the Relevance of Convictions / Cautions in relation to Taxi Licensing (as attached at Appendix G of the overarching policy).

6.7 Where the reason for refusal to grant or revocation relates to a conviction (or similar as defined in the councils Guidelines) which is within the timescales determined in those Guidelines, the information will be disclosed.

6.8 Where the reason for refusal to grant or revocation relates to a conviction (or similar as defined in the councils Guidelines) which is outside the timescales determined in those Guidelines, the information will not be disclosed. However, in every case, consideration will be given to the full circumstances of the decision, and there may be occasions where information is provided other than in accordance with this policy.

6.9 Any information about convictions will be shared in accordance with this policy under part 2 of schedule 1, to the Data Protection Act (DPA) 2018; that is, the processing is necessary for reasons of substantial public interest in connection with the exercise of a function conferred on the authority by an enactment or rule of law.

- 6.10 The officer will record what action was taken and why. Peterborough City Council will make and then retain a clear written record of every decision that is made as a result of a request from another authority. This will detail:
- the date the request was received
 - how the data protection impact assessment was conducted and its conclusions
 - the name or names searched
 - whether any information was provided
 - if information was provided, why it was provided (and details of any further advice obtained before the decision was made)
 - if information was not provided, why it was not provided (and details of any further advice obtained before the decision was made) and
 - how and when the decision (and any information) was communicated to the requesting authority

This record will not be combined with any other records (i.e. combined with a register of licences granted) and will be retained for the retention period of 25 years.

7 Using any information obtained as a result of a request to another authority

- 7.1 When Peterborough City Council receives information as a result of a request that has been made to another authority, it will take that information into account when determining the application for the grant or renewal of a hackney carriage and private hire drivers' licence. This will be in accordance with the usual process for determining applications.
- 7.2 Peterborough City Council will make and then retain a clear written record of the use that is made of the results of the search (this information will be added to the register detailed above).
