

To: Peterborough City Council Licensing Team  
Sand Martin House Bittern Way  
Fletton Quays Peterborough PE2 8TY

Section A: Details of person or body making representation

Your Name: Robert B McNamara

Your Address: [REDACTED] Hinchcliffe Orton Goldhay

Section B: Details of premises representation is about

Name of Premises: LSM ENTERPRISES LTD

Address of premises: 47-50 Orton Shopping Centre

Application No. (if known)

Section C: Licensing objectives

Please tick one or more of the licensing objectives that your representation relates to:

Prevention of crime and disorder

Public Safety

Prevention of public nuisance

Protection of children from harm

Section D: Your concerns

Please summarise your concerns about this application:

This is a shopping area where people also stop to have coffee and children play i fail to se why we need a sports bar serving alcohol from 08.00-23.30 Monday to Sunday accommodating what will be drunken football supporters ( not all but most)

Please give further details of why you believe this application will have an adverse effect on the licensing objectives

The centre is shopping family orientated centre that would not be embellished by a bar serving alcohol from 08.00-23.30 to what on the whole would end up a bar mostly full with people full of alcohol for some hours watching sports mostly football which does tend to bring the worst out in people.

If one looks at pubs in town on football match day they see pubs have different supporters which keeps things calm mostly.

Now if we have a sports bar that anyone can enter it will do nothing but cause problems in the centre to family's children and shop keepers who must really be concerned.

We do have drug problems in the Ortons plus an increase in shop lifting the last thing we need are drunken football supporters plus anyone else who feels the need for alcohol at 08.30.

As for security the centre has not had any security since the last landlords left as for the police( who already have a thankless task} who are as rare as hens teeth in the centre and in the Ortons.
