FEEDBACK AND UPDATE REPORT

1. PURPOSE

- 1.1 This report provides feedback on items considered or questions asked at previous meetings of the Environment Scrutiny Panel. It also provides an update on matters which are of interest to the Panel or where the Panel have asked to be kept informed of progress.

2. BACKGROUND

2.1 Parking Services - Review

At a meeting of the Panel on 6 November 2008 a question was raised with regard to an item on the Feedback and Update report concerning the Parking Services – Review. The question raised was:

Is there a limit on the number of resident's permits that will be issued to any property?

Officers have provided the following answer:

In the majority of cases the answer is no with a few exceptions where a limit of one or two is in place due to the limited space available for parking. It should however be borne in mind that the majority of residents permits are issued on a zonal basis (which covers a number of streets) and thus it may not always be possible for any resident to park in their own street although spaces should be available elsewhere in the zone.

Costs of the permits are: the first vehicle would cost £19, the second £38 and the third £57 and not £19 per vehicle.

3. EXPECTED OUTCOMES

- 3.1 That the Panel notes the response to the question of number of permits issued to any property.

4. BACKGROUND DOCUMENTS

Used to prepare this report, in accordance with the Local Government (Access to Information) Act 1985

Parking Services Review Policy
