

Objections to the Application for the review of a premises licence.

Property: Fletton Off Licence, 129 High Street, Old Fletton, Peterborough PE2 8DT.

Licence Holder: Mrs. Anup K Singh.

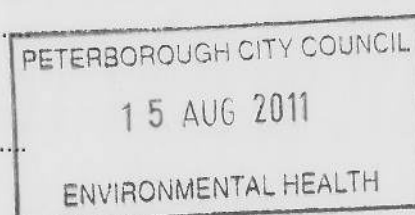

Representations: -

1. I have held the licence for over 10 years and previously my husband held the licence for over 10 years in respect of the same premises and during this period no breach whatsoever has occurred of the licence and/or the licensing objectives.
2. There is no history of any previous wrongdoing and we have at all times adhered to the law and complied with all relevant legislation.
3. The spirits drinks sized were of a small quantity, and I purchased these legitimately from a cash and carry in London called Demetia about 12 years ago. I received invoices for these items, which I have not retained. The bottles were old, stored on the shelves and the officers will note they were old stock as the bottles were marked UK on the label as opposed to the new stock.
4. I now have a very limited trade as I am selling the business and officers who came will have noticed there is hardly any stock left. Therefore, there is no risk that in the future any breaches will occur as I am retiring from the business. However, I do wish to retain the licence in order to sell the business otherwise the business would not sell and I would suffer hardship.
5. I would invite you to allow the licence to continue and impose whatever conditions you deem necessary in order to protect the licensing objectives.

Signed A.K. Singh
