The Committee Members believed that there was no form of mediation that was appropriate, given the position adopted by all parties.

4. STATEMENT OF PRINCIPLES – GAMBLING ACT 2005

The Licensing Committee received a report in relation to the Gambling Act 2005.

The purpose of the report was to make members aware of the amendments to the Statement of Principles following revision and consultation responses.

Members of the Committee were advised that the proposed policy put before them had been updated in line with the latest guidance, prior to undergoing a consultation, which ran from 6 August to 23 September 2021.

Members were asked to note that there were four responses to the consultation. These responses were fully considered, and the proposed policy had been updated in consideration of two of the responses received. Namely, HMRC postal contact details had

been updated and, paragraph 18.7 of the policy had been modified to remove some outdated text.

In summary the proposed Statement of Principles contained minimal amendments.

The Strategic Regulatory Officer - Licensing introduced the report and asked Committee Members to consider and approve the revised Statement of Principles as recommended that it was adopted by Council on 08 December 2021.

6:10pm At this point Councillor Allen arrived joined the meeting.

The Licensing Committee debated the report and in summary, key points raised and responses to questions included:

- Members were advised that the Local Area Profile (LAP) was guidance that had been recently introduced by the Government and used to highlight the risks to residents that may be more susceptible to gambling issues. It was further advised that a high risk could be where there was a gambling anonymous group in operation and in this example, it would not be appropriate place a gambling establishment in that location.
- 6:15pm. At this point Councillor Mahboob Hussain joined the meeting.
- All applicants and gambling licence holders were required to complete a Local Area Risk Assessment (LARA). If the premises was to be located near a school the applicant may need to implement a Security Industry Authority (SIA) licensed member of staff on the door to ensure that no school children entered.
- There had been no information to suggest that there had been any gambling issues in Peterborough. In addition, Peterborough had not adopted the LAP, however, there was a scoping exercise currently being undertaken.
- 6:20pm At this point Councillor Joseph joined the meeting.
- Members of the Committee were advised that a LAP if adopted, would be published online next to the Authority's Gambling policy and would list areas of risk such as schools or Doctors surgeries. Members were also advised that the LAP could be presented to the Licensing Committee if you they wished, however there was no obligation to do so.
- Although the Local Authority could not use the LAP to refuse a gambling license, they could attach some conditions to a premises if it was felt necessary.
- Members were advised that the use of the LAP could demonstrate that the LA were trying to tackle local issues that were as a result of gambling, however the LAP was only a guidance document currently and could not be used in the same way as the current Cumulative Impact policy. It was also felt that if implemented for use, the LAP could work in the same way and compliment the LA's current Cumulative Impact (CI) policy. The CI policy was used within specific areas in the City, such as The Triangle on Lincoln Road, where there had been a saturation of premises licenses and where social issues and anti-social behaviour issues were common.
- Members were advised that the saturation of gambling premises in specific areas in Peterborough were known to the LA, however when some LAs had attempted to tackle these issues they have had their decision to refuse a licence overturned. It was very difficult for the LA to refuse a gambling license unless officers could demonstrate that the gambling act objectives were being undermined.
- There had been no inclination that the LAP would be introduced as a document in which to control the placement of gambling establishments. There had been some changes introduced by the Government to control gambling issues such as the restriction of amounts being fed into slot machines from £100 to £2. Furthermore, Members were advised that the Government had mainly concentrated their efforts on tackling issues with online gambling sources.

- The gambling industry was heavily regulated by the LCCP (License Conditions and Codes of Practice). Therefore, all establishments would control emerging risks by following and implementing Government guidance prior to being regulated.
- 6:30pm At this point Ishfaq Hussain joined the meeting.
- Members felt that the policy renewal and the LAP had been very well explained and that they had no concerns about renewing the Statement on Principles Gambling Act 2005 policy.

The Licensing Committee considered the report and **RESOLVED** (Unanimously) to **APPROVE** the revised post consultation Statement of Principles and recommended that it was adopted by Council on 08 December 2021.

Contact Officer(s):	Gareth Brighton, Licensing & Business Manager Maria Crowe, Trainee Regulatory Officer	Tel. 864103

Applicant	The Original Bowling Company Limited, Focus 31 West Wing, Cleveland Road Hemel Hempstead Industrial Estate, Hemel Hempstead, Hertfordshire, HP2 7BW
Represented by	TLT Solicitors, One Redcliff Street, Bristol, BS1 6TP
Premises	Puttstars, Unit LL1 First & Second Floor, Queensgate Shopping Centre, Peterborough, PE1 1NT.

RECOMMENDATIONS
FROM: Peter Gell, Assistant Director: Regulatory Services
Members are asked to consider and determine the application for a Licensed Premises Gaming Permit for the use of thirty five (35) Category D gaming machines to be located at Unit LL1 First & Second Floor, Queensgate Shopping Centre, Peterborough, PE1 1NT.

1. PURPOSE OF REPORT

1.1 Members are asked to consider and determine the application for a Licensed Premises Gaming Permit (as defined by Section 283 of the Gambling Act 2005) for the use of thirty five (35) Category D gaming machines to be located at Unit LL1 First & Second Floor, Queensgate Shopping Centre, Peterborough, PE1 1NT (part of the former John Lewis store), taking into account the following:

- The relevant legislation
- The Licensed Premises Gaming Permit application submitted by TLT – **Appendix A**
- The proposed Floor Plans of the premises including the proposed gaming machine locations – **Appendix B**
- Examples of proposed gaming machine submitted by the Applicant - **Appendix C**
- The Gambling Commission Guidance to Local Authorities (May 2021)
- The relevant provisions of PCC's Gambling Act 2005 Statement of Principles

1.2 Owing to the number of Category D gaming machines being applied for, Peterborough City Council's Gambling Act 2005 Statement of Principles and the obligation to promote the licensing objectives, it is appropriate that the matter be referred to the Licensing Committee for determination.

2. BACKGROUND INFORMATION

2.1 An application for the grant of a Licensed Premises Gaming Machine Permit was received by the Licensing Authority on 24 January 2022 from TLT, solicitors acting on behalf of the applicant, The Original Bowling Company Limited. – **see Appendix A**

2.2 The application is made under Section 283 of the Gambling Act 2005 and is requesting the grant of a permit for the use 35 Category D gaming machines. Supplied with the application is a set of floor plans that outline, inter alia, the proposed position and location of gaming machines within the premises. - **see Appendix B**.

2.3 Section 283 of the Gambling Act 2005 states that a Licensed Premises Gaming Machine Permit is issued by a licensing authority authorising a person to make gaming machines of Category C or D (or both) available for use on licensed premises.

2.4 A separate application for a premise licence has also been submitted to the Licensing Authority by the applicant. A premise licence was granted on the 08 February 2022.

2.5 Under Section 282, Gambling Act 2005, pubs and other alcohol licensed premises are automatically entitled to two category C or D gaming machines upon notification to the local licensing authority of their intention to make gaming machines available for use. The premises must be licensed under the Licensing Act 2003 to sell alcohol for consumption on the premises, without the requirement that alcohol is served only with food and there must be a bar for serving alcohol to customers on the premises. The gaming machines must be located on these licensed premises.

Relevant premises may also apply for a permit to provide a greater number of machines. Licensing authorities can issue gaming machine permits which allow additional category C and D gaming machines to be provided. Where a gaming machine permit a specified number of gaming machines in particular premises, this will effectively replace, and not be in addition to, an automatic entitlement to two machines.

2.6 There is no statutory limit to the number of gaming machines which may be applied for and permits will be granted for the life of the premises, unless a shorter period is specifically stated. An annual fee is payable to maintain a permit.

2.7 Licensing Authorities can decide to grant an application with a smaller number of machines and/or different category of machines than applied for. Any conditions (other than these) cannot be attached to a Licensed Premises Gaming Machine Permit.

2.8 The application for the grant of a Licensed Premises Gaming Machine Permit relates to permission for 35 Category D gaming machines. Category D gaming machines are low-stake fruit machine style machines, coin pushers (commonly referred to as 'penny falls') or crane grabs.

2.9 The Categories of Gaming Machine Regulations 2007 provide the definition of Category D gaming machines, that being machines with a maximum stake of 10p or 30p non-monetary and maximum prize of £5 cash or £8 non-monetary.

2.10 The applicant has supplied the Licensing Authority with examples of the of Category D gaming machines intended to be made available for use on the premises. - **see Appendix C.**

3. RELEVANT MATTERS

3.1 In exercising their functions under the Gambling Act, particularly in relation to premises licences, temporary use notices and some permits, licensing authorities must have regard to the licensing objectives set out in Section 1 of the Act, namely:

- preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- ensuring that gambling is conducted in a fair and open way
- protecting children and other vulnerable persons from being harmed or exploited by gambling.

3.2 In relation to Licensed Premises Gaming Machine Permits, the Gambling Commission Guidance to Local Authorities published in May 2021 states:

Para 26.12 In determining an application, the licensing authority must have regard to the licensing objectives and to this guidance. They may also take account of any other matters that are considered relevant to the application. The application does not require notification to the Commission or police before determination, however, licensing authorities are able to specify this as a requirement should they see fit.

Para 26.13 The licensing authority may grant or refuse an application. In granting the application, it may vary the number and category of gaming machines authorised by the permit. If granted, the licensing authority must issue the permit as soon as possible after that. Where they refuse the application they must notify the applicant as soon as possible, setting out the reasons for refusal. The licensing authority must not refuse an application or grant it for a different number or category of machines, unless they have notified the applicant of their intention to do so and given the applicant an opportunity to make representations, orally, in writing, or both.

3.3 The Gambling Act requires that a licensing authority publish a 'Statement of Principles' that it proposes to apply when exercising its functions. In relation to Licensed Premises Gaming Machine Permits, Peterborough City Council's Statement of Principles states:

Para 24.3 If a premises wishes to have more than two machines, an application for a permit is required and this licensing authority shall consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission under Section 25 of the Act, and "such matters as they think relevant". This authority considers that "such matters" will be decided on a case-by-case basis but generally there will be regard to the need to protect children and vulnerable persons from being harmed or exploited by gambling and will expect the applicant to satisfy the authority

that there will be sufficient measures in place to ensure that under 18-year-olds do not have access to any adult only gaming machines. Such measures may include:

- Adult machines being in sight of bar
- Appropriate notices / signage

Para 24.6 Where an application is received for more than 19 gambling machines in alcohol licensed premises, Officers will have the discretion to arrange a hearing for members to consider the application.

Para 24.7 It should be noted that this licensing authority can decide to grant the application with a smaller number of machines and/or different category of machines than applied for. Conditions (other than these) cannot be attached.

3.4 The Licensing Authority has had communication with the applicant solicitors, TLT Solicitors. TLT have provided some clarity in respect of the siting and number of actual gaming machines, “the 35 machines being applied for would I anticipate be split between the two floors, albeit that the precise number on each floor will not be known just yet and would remain flexible when the premises open.

“To be clear, the request for 35 machines would be for 35 player positions and not 35 separate machines, so for example where a penny falls machine has 8 player positions for example this would account for 8 machines under the permit albeit only one physical machine”.

3.5 On 10 February 2022, observations were sought from both Cambridgeshire Constabulary and the Gambling Commission in relation to this application. On 13 February 2022, a response was received from Cambridgeshire Constabulary informing the Licensing Authority that they had no representations to make in respect of this application. The Licensing Authority did not receive a response from the Gambling Commission

4. IMPLICATIONS

4.1 Corporate Resources - The Legal Department support the Licensing Team regarding the provision of advice and guidance on street trading matters.

4.2 Financial Implications – The applicant has paid a fee of £150 to make the application. The fee is not refundable upon refusal and is payable upon renewal every three years.

4.3 Legal Guidance has been sought from the Legal Department on the compilation of this report.
