The term 'vicinity' is used in the Licensing Act 2003, in particular with reference to those 'interested parties' (see definition in guidance attached) who may lodge objections to applications for premises licences and who may make representations concerning existing premises licences. Unfortunately the Act does not define the term 'vicinity' but the licensing authority will determine each case on its individual merit.

If the licensing authority considers that relevant representations are made the licensing team will consider arranging a mediation meeting between the relevant parties (if all agree) to try and reach a settlement. If this informal process is unsuccessful a hearing before the Licensing Sub Committee will follow, unless the interested parties withdraw their representations.

All representations in their entirety, including your name and address will be disclosed to the applicant for the premises licence.

Representation form for interested person/ Body  
living in the vicinity of the premises.

The prevention of Crime and disorder.

In the past when this shop and bar were open youngsters were breaking windows with bricks and lighting fires in the back garden. There are already drunk people around this area and people urinating were ever they please.

Public Safety

Only last week there was a drunk woman sitting outside the premises, this was the time for the children to come home from school. The children weren't happy to see this and it also caused chaos for the traffic. An ambulance was called and obviously this is a one way street, so this causes a safety issue for children as this is a residential area.

The prevention of public nuisance.

People that attend the bar & cafe stand outside & drink and smoke cigarettes. They leave their cigarette stoves and empty beer bottles outside or even dump them in my front garden.

The people stand outside and do not move when people want to move or go by. This is very intimidating for us especially when they are drinking.

Children from harm.

Customers bring their children and let their children play on the roads and pavements unsupervised.

I live next door to this Shop/Bar. When it was running open before, we had a lot of problems because of it. I have 4 children and on most nights we could not go to sleep because of the music and laughing and talking that went on most nights. The children found it difficult to wake up <sup>for school</sup> because of this.

We already have a problem of parking this Cafe will create more parking problems with customers attending this bar and also there are vans & trucks delivering stuff on most days.

It is not fair that we have paid for our Residents permits and have no parking spaces and end up getting parking tickets. Also

We already have a problem with ~~out~~ people drinking and using drugs in this area, this will only increase.

This is a residential area and I don't understand why they have been allowed to open up again. The community is not happy with this and especially us as we live next door it is not safe and we cannot relax even at night because of the noise.

To Whom It May Concern:

This letter is in support of a complaint against the opening of an off-licence at 92-94 Gladstone Street, Peterborough. There are many concerns which are shared amongst the whole community which I would like to highlight in this letter, as well as some concerns which are unique to me as I am resident at number 96 Gladstone Street Peterborough. Firstly the lack of parking is an issue, even more so for me as my wife (Naseem Bibi) is disabled and is unable to walk long distances, in addition to this she is unable to dismount from the car in the middle of the road as there is no curb which makes it extremely difficult as well as distressing for her. Living directly next door to the shop means that the parking in front of the house is almost always taken, none of the customers use a visitors badge and are parking illegally, the reason they are able to get away with this is the fact that they will stand outside and smoke and drink, which brings me onto my next point. This group of people smoking and drinking not only makes a lot of noise, the fact that they smoke right next to my front window is a big problem as I am no longer able to open my front window due to the smell and the noise, however more seriously is the fact that I have a one year old granddaughter who spends most of her time in that room, she is being deprived of fresh air because if we open the window there is a lot of second hand smoke which is obviously detrimental to her health. As a result of the alcohol consumption, there are times when it can get very rowdy and noisy, there have been cases of people urinating on my front wall, which is disgusting and is defiantly not appropriate in a community where there are children and families around, where there are children who need to be up early for school and are disturbed by the noise.

Kind regards

Mohammed Ilyas

**OBJECTIONS TO SELL ALCOHOL AT 92-94 GLADSTONE STREET,  
PETERBOROUGH, PE1 2BL**

Owner of "STEPS CAFE" propose to sell alcohol at 92-94 Gladstone street, Peterborough, PE1 2BL. If the owner of *Steps Café* obtains the alcohol license, Gladstone street and the local community will change for the worse. There will be drunk people walking around the area, in particular where young children passing by the steps café in the late afternoons and evenings to make their way to the local Mosque which is a mere stone's throw away from the Café.

In addition to this, drunk people would be found urinating in private alley-ways and loitering in the small recreational park which is conveniently located adjacent to the café. We have experienced this similar nuisance to the area that became a burning issue for decades during the operation of the Gladstone Arms Pub. Sadly, it is still being tolerated in the area, particularly around the small children's recreational park on Russell street. The police is called quite frequently on issues of theft, scuffles and vandalism to vehicles and property. Due to this very nature of activity in the area, the vehicle and property insurance premiums have risen 4 fold in the recent years.

Further to this, there are already two business selling alcohol in close proximity to the *Steps Café*, contributing some form of nuisance in the area. More over, the *Café* will remain open until 11pm, so during the dark nights the small recreational park will become a fearful passage, especially for the vulnerable old Asian ladies who regularly use this access to come to the local Mosque from the west town area..

People who have had too much to drink would potentially become destructive to the park, as this has previously been recognised by the City Council. Evidently it would cost thousands of pounds per month for repairs to property damage, in-addition to the clean up process of the area to pick up the broken bottles and bear cans littered around after the consumption of alcohol. The broken bottles and bear cans that would become a potential health hazard to young children playing in the recreational park and an inevitable menace to the beautiful well kept grass land located at the rear of Gladstone street and Bourges Boulevard.

However, it is come knowledge that the current economical climate has already burdened the Peterborough City Council, ultimately it will be wasting further tax payer's money paying for the clean-up bill and potential Police call outs to this area. Hence, we, the residents of Gladstone street, urge the Peterborough City council to **REJECT** *Steps café's* or *anyone else's* proposal for a license to sell alcohol at 92-94 Gladstone street on the grounds of prevention of nuisance, including anti social behaviour, noise and litter.
