

Equality Impact Assessment:

Initial Assessment

Name: To consider a variation of private hire vehicle requirements to permit the licensing of hybrid or electric vehicles (EV).

1). What is the aim of the policy, project or strategy/purpose of activity/service?

The council has received an approach to licence an electric vehicle (EV) as a private hire. The conditions, as they stand are out of date and refer to a minimum engine size of 1300cc. As an EV, the vehicle's capacity is not measured by cc. Rather than return to committee with each and every new vehicle appearing on the market, it is anticipated to amend the requirements to allow for new technologies.

2). Will the policy/project/strategy/service have a disproportionate effect on members of the equality groups below? (See Appendix A for further information):

Equality Group	(✓)	Is the effect Positive, Negative, Neutral or Unclear? Please comment where applicable
Particular age groups		Neutral
Disabled people		Neutral
Married couples or those entered into a civil partnership		Neutral
Pregnant women or women on maternity leave		Neutral
Particular ethnic groups, including Gypsy and Travellers and new arrivals		Neutral
Those of a particular religion or who hold a particular belief		Neutral
Male/Female		Neutral
Those proposing to undergo, currently undergoing or who have undergone gender reassignment		Neutral
Sexual orientation		Neutral

If there are any negative or unclear affects, you are required to do a full EqIA.

D	There will be a neutral effect, neither positive nor negative	
E	Adverse impact is probable, since certain groups are likely to be disadvantaged, either proportionately or absolutely, or both. Remedial action is therefore necessary.

Appendix B

“Provide a summary of your policy area/programme”

350 words (3 or 4 paragraphs) should be enough to summarise what the policy is.

Bear in mind that what you write is a public document, so spell out any acronyms and abbreviations in full the first time they are used.

The people reading the description may well have specialist knowledge relating to equality issues. Your purpose, in these paragraphs about your policy, is to provide such people with sufficient preliminary information for them to comprehend the discussion that will follow.

Other things being equal, it will be appropriate to outline the following:

- The policy’s rationale/basis and purposes
- How it operates or will operate in practice
- When it began/will begin
 - Have there been any pilots or trials done?
- How the policy fits in with other policies (e.g. is it a strand within a larger policy area?)
- An indication of the size of the budget

“Why do you feel your policy area/programme will impact the identified groups? What evidence do you have to support this?”

Explain what information you have obtained that has enabled you to come to the decision that these groups will be affected.

Provide the sources of relevant evidence with full biographical details (e.g. paragraph/page references, URLs for documents that can be accessed online). The word “evidence” here is used in the broad sense.

This can include:

- Administrative data (local authority returns, census data etc)
- Results of opinion surveys
- Interviews and focus groups
- Responses to draft equality impact assessments
- Feedback from groups as a result of consultation
- Case studies and project evaluations
- Literature reviews
- Responses to Green and White Papers
- Inspection reports

“What does your evidence show?”

Here you should detail:

- Which diverse groups have been identified as being disadvantaged by the proposals together
- A summary of the negative impacts
- The proposed changes as a result of the research
- Whether the changes to the policy lower the negative impact
- Whether the changes provide opportunities to promote equality of opportunity and improve relations between diverse groups

Appendix C

“Next steps”

Here you should indicate the ways in which the EqIA will be followed up and kept under review, by showing progress detailed in a project plan, objectives set in an employees PDR/appraisal etc.

Make sure that, where appropriate, the statements about next steps reflect the “SMART” principles:

- **Specific**
- **Measurable**
- **Achievable**
- **Relevant**
- **Time-bound**

Also use the “next steps” section to emphasise the EqIA as a whole as a living document. Therefore, be sure to revise and update it when appropriate, in the light of further evidence, discussion and representations.

As a guide, here is some of what you could mention:

- Plans that are already underway or under active consideration to address challenges and priorities you have highlighted
- Arrangements for monitoring, and for periodic reports to certain groups.
- Arrangements for ensuring that monitoring systems are in place to guarantee regular checks are undertaken on the effects of the policy.
- Arrangements for ensuring that evaluations of any pilot projects take account of the concerns and discussions outlined in your assessment.
- Arrangements for discussing with other agencies and regulatory bodies the scope for taking account of the concerns and discussions in your assessment
- Arrangements for making sure that your assessment is brought to the attention of all relevant colleagues, and in this contributing to reviews of the Department’s single equality scheme.
- Arrangements for disseminating information about your assessment to local authorities and other stakeholders
- Arrangements for improving the information base
- Intentions for drawing up a detailed action plan.
