### 1. ORIGIN OF REPORT

1.1 This report is submitted to each formal Corporate Parenting Committee.

### 2. PURPOSE AND REASON FOR REPORT

2.1 To update the Corporate Parenting Committee in respect of the numbers of children and young people currently being looked after by the Council and to provide a breakdown of the types of placements in which they are living. The report also provides information about the age, gender and ethnicity of those children and young people.

2.2 The report also outlines a monthly performance report and an action plan report which outlines progress of each action made against the OfSTED recommendations from the inspection held in 2015.

2.3 This report is for Corporate Parenting Committee to consider under its Terms of Reference No. 2.4.3.2 To receive statutory reports in relation to the adoption, fostering, commissioning, looked after children services and children's homes with a view to recommending any changes.

2.4.3.6 To monitor the quality of care delivered by the City Council and review the performance of outcomes for children and young people in care.

2.4 This links into the Children in Care Pledge under:

**Respect** - We will respect you as individuals, with differing wants, needs and beliefs and tailor the service you get to fit you.

### 4. **BACKGROUND**

4.1 On the 30 September 2017 there were 373 Children in Care in Peterborough.

- 157 children were placed with foster carers who work for TACT (The Adolescent and Children’s Trust), and provide foster care through our strategic partnership.
- 109 children were in foster care and placed with independent fostering agencies (IFA’S). The agency works with the Local Authority on a contractual basis to provide foster placements.
- 34 post 16 years olds were living on their own (independent living) but still classed as CIC with an allocated Social Worker. Independent living assists the young person with the transition to leaving care. These young people are supported by our Leaving Care Service.
- 5 children had a court order (Placement Order) that allows them to live with their prospective adoptive parents whilst they are awaiting a final Adoption Order.
- 16 children were placed with family or friends carers (connected person). These carers are formally assessed in the same way that our other in house carers are assessed and are presented to the Fostering Panel for approval in the same way. They are paid the same level of allowances as other in house foster carers.
- 3 children were living with their parents but were still considered ‘looked after’ because they are subject to a full care order so the Council still shares parental responsibility with the birth parent. Placements with parents are often made pending a plan for reunification with the parent and in some cases will result in an application for care orders to be revoked.
- 45 children and young people (without disabilities) were placed in residential care that provides intensive support in a residential setting. These placements are most usually made when it is clear that foster care is not sufficient to meet the child or young person’s needs. Residential care is nearly always accessed by adolescents and only rarely used for younger children in very special circumstances.
- No children (with disabilities) were placed in specialist residential care. This disabled child will have complex health and behavioural needs associated with their disability. As above these placements are only used when all other types of support to keep the child at home or in foster care have been exhausted.
- There were 2 young people placed in a secure unit, and 2 in YOI.
