24th November 2017

Dear Mr Proudfoot

Petition: 20mph speed limits various street Werrington.

Thank you for your recent petition requesting 20mph speed limits on The Green, Church Street, Amberley Slope, Twelvetree Avenue and various parts of Lincoln Road in the Werrington Ward.

A councillor-led cross party task and finish group investigated 20mph signed only limits and reported its findings to cabinet in July 2014. Cabinet made 3 recommendations which are progressing, primarily aimed at gaining more evidence at both a national and local level before committing to a citywide roll out.

Since the task and finish group presented their findings a number of authorities have committed to implementing or have already implemented signed only limits. However there is still limited conclusive evidence of the impact in terms of mode of travel, reduction in speed and casualties and overall costs involved. Peterborough City Council are also waiting for the outcomes of a review which has been commissioned by the Department for Transport into 20mph signed only limits. Therefore at the current time there are no plans to make these roads 20mph.

Further to your e-mail from 17th November a date will be arranged to meet you on site with Highways Services and if there are issues with speed and/or accidents the council will investigate to see what other measures could be implemented.

If you require any further information or would like to discuss in more detail please contact myself on the above details.

Yours sincerely

Clair George
Prevention and Enforcement Service Manager
