Victims	v1 Ensure that victims from the three priority groups (serious crime, persistently targeted and vulnerable or intimidated) are identified and provided with an appropriate response based on their level of risk at the initial point of contact.	NP	Constabulary	V1.1	Multi-Agency arrangements and appropriate need and risk assessments ensure the delivery of this action. The Constabulary's ongoing Operation Sherlock is focusing on supporting officers to appropriately identify vulnerable victims. This in turn ensures the right response and support is provided through multi-agency safeguarding (MASH & MARAC arrangements) and victim support (referrals to Victim and Witness Hub and specialist support agencies) arrangements. More than a third of all referrals into the Hub each month are 'vulnerable and intimidated' victims with specialist services working in partnership with them. 100 per cent of victims supported by Hub felt it had helped them cope and recover and would recommend the service to a friend. <i>The County Council is working with several organisations to introduce organisational DA policies along with workplace champions.</i>	rag status ↔	Better identification of vulnerable victims through partnership working arrangements in MASH; organisational development to introduce domestic abuse workplace policies; developing community capacity and awareness of the issues.	
Victims	v2 Reduce the impact of anti-social behaviour by ensuring victims receive a proportionate response that is tailored to their needs.	NP	Constabulary	v2.	The Police and Crime Plan Dashboard shows current trends in relation to Anti-social behaviour (ASB). Incidents recorded by the police remain stable and there continues to be a low percentage of respondents concerned about high levels of ASB in their area. The percentage of respondents who feel safe in their community remains high. Work across the agencies, specifically housing, has focused on using restorative practices to resolve ASB issues. Victims can access support from the Victim and Witness Hub - either via self-referral where no crime has been recorded or through a needs assessment where the incident has been elevated to a crime (following criminal damage for example).	↔	Greater consistency of approach taken by housing agencies and district councils. Early intervention within communities would prevent later demand on policing. Link between ASB and mental health need exploring by partners. Via MH delivery group.	
Victims	v3 Ensure victims of crime receive a consistently high quality investigation.	NP / CS	Constabulary	v3.	Cambridgeshire Constabulary has an ongoing programme to improve the quality of investigations through delivery of the Operation Sherlock action plan. See also O 1.1	↔		
Victims	v4 Review processes so people in mental health crisis receive the right care at the right time and from the right service.	NP	Crisis Concordat Mental Health Delivery Group	v4.	The Cambridgeshire and Peterborough Mental Health Crisis Care Concordat Declaration provides a framework to deliver this action. Mental Health issues continue to create demand on policing. However the partnership response to supporting people in crisis now includes the First Response Service which includes the FCR based mental health nurses. This collaborative commissioning arrangement, with pan-agency agreed outcomes, has seen an improved experience for people in crisis. Independent evaluation of the IMHT element has showed it saves officer time, ensures more appropriate Sect 136 detentions (only two coming into custody in 2017) and has improved partnership pathways. Contract just been awarded for children's community mental health services to 'new provider'. <i>Areas of concern remain around timely ambulance transportation of people in crisis.</i>	↔	The Policing and Crime Act formally sets out elements of partnership working required in the future. This will again improve the experience for service users. The well established partnership working group is preparing for this.	
Victims	v5 Continue to develop services to enable victims and witnesses to be seamlessly supported through the criminal justice process wherever they live in the county. for example victims of burglary and other serious crime will always be visited by a police officer.	NP	OPCC / Constabulary / County Council (DA)	v5.	The Commissioning Cycle drives the delivery of this action through Needs Assessments and regular Victim Provider Forums (to identify gaps in provision). A range of thematic and general partnership forums also have a stake in this priority through their delivery plans. The merger of the Victim Hub and Witness Care is now complete to provide an end to end service for CJS victims. Better partnership working with Witness Service. However working arrangements of other CJ agencies continues to impact on overall victim satisfaction of their whole experience. Significant partnership work ongoing to address this. A review is taking place to look at what is best changed at national level, how effective lobbying can be achieved at regional level and how partners can best meeting the needs of victims and witnesses at the local level.	↔	Work in train to look at provision of support for victims of domestic abuse. This needs traction to drive a focus on early intervention and prevention and reduce future demand on services. Work ongoing to look at the sustainability of the current outreach	
Victims	v6 Ensure support services for victims and witnesses are commissioned in a cost efficient way, have clear referral pathways and handovers between agencies as individuals' needs change.	NP	CCJB Victims sub-group	v6.	The Commissioning Cycle drives the delivery of this action through Needs Assessments and regular Victim Provider Forums (to identify gaps in provision). A range of thematic and general partnership forums also have a stake in this priority through their delivery plans. The merger of the Victim Hub and Witness Care is now complete to provide an end to end service. Joint commissioning arrangements for the support service for victims of sexual violence now in place (first six monthly outcome monitoring October 2017) to work alongside the new SARC (based alongside the Rape Investigation Team). <i>The pathways for victims of SV have been re-mapped and partnership working planned to use improve the experience of victims.</i>	↑	Continued work to look at opportunities to jointly commission services - either through pooled budgets or pooled knowledge and influence.	
Victims	v7 Develop a countywide partnership response to reduce the harm, risks and costs of domestic abuse, child abuse and exploitation (including child sexual exploitation), serious sexual offences, trafficking and modern day slavery and 'Violence Against Women and Girls' which keeps victims safe from future victimisation.	NP	Domestic Abuse and Sexual Violence Delivery Group	v7.	The VAWG Needs Assessment is informing the creation of an action plan for the Domestic Abuse and Sexual Violence Delivery Group which addresses these issues. The Safeguarding Boards are leading on CSE and feature work to tackle this in their delivery plans. Key progress includes: development of strategy and action plan; development of MASH to improve children's safeguarding and MARAC processes; opening of new SARC and countywide SV service; successful bid to VAWG Transformation Fund for £400k to work upstream with children of DA and SV households and reduce future demand; successful bid to DCLG to tackle housing related DA issues. The Constabulary continues to work in partnership to tackle modern day slavery. The Constabulary continues to work in partnership to tackle modern day slavery. Developing an evidence base regarding Stalking and Harassment. Work to look at new recording requirements, effective support services and developing awareness within victim support and investigative staff.	↔	Opportunities to work upstream - using new statutory Sexual, Relationship and Education requirement to look at countywide demand reduction.	
Victims	v8 Offer victims of crime the opportunity to ask to meet their offender in a restorative justice conference at a time that is right for them.	NP	Constabulary	v8.	Cambridgeshire Constabulary is commissioned to provide an RJ offer as part of bespoke recovery plans for victims. The CCJB Victims and Witnesses Group supports multi-agency engagement in RJ. This is all in place. The service was awarded the RSQM in June 2017.	↑

Victims	v9	Ensure that when Criminal Justice System processes are reviewed the impact on victims and witnesses is considered.	NP	CCJB Victims sub-group	v9.	Agencies are encouraged to consult with each other when changes are being proposed at the CCJB Victims and Witness Group. CJS agencies can be held to account in the main CCJB Board. Significant number of CJ practices identified which are having a detrimental affect on victims and witnesses. Work is ongoing locally to tackle this and looking at opportunities to explore solutions at a seven force level. CPS Eastern Region Inspection expected to highlight issues. Changes to Section 28 expected to improve experience for child/vulnerable victims. Local CCJB monitoring performance issues - work to understand why cases fail due to V&W issues.		Opportunity to hold CJ agencies to account at CCJB. Collaborative work being developed to map what can be addressed locally, regionally and nationally and through which mechanisms.
Offenders	o1	Ensure that police investigations deal effectively with offenders while ensuring the best outcomes for victims <i>(Note: HMICFRS Peel 2016 - Constabulary GOOD at keeping people safe and reducing crime, but improvements required in how it investigates crime. Needs to do more to fully understand demand and plan for demand in the future)</i>	CS	Constabulary	01.1	Cambridgeshire Constabulary has an ongoing programme to improve the quality of investigations through delivery of the Operation Sherlock action plan. The Local Policing Review is intended to deliver quality investigations through development of a sustainable business model. In support of this, a detailed study of demand has been undertaken to enable the optimum use of resources. <i>Progress - Current demand pressures impact on police responses, investigative resources and the Constabulary's ability to resolve crimes with a recent deterioration in 'prosecution possible outcomes' and victim satisfaction in terms of police attendance and follow up contact. The Local Policing Review is intended to manage demand on investigative resources by creating a demand hub to more effectively triage at the front end of the process. Local Policing Review begins implementation from end of September 2017. Update on Operation Sherlock delivery plan and plans for managing demand on investigative resources went to November BCB, update in six month's time.</i>		Opportunity to improve victim satisfaction with follow up, improve investigative outcomes, improve timeliness and reduce the number of future victims.
		Use a partnership approach to tackle crimes which are of greatest concern to the public such as violent, drink and drug related crime, burglary and rural crime. <i>(Note: signs of some genuine increases in violence with injury and related A&amp;E attendances. 			CK	Constabulary	02.2	Cambridgeshire Constabulary maintains local engagement and priority setting mechanisms. It is maximising collaborative opportunities to deliver integrated partnership community safety responses. It is developing a strategy for enhanced problem solving in neighbourhood policing. <i>Progress - Although the percentage of respondents who feel safe in their community remains high, public feedback about whether the Constabulary is dealing with local concerns has deteriorated recently. Hare coursing remains a big issue. Work of Rural Crime Action Team valued by rural community. The local policing review will ensure that the Constabulary can continue to offer the best policing service to local communities.</i>		
Offenders	o2		CS	Constabulary	02.3	Cambridgeshire Constabulary delivers the priority areas strategy and action plan for burglary dwelling; the force crime prevention strategy and delivers the rural policing strategy. <i>Progress - Although in the context of significant falls in crime levels more generally in the last twenty years, nationally and locally there are now signs of some genuine increases in some crime types such as violence. The Constabulary is monitoring these trends to better understand what is driving these changes and what mitigating action is required. Update to BCB and Performance Working Group.</i>		
Offenders	o3	Improve partnership working to ensure resilience of services and effective and efficient action to address long-term causes of offending such as health issues, housing, drug and alcohol misuse, education, employment and training. The Offender Sub-group of the Cambridgeshire Criminal Justice Board supports the statutory agencies in the delivery of the multi-agency approach to tackling offending. Links to Substance Misuse Delivery Group, Mental Health Delivery Group <i>Progress - Priority issues identified by needs assessment on offending prevention and management being addressed through appropriate partnership governance mechanisms.
