1 November 2017	Leader of the Council and Member of the Cambridgeshire and Peterborough Combined Authority	SPORTS STRATEGY	<p>The Growth, Environment and Resources Scrutiny Committee RECOMMEND that the Leader of the Council and Member of the Cambridgeshire and Peterborough Combined Authority look at providing the city of Peterborough with a 50m Olympic size swimming pool.</p> <p>The Committee feel that with the new University being built it would be an appropriate time to reconsider building an Olympic size pool. An Olympic pool would attract more participation in the sport and inward investment through galas and events and attract more interest in Peterborough through advertising and marketing of the facility. A possible location to consider would be behind the existing Lido which would provide economies of scale with regard to staffing and management costs and would be a central location for use by the public,</p>	<p>Update provided on 22 February 2018 by Lisa Roberts, Head of Culture and Leisure</p> <p>The Active lifestyles steering group have reviewed the evidence and advice from Sport England and concluded that there is not enough evidence for a 50 meter pool in the city. The evidence shows that the city is short of one 25 meter pool and that this should be located in the north of the city to support unrepresented users. Progress has been made in reviewing a site in Werrington for a new 25 metre pool and sports facility. The team are working up a business plan which includes funding from Sport England.
