4. BACKGROUND AND KEY ISSUES

4.1 The attached CMDN report details the Cabinet Member's approval to write-off uncollectable debts that exceed £10,000 in relation to non-domestic (business) rates and accounts receivable (sundry debt). The aggregate total value of these debts is £328,084.

4.2 All cases requested for write-off follow a lengthy process to recover the outstanding money, sometimes dating back many years. Only once all avenues have been exhausted will the council consider writing off debt.

- 4.3 It is acknowledged that given the high volume and value of invoices and bills issued there will always be a requirement to write off an element of debt as uncollectable, however, a number of the debts included within the report are historic and should have been considered for write off a number of years ago.
- 4.4 The largest type of debt raised each year is non-domestic rates at approximately £100 million per annum. When the sum recommended for write off is expressed as a percentage of the total debt raised over the period, it represents only 0.002% for business rates and only 0.07% for sundry debt accounts.
- 4.5 The debt to be written off has been provided for in the council's debt provisions. As a result, there will be no adverse impact on the Council's revenue position as a result of this write off exercise, and no adverse financial impact as a result of not writing these debts off sooner.
