Good evening

It has been brought to my notice that an application had been submitted for a property currently undergoing conversion at [32 Dogsthorpe Road](#) (see photo, attached).

As one of the ward councillors, and living in the local area, I am strongly opposed to this application.

**CRIME & DISORDER**

Throughout Park Ward, and particularly in the Millfield area, we are seeing a lot of ASB, much of which is fuelled by the availability of cheap alcohol. If the Cumulative Impact Policy is to mean anything, it needs to put a brake on any further licences being granted.

The Huntly Grove - Granville Street - Dogsthorpe Road area already seen regular disturbances from groups of young men hanging around, drinking and, allegedly, drug dealing. We simply do not need yet another attraction for these type of people.

**PUBLIC SAFETY**

The Dogsthorpe Road corridor is a busy road, with car parking along its length. The addition of yet another shop, particularly one selling alcohol, will add to the parking and viability problems which, over the years, have contributed to accidents. We now have shops at the junctions of Dogsthorpe Road with All Saints Rd, Princes St, St Martin's St and Huntly Grove.

**PUBLIC NUISANCE**

I receive a lot of email and phone calls from residents about ASB, drug dealing and littering with bottles and cans. This local area cannot be allowed to decay in this way. Local residents feel increasingly powerless to stop this process, and so I am duty bound to represent their interests in the strongest terms possible.

This area already suffers from a littering flytipping problem, with cans and bottles forming a significant proportion of this rubbish.

**PROTECTION OF CHILDREN FROM HARM**

The presence of groups of young males hanging around at existing shops in the area, mean that there is a significant risk of this problem growing if a license is granted.

I would like these concerns to form part of the consultation on this particular application. Please can you confirm receipt and ensure that these comments are recorded.

Regards,

Richard
