<b>Victims</b>	V1 Ensure that victims from the three priority groups (serious crime, persistently targeted and vulnerable or intimidated) are identified and provided with an appropriate response based on their level of risk at the initial point of contact.	NP	Constabulary	V1.1	The Code of Practice for Victims of Crime sets out the responsibilities of all agencies to keep victims updated through the course of any investigation. The PCC, through the Victim Strategy, will take on a local role of ensuring agencies comply with their duties. The existing Multi-Agency arrangements and appropriate need and risk assessments continue to safeguard victims and their families. The Victim and Witness Hub receive an average of 1k referrals a month for support services. A clear triage system ensures people receive support based on need not crime type. A range of specialist services are available. The County Council is working with several organisations to introduce organisational DA policies along with workplace champions. Work is also in place to enable good information flows from new Athena data system.	rag status ↔	Organisational development to introduce domestic abuse workplace policies; developing community capacity and awareness of the issues; development of response to domestic abuse within housing.	
<b>Victims</b>	V2 Reduce the impact of anti-social behaviour by ensuring victims receive a proportionate response that is tailored to their needs.	NP	Constabulary	V2.	The Police and Crime Plan Dashboard shows current trends in relation to Anti-social behaviour (ASB). Incidents recorded by the police remain stable and there continues to be a low percentage of respondents concerned about high levels of ASB in their area. The percentage of respondents who feel safe in their community remains high. Work across the agencies, specifically housing, has focused on using restorative practices to resolve ASB issues. Victims can access support from the Victim and Witness Hub - either via self-referral where no crime has been recorded or through a needs assessment where the incident has been elevated to a crime (following criminal damage for example). Young victims of crime affected by ASB are being supported through the Victim and Witness Hub.	↔	Greater consistency of approach taken by housing agencies and district councils. Early intervention within communities would prevent later demand on policing.	
<b>Victims</b>	V3 Ensure victims of crime receive a consistently high quality investigation.	NP / CS	Constabulary	V3.	Cambridgeshire Constabulary has an ongoing programme to improve the quality of investigations through delivery of the refreshed Operation Sherlock action plan. See also O 1.1	↔

Victims	V4	Review processes so people in mental health crisis receive the right care at the right time and from the right service.	NP	Crisis Concordat Mental Health Delivery Group	V4.	The Cambridgeshire and Peterborough Mental Health Crisis Care Concordat Declaration still provides a framework to deliver this action. The IMHT Nurses, funded by the PCC, continue to improve and professionalise the policing response. The use of custody for people detained under Sect 136 is now banned for children and will only be used for adults in extreme circumstances this is being monitored through the Custody Governance. The Liaison and Diversion Service is supporting offenders with suspected MH issues before they reach crisis point. <b>The Constabulary is exploring new ways of dealing with frequent callers with diagnosed MH issues.</b>		The Countywide Community Safety Strategic Board has oversight of the work of the MH Delivery Group and is looking at cross cutting themes. The group itself are exploring the opportunities to improve the blue light response to people in crisis.
50 Victims	V5	Continue to develop services to enable victims and witnesses to be seamlessly supported through the criminal justice process wherever they live in the county for example victims of burglary and other serious crime will always be visited by a police officer.	NP	OPCC / Constabulary / County Council (DA)	V5.	<b>The Domestic Abuse Best Practice Framework drives improvements in the support provided for victims; Cambridgeshire is currently compliant. This ongoing compliance will depend on continued partnership support and joint management of risks. The Constabulary is working to upskill front line officers in dealing with DA and SV both in an investigation and victim liaison role. The National Victim Strategy is looking to review the guidance for front line officers in supporting victims which is being monitored through the CCJB Delivery Group.</b>		Work in the criminal justice board is ongoing to ensure victims are supported through the system and reduce the number of cracked and ineffective trials through Victim and Witness issues.
Victims	V6	Ensure support services for victims and witnesses are commissioned in a cost efficient way, have clear referral pathways and handovers between agencies as individuals' needs change.	NP	DA & SV Delivery Group	V6.	The Commissioning Cycle drives the delivery of this action through Needs Assessments and regular Victim Provider Forums (to identify gaps in provision). A range of thematic and general partnership forums also have a stake in this priority through their delivery plans. <b>Re- commissioning of the SARC and Countywide SV service will take place in 2019. The OPCC has been working with the Home Office VAWG team to explore the devolution of funding to greater meet local needs.</b>		Working with central govt to devolve funding; locally identifying future potential risks to front line services. Victims	v7 Develop a countywide partnership response to reduce the harm, risks and costs of domestic abuse, child abuse and exploitation (including child sexual exploitation), serious sexual offences, trafficking and modern day slavery and 'Violence Against Women and Girls' which keeps victims safe from future victimisation.	NP	Domestic Abuse and Sexual Violence Delivery Group	v7.	The action plan for the Domestic Abuse and Sexual Violence Delivery Group continues to address these issues. This is monitored regularly and continues to be a living document informed by the Constabulary's DA Delivery Plan. The Board has been monitoring the risks of outreach DA funding coming to an end; mitigation plans are in place. The Safeguarding Boards are leading on CSE and feature work to tackle this in their delivery plans aligned with the Constabulary's own plan. The development of the Met Hub (Missing, Exploited and Trafficked) for children continues to work with staff in local Children Homes to identify those at risk and put effective safeguards in place. The Specialist Victim and Witness Co-ordinators have been highlighted as best practice on a new Anti Slavery website. A partnership with the Suzy Lamplugh Trust has delivered training to front line victim support staff and specialist officers including members of the demand hub and a new specialist post to support victims. See also O3 - work around Adverse Childhood Experiences. A refreshed countywide agreement is improving understanding and partnership working across Cambridgeshire and Peterborough.		Opportunities to work upstream - using new statutory Sexual, Relationship and Education requirement to look at countywide demand reduction. The countywide response to Stalking and Harassment is being focused on by the group. This should professionalise the response to victims.
51 Victims	v8 Offer victims of crime the opportunity to ask to meet their offender in a restorative justice conference at a time that is right for them.	NP	Constabulary	v8.	Cambridgeshire Constabulary is commissioned to provide an RJ offer as part of bespoke recovery plans for victims. This is all in place. Cambridgeshire has been picked for additional support from a national charity Why Me? to improve the RJ offer to hate crime victims.		Cambs has been picked by national charity Why Me? To support the development of RJ within Hate Crime reports.
Victims	v9 Ensure that when Criminal Justice System processes are reviewed the impact on victims and witnesses is considered.	NP	CCJB Delivery Group	v9.	The CCJB drives this work through its main board and sub-group structure. This enables problem solving with key partners. Cambridge Magistrates Court, which had been threatened with closure, will remain open in the short term thanks to interventions from the PCC and partners. Work is being looked at regionally.		Regional work being progressed with HM Courts to work in partnership across a wider area.

It is making good progress in its understanding of demand for its services, but recognises that it needs to do more, particularly to predict future demand.)	CS	Constabulary	O1.1 Cambridgeshire Constabulary has an ongoing programme to improve the quality of investigations through delivery of the Operation Sherlock action plan. The new business model including the demand hub, is intended to enable the optimum use of resources including quality investigations. Demand pressures impact on the Constabulary's ability to resolve crimes with a deterioration in 'prosecution possible outcomes' and victim satisfaction in terms of police attendance and follow up contact. See also update T1 re planning process and strategic assessments. The Force Management Statement process will increase focus on the drivers of demand. Performance Working Group and Business Coordination Board meetings continue to consider targeted work by the Constabulary to improve investigations and to better understand demand.
