completed and refinanced.

During this time the Council continued to receive a commercial rate on the loan and all advisor costs were recharged to Empower.

Decision

Following conference call discussions with Empower and the Council's advisors and based on Empower's representations and the evidence submitted by them to the Council in the course of the last month, the Council is satisfied that there is a reasonable expectation of the refinance progress achieving the refinance of the Council's loan.

Conditions of facility extension

1. Interest accruing on the existing loan will be paid by ECSP1 on existing commercial terms to the Council, in accordance with an agreed payment plan. Agreement of the payment plan is delegated to the Corporate Director, Resources.
2. Charge by the Council of a fee of £10,000 to ECSP1 for each monthly extension of the loan facility, payable in accordance with the agreed payment plan. These charges reflect additional senior officer time required to resolve and monitor the agreement and seek input from advisors;
3. Payment of the Council's advisor fees (to Pinsent Masons' and Deloitte's) by ECSP1 to date and any additional advisor fees incurred will be payable in accordance with the agreed payment plan
4. A weekly progress call with Empower and the Council's legal and financial advisors

Alternative options considered.	Do nothing If the Council fails to extend the loan, then on 1 December 2018 the loan repayment will be due in full and if it is not made ECSP1 will be placed into default and the Council would be required to exercise its security and take over the assets of the company. At this point the Council will then have to operate the company either on a long term basis or on a short term basis whilst it sourced an alternative long term funder itself which may be impeded by the loan being placed into technical default. This option is not considered to be in the Council's best interests at this time.
