

Appendix 1

Photographs of area near South Grove Community Centre and adjacent shopping area and car park - March 2019:

Photo 1 - Evidence of urination and alcohol related litter at South Grove Community Centre.

Photo 2 - alcohol related litter and human excrement near South Grove Community Centre

Photo 3

Photo 4

Photos 3 and 4 show a fly-tipped mattress and large amount of alcohol related litter which have been thrown over a fence on private land adjacent to walkway near South Grove Community Centre.

Photo 5 - glass bottles and alcohol cans litter a communal walkway

Photographs of Network Rail land near Oundle Road March 2019:

Photo 6 - Alcohol cans

Photo 7 - needle exchange bags and other associated packaging

Photo 8 - needle disposal box discarded on Network Rail land

Photographs of the river bank in Woodston - March 2019:

Photo 9

Photo 10

Photos 9 & 10 illustrate evidence of fires on the river bank. Evidence of drug use in the form of needle packaging was also found at the location. However as the area is regularly litter picked by the local community groups no needles were present at the time of the officer's visit.

Photographs of the bridge leading to Viersen Platz/ASDA, Woodston - March 2019:

Photo 11 - Needle packaging and litter found at one of the drug taking hot spots by the river in Woodston

Photo 12 - A used, un-capped needle found at one of the drug taking hot spots by the river in Woodston

Photograph of alcohol litter found on Railworld land - March 2019:
