4. BACKGROUND AND KEY ISSUES

4.1 Fly tipping of waste is a national issue as well as being a very local issue to Peterborough residents who share the City with such incidents of illegal and anti-social behaviour, it currently costs the authority annually over £200,000 in collection alone just from PCC owned land.

A number of areas of Council operation may have an influence on such incidents and as such the scope of the group follows the following core subjects.

- The HRC in Fengate due to take over from Dogsthorpe in early 2019
- Investigation of potential additional HRC site
- Waste, Recycling and Cleansing policies and procedures where relevant
- Fly Tipping collection and handling
- Education, Information Gathering, Surveillance, Enforcement and Prosecution

The Task and Finish Group completed their initial investigation in to the issue of Fly Tipping in Peterborough and presented their findings of the review to the Growth, Environment and Resources Scrutiny Committee on 9 January 2019. Whilst the Committee were satisfied with the findings within the report and the conclusions and recommendations reached the Committee requested that a further piece of work should be undertaken. Therefore a further recommendation was added to the report for presentation to Cabinet on 4 February 2019. The additional recommendation was as follows:

The Growth, Environment and Resources Scrutiny Committee endorsed the development of detailed policy proposals namely;

Bulky waste Collection Policy, including examining the following: price, price banding, number of items per collection, times and days per week. Scheduled community collection events with Parish Councils etc.

· HRC Restrictions on van and trailers, opening hours, trade waste ban, DIY waste limits/charging, electronic permit application and/or use on site (e-permits) neighbouring authority policies, legal restrictions and financial implications.

To include where possible detail on legislative restrictions, neighbouring authority policies and cost estimations for consideration.

On presentation to Cabinet on 4 February 2019 all recommendations including the additional one made by the Committee on 9 January were accepted. The Task and Finish Group have therefore continued to meet to work on the development of detailed policy proposals as requested by the Committee and approved by Cabinet. The report attached at Appendix 1 therefore contains the conclusions and recommendations following the request from Cabinet.

5. CONSULTATION

5.1 Significant consultation had been undertaken with a wide range of stakeholders during the development of the second stage of the review which was focussed on the implications arising from the specific recommendations developed by the group.

6. ANTICIPATED OUTCOMES OR IMPACT

6.1 That the Cabinet Member accepts the recommendations in the report.

7. REASON FOR THE RECOMMENDATION

- 7.1 The leader has requested that the Scrutiny Committee consider his request to set up a cross party Task and Finish group to examine the issue of Fly Tipping and how alterations to the relevant policies and the current operating regime might be altered to help to reduce Fly Tipping. This is the report form that Task and Finish Groups works.
- 7.2 Based on the considerable evidence gathered during the work of the Task and Finish Group a sound understanding and basis in evidence has been generated to support the specific recommendations.

8. ALTERNATIVE OPTIONS CONSIDERED

- 8.1 To not undertake the work of the Task and Finish group and report back was considered as unsuitable as this would fail to action the leaders desire to undertake said investigation into these challenging issues.

9. IMPLICATIONS

Financial Implications

- 9.1 The elements mentioned in the report may have financial implications, however at this point in time only budget estimates are available as procurement exercises have not been undertaken.
