

Appendix 3

New Faith School on Hampton Water – e Petition and paper petition

We the undersigned petition the council to "reject proposals for a religiously selective voluntary aided Catholic primary school in Hampton Water, and support a well-established alternative proposal for a community ethos school, suitable for pupils of all backgrounds."

A new faith school has been submitted to Peterborough city council and they are currently going through a consultation process for this. Residents want a catchment school that is inclusive of all children. Children should not be excluded from education using public money based on faith.

This Petition ran from 29/11/2019 to 06/01/2020.

Total number of valid signatories 240.
