### 4. BACKGROUND AND KEY ISSUES

#### 4.1 INTRODUCTION

4.1.1 The report explains the strategic approach for Internal Audit that will be adopted to continue to provide effective assurance risks facing the Council and the strategic approach to tackling fraud against the Council for the coming year. An ongoing focus for 2020 / 2021 will be the ways in which we can assist management to meet the new challenges they face through redesign of controls to ensure that key risks are managed with reduced resources and by providing appropriate challenge, support and assurance to key programmes and projects which are enabling transformation and efficiencies.

4.1.2 The remit and work of the section is fully documented in the Internal Audit Charter. The Charter is subject to an annual review by the Committee and is compiled in accordance with the Public Sector Internal Audit Standards (PSIAS).

#### 4.2 INTERNAL AUDIT CHARTER 2020 / 2021 (Appendix A)

4.2.1 The Charter sets out the purpose, objectives and scope of the activities of the service and has been developed to take account of the following requirements which have previously been reported to the Audit Committee:

- The PSIAS;
- The governance requirements set out in CIPFA Statement on the Role of the Head of Internal Audit in Public Sector Organisations (2019). (This supersedes the Statement on the Role of the Head of Internal Audit in Local Government (2010))

4.2.2 The Charter has been compiled to ensure compliance with PSIAS. It places the following requirements on public sector organisations' Internal Audit arrangements:

- (i) **Compliance** with the IIA Code of Ethics (and those of other professional bodies of which an auditor is a member, e.g. CIPFA). The IIA Code of Ethics sets out key principles and rules of conduct covering the following: Integrity; Objectivity; Confidentiality; and, Competency.
- (ii) **Purpose, authority and responsibility** of the Internal Audit activity must be formally defined in an Internal Audit Charter which should:
  - Define the terms "board" and "senior management" for the purposes of Internal Audit activity;
  - Cover arrangements for appropriate resourcing;
  - Define the role of Internal Audit in any fraud-related work; and
  - Include arrangements for avoiding conflicts of interest if Internal Audit undertakes non-audit activities.
- (iii) **Independence and objectivity**: the Chief Internal Auditor must report to a level within the organisation that allows the Internal Audit activity to fulfil its responsibilities. The Chief Internal Auditor must report functionally to the board. In practice this means that Audit Committee (as the Board) will be involved in:
  - Approving the Internal Audit Charter;
  - Approving the risk based Internal Audit Plan; and
  - Making appropriate enquiries of management and the Chief Internal Auditor to determine whether there are inappropriate scope or resource limitations.

- (iv) ***Proficiency and due professional care:*** Audit engagements must be performed with proficiency and due professional care. Internal auditors must possess the knowledge skills and other competencies needed to perform their individual responsibilities. The Chief Internal Auditor must hold a professional qualification (CMIIA, CCAB or equivalent) and be suitably experienced.
- (v) ***Quality assurance and improvement programme:*** the Chief Internal Auditor should develop an improvement programme that covers all aspects of the Internal Audit activity. An external assessment should be conducted at least once every five years and progress against any improvement plans, agreed following external assessment, must be reported to senior management and to Audit Committee.

4.2.3 The Audit Charter has been updated to reflect / reference current standards. There are no material changes.

#### 4.3 **INTERNAL AUDIT: CODE OF ETHICS (Appendix B)**

4.3.1 The Code of Ethics sets out the expected behaviours of Internal Audit staff in relation to service delivery. The basis of standards of conduct has been reviewed and remains unchanged with reference to those followed by Internal Audit in previous years. The Code of Ethics has been developed to mirror the obligations in this area as per the PSIAS and is therefore considered to be in keeping with professional standards.

4.3.2 Aside from the Code of Ethics, the Chief Internal Auditor in the role of the Chief Audit Executive will also be cognisant of and comply with requirements laid down in CIPFA's Statement on the Role of the Head of Internal Audit in Public Sector Organisations (2019). It is also further acknowledged that all Internal Audit staff will operate in accordance with their own professional bodies' Code of Ethics, as well as any organisational Codes of Ethics or Conduct relating to their employer.

#### 4.4 **INTERNAL AUDIT STRATEGY 2020 / 2021 (Appendix C)**

4.4.1 The Internal Audit function will:

- Provide the Section 151 Officer and Audit Committee with an overall annual opinion on the Council's governance, risk and control arrangements, which also supports the Annual Governance Statement;
- Review the Council's governance, risk management and control processes through a risk-based annual work plan which is aligned to the Council's objectives, giving assurance on the Council's wider risk profile, not just financial controls, and on key emerging risks;
- Support the organisation through changes in structure, culture and operating models;
- Demonstrate the value of audit by working proactively with those responsible for transformation and efficiency activities, to avoid duplication of audit and assurance effort and provide assurance across governance arrangements;
- Drive improvement in risk management, controls and governance by making effective recommendations to management arising from our work and monitoring and reporting on implementation;
- Assist management to optimise the control environment through a better understanding of risks which potentially enables fewer but better controls to be put in place;
- Co-operate effectively with external auditors and other review bodies functioning in the council;
- Use technology to improve the efficiency of audit testing – using data analytics and continuous audit methodologies – to foster greater compliance with policies and procedures;
- Improve governance through strengthening of the challenge role of Audit Committee, promoting appropriate compliance and ethical behaviours, and extending assurance arrangements to partnerships

4.4.2 The strategic approach set out above is underpinned by the Internal Audit Strategy which is set out in Appendix C and is aligned with Internal Audit best practice.

#### 4.5 INTERNAL AUDIT PLAN 2020 / 2021 (Appendix D)

Since then, we have visited Departmental Management Teams to present draft plans for consideration.

4.5.2 The Plan for 2020 / 2021 aims to give the Council the best audit coverage within the resources currently available, in order to provide an Annual Audit Opinion to feed into the Annual Governance Statement.
