4. BACKGROUND AND KEY ISSUES

4.1 The attached CMDN report details the Cabinet Member's approval to write-off uncollectable debts that exceed £10,000 in relation to accounts receivable (sundry debt), as detailed in the appendices to this report. The aggregate total value of these debts is £200,552.

4.2 All cases requested for write-off follow a lengthy process to recover the outstanding money, sometimes dating back many years. Only once all avenues have been exhausted will the council consider writing off debt.

- 4.3 It is acknowledged that given the high volume and value of invoices and bills issued there will always be a requirement to write off an element of debt as uncollectable.
- 4.4 Per annum (excluding the impact of the pandemic), the Council currently expects to receive approximately £100m in non-domestic rates and in excess of £70m of sundry invoice income. As a result of activity on this scale, the Council recovers millions of pounds every year in unpaid debt, sometimes dating back years, due to being persistent in recovery activity. When the sum recommended for write-off is expressed as a percentage of the total debt raised over the period, it represents only 0.02%. If debts less than £10,000 are also included, the total percentage written off is only 0.03% of the total debt raised.
- 4.5 The majority of debt to be written off has been provided for in the council's debt provisions. As a result, the impact on the Council's revenue position as a result of this write off exercise is £51,421. All debt recovery actions available to the council must be exhausted before outstanding debt can be recommended for write-off.
