4. BACKGROUND AND KEY ISSUES

- 4.1 At the 31 May 2022 there were:
138 children placed with in house foster carers.

144 children placed with agency foster carers outside of the city boundaries. These agencies work with the council to provide foster placements on a contractual basis.

7 post-16 were living in semi-independent accommodation, who have an allocated social worker and a personal adviser. The focus is preparation for adulthood.

19 children were placed with family or friends (connected persons). These carers are formally assessed in the same way that in house foster carers are assessed and are presented to the Fostering panel for approval through the same process and standard. They are supported through the foster carer allowance.

5 children are currently living with their parents but are still considered to be 'looked after' because they are subject to full care orders. The Council is sharing parental responsibility with the birth parent. Such placements are made when there is a plan for reunification.

6 children are currently placed for adoption.

2 children are placed in residential educational placements.

70 children are placed in residential provision. These placements are most usually made when it is clear that foster care is not sufficient to meet the child or young person's needs. Residential care is nearly always accessed by the Adolescents Team and only used for younger children in very special circumstances. These are reviewed regularly to ensure children can step down to a foster placement when they are ready.
