PLANNING APPEALS QUARTERLY REPORT ON PERFORMANCE APRIL TO JUNE 2022

RECOMMENDATIONS	
FROM: Executive Director: Place and Economy	Deadline date: September 2022
It is recommended that the Committee:	
1. Notes past performance and outcomes.	

1. PURPOSE AND REASON FOR REPORT

- 1.1 The Government monitors the performance of local planning authorities in deciding applications for planning permission. This is based on their performance in respect of the speed and quality of their decisions on applications for major and non-major development.
- 1.2 Where an authority is designated as underperforming, the Town and Country Planning Act 1990 (as amended) affords applicants the option of submitting their planning applications (and connected applications) directly to the Planning Inspectorate (who act on behalf of the Secretary of State) for determination.
- 1.3 This report focuses on just the performance of Peterborough City Council in regards to the quality of its decisions on planning applications. It is useful for Committee to look at the Planning Service's appeals performance and identify if there are any lessons to be learnt from the decisions made. This will help inform future decisions and potentially reduce costs.
- 1.4 This report is presented under the terms of the Council's constitution Part 3 Section 2 – Regulatory Committee Functions, paragraph 2.6.2.6.
- 1.5 This report covers the period from 1 April 2022 to 30 June 2022, and a list of all appeal decisions received can be found at Appendix 1.
- 1.6 For the purposes of 'lesson learning', these update reports will normally cover a selected number of cases in detail whereby the Local Planning Authority (LPA) has lost its case. Attention will be paid to the difference in assessment of the selected schemes between the LPA and Planning Inspector.

3. MAIN BODY OF REPORT

- 3.1 In the period of 1 April to 30 June 2022, a total of 8 appeal decisions were issued. This number is similar to the corresponding periods in 2020 and 2021, whereby 5 and 13 appeal decisions were received respectively.
- 3.2 Of the planning application decisions appealed during this quarter, some related to the refusal of planning permission and others to refusal of advertisement consent. All resulted from Officer delegated decisions. This is not unusual given the relatively low number of applications which are referred for determination by Members.
- 3.3 Of the 8 appeal decisions issued, 7 cases were dismissed by the Planning Inspector appointed by the Secretary of State for Communities and Local Government. 1 appeal was allowed. None of the decisions were subject to an award of costs either for, or against, the Council.
- 3.4 This represents a similar, albeit slightly better, level of performance when compared to previous quarters during the preceding 2 year period, as shown in the following table. However it is akin to the overall average during that period, thereby identifying a relatively consistent quality of decision-making.

	Appeals decided	Appeals Allowed	% Allowed
Jul - Sep 2020	7	1	14 %
Oct - Dec 2020	6	2	33 %
Jan - Mar 2021	8	1	13 %
Apr - Jun 2021	3	1	33 %
Jul - Sep 2021	3	1	33 %
Oct - Dec 2021	8	3	37.5 %
Jan - Mar 2022	8	2	25 %
Apr – Jun 2022	8	1	13%
TOTAL	46	12	26 %

- 3.5 With regards to the measure against which the Government assesses appeal performance, this is calculated based upon the number of appeals lost (allowed against the Authority's decision) as a percentage of the total number of decisions made by the authority. The Government has set the target at no more than 10% across a rolling 2-year period.
- 3.6 The table provided at Appendix 2 sets out the performance of the Council against the Government target between July 2020 and June 2022 (inclusive). As can be seen, the Council is performing far below the threshold set by Government and as such, this does not pose any concerns in terms of the quality of planning decisions being issued.
- 3.7 There are no specific lessons to be learned from the appeal decisions this quarter.
