1. ORIGIN OF REPORT

- 1.1 This report forms part of the preparation for setting the Council's budget. It needs to be considered for the tax base and the Collection Fund balances to be used in setting the Council's overall budget and Council Tax and can be notified to other affected authorities within the statutory deadlines for the same purpose.

2. PURPOSE AND REASON FOR REPORT

- 2.1 This report is before Cabinet to consider under its delegated function No 3.2.7. 'to be responsible for the Council's overall budget and determine action required to ensure that the overall budget remains within the total cash limit'.

3. TIMESCALES

Is this a Major Policy Item/Statutory Plan?	YES	If yes, date for Cabinet meeting	19 Dec 2022
Date for relevant Council meeting	22 Feb 2023	Date for submission to Government Dept.	NNDR1 return: 31 January 2022 CTR1 return: 11 March 2022

4. BACKGROUND AND KEY ISSUES

Council Tax Base Calculation 2023/24 (Appendix A)

- 4.1 The Council Tax Base calculation is part of the budget process. The gross tax base for 2023/24 is estimated at 67,157.89 Band D equivalents. This is reduced by 1.5% to allow any in year variation from the estimates (e.g. for properties not being built or occupied, additional discounts being available or for losses on collection), to give a net council tax base of 66,154.63, which is 1% more than the equivalent tax base for 2022/23 of 65,773.61.
- 4.2 A further reduction to the tax base to reflect the changes to the funding of council tax benefits which came into effect for the first time in 2013/14 is necessary. The proposed tax base for 2023/24 therefore reduces to 61,023.62 (60,494.82 for 2022/23. This increase in taxbase is less than the Council had assumed within its Medium Term Financial Strategy and reflects a slower than normal housing growth. This can be attributable to the impact of the supply chain issues faced by the construction industry at the tail end of the pandemic.
- 4.3 The figure of 61,023.62 Band D equivalents reflects the best estimate, based on the latest position on the current council tax support scheme of 33%, which remains unchanged from the scheme proposals as agreed by Cabinet in February 2019, where three uplifts over three years were agreed with the final year being 2021/22.

Collection Fund

- 4.4 The Collection Fund surplus/deficit calculation is used by the precepting authorities in setting its budget for the forthcoming year. The figures in this report are provided for information as the Executive Director of Corporate Services will make the formal calculation for Council Tax on 15 January 2023 and notify the relevant bodies at that time and will return the final NNDR1 form by 31 January 2023.
- 4.5 The Collection Fund represents council tax and business rates income receipts and has separate calculations of the surplus/deficit at the year-end compared to the General Fund. Prior to 2013/14 the total amount of business rates was transferred to the government whereas under the new system it is shared between the Council, the Fire Authority and the Government.
- 4.6 The Collection Fund at 31 March 2023 in respect of council tax has been estimated to be in deficit by £2.601m from residential property growth and the impact of measures following the localisation of Council Tax support from 2013/14 and therefore will be shared between the Council, the Police and the Fire Authority in proportion to the band D council tax levels.
- 4.7 The collection fund surplus at 31st March 2023 in respect of business rates has been estimated at £6.178m. The values are based on information as at 30th November and will be updated to December figures prior to submission of the National Non-Domestic Rates (NNDR1) form to be submitted to government by 31 January 2023. The NNDR1 form is used to inform the government and other relevant authorities of both the collection fund balance and the following year's business rate income. The surplus

will be shared between the parties in the following proportions, Government 50%, Peterborough city council 49%, Cambridgeshire fire authority 1%

- 4.8 Following the introduction of the new business rates system in April 2013 the Police and Crime Commissioner does not receive any business rates income but receives alternative funding directly from government.

NNDR

- 4.10 The Collection Fund calculation is used by the precepting authorities in setting its budget for the forthcoming year. The figures in this report are provided for information as the Executive Director of Corporate Services will return the final NNDR1 form by 31 January 2023.

5. CONSULTATION

- 5.1 Consultation is not required in making the calculations referred to in this report, however the Council is in contact with the Police and Fire authorities during the budget setting process.

6. ANTICIPATED OUTCOMES OR IMPACT

- 6.1 That Cabinet proposes the calculation of the Council Tax Base, notes the position on the Collection Fund for both the Council Tax and Business Rates and notes that the final calculation of these balances is reserved to the Executive Director of Corporate Services.

7. REASON FOR THE RECOMMENDATION

- 7.1 The Council Tax Base could be set at a higher or lower level. However, this could have the effect of either inflating unnecessarily the amount of Council Tax to be set or setting the tax at a level insufficient to meet the Council's budget requirements. A similar position could arise if the surplus or deficit were set at a higher or lower level.

7.2 The calculation and return of the information included in the NNDR1 is a statutory requirement which can be formally delegated to an officer. As with council tax if the amount of business rates estimated to be collected is increased or reduced or the surplus or deficit is set at a higher or lower level then the amount of income available to the council will change with the consequent effect on service provision or council tax levels.

8. ALTERNATIVE OPTIONS CONSIDERED

8.1 This report covers calculations that are all prescribed by regulations with the effect that no other options need to be considered.

9. IMPLICATIONS

Financial Implications

9.1 The report recommendations feed into the budget process for 2023/24 by providing the basis of the calculation of Council Tax income and the estimated surplus or deficit on the Collection Fund.

Legal Implications

9.2 In accordance with the Local Authorities (Calculation of Council Tax Base) Regulations 2012 the Council Tax base for the authority must be agreed and notified to major precepting bodies before the 31 January 2023. The proposals set out in this report will facilitate compliance with that requirement.

Equalities Implications

9.3 There are no equalities implications arising from the recommendations in the report.

Carbon Impact Assessment

9.4 This is a statutory report setting the Council Tax base for 2023/24 and determining the estimated surplus or deficit on the Collection Fund for 2022/23 and has no impact on Carbon related issues.
