28 February 2023	Cllr Marco Cereste, Cabinet Member for Climate Change, Planning, Housing and Transport	Final Report of Cycling and Walking Task and Finish Group	It is recommended that Climate Change and Environment Scrutiny Committee consider the final report of the Task and Finish Group and endorse the recommendations contained within it:	These items will be taken to Cabinet in October 2023.	Ongoing
			1. Review and endorse to Cabinet the amendments to the routes and prioritisation measures in the Draft LCWIP prior to its finalisation.		Ongoing
			2. That the Council refers to the LCWIP alongside all developments and site allocations, including when seeking approval at the Planning and Environmental Protection Committee.		Ongoing
			3. That the Council enables a cross- departmental approach to focus on improving city centre transport through the development of proposals for a new cycling route along Bridge Street. Any future		Ongoing

			vision for the City Centre should be based on a cycling and walking first principle.		
			4. That the LCWIP and Active Travel Plans be reviewed annually.		Ongoing
			5. Removing obstacles to cyclists like staggered barriers and traffic signals which give priority to motor vehicles with consultation with Peterborough City Councillors before action is taken.		Ongoing
			6. Creation of a Rural Cycle Strategy, to be discussed with Scrutiny once drafted.		Ongoing
			7. Draft a vision for the LCWIP to be included at the start of the plan, which includes relevant targets from relevant PCC and CPCA strategies (e.g., net zero carbon and need for modal shift away from car travel) and references the Transport User Hierarchy.		Ongoing
			8. Group has a further purpose once public consultation has been completed.		Ongoing
			9. Major infrastructure schemes to include cycling and walking provisions.		Ongoing
			10. Engagement with key stakeholders, including PCC councillors, as part of the public consultation.		Ongoing
			11. To enhance the natural environment through the delivery of walking and cycling schemes; e.g., through tree planting along new and existing cycle routes. In particular, removal of trees, shrubbery		Ongoing

			and other vegetation should be minimised when constructing new cycle routes and any that must be removed should be replaced.		
			12. That the Task and Finish group's work is now concluded, and the group is formally closed. However, it should be noted that the Task and Finish group's work has concentrated on cycling routes in the LCWIP and has not specifically looked at walking routes or the Rural Cycling Strategy.
