Please tick one or more of the licensing objectives that your representation relates to:	
Prevention of crime and disorder	<input checked="" type="checkbox"/>
Public Safety	<input type="checkbox"/>
Prevention of public nuisance	<input checked="" type="checkbox"/>
Protection of children from harm	<input checked="" type="checkbox"/>

Section D: Your Concerns

Please summarise your concerns about this application:

There are already multiple off licences in the Eastfield Road area and another would add to the alcohol-related crime, disorder and public nuisance that is associated with these establishments. It is also inappropriate to promote alcohol sales very close to local educational establishments.

Please give further details of why you believe this application will have an adverse effect on the licensing objectives:

Prevention of Crime and Disorder

Alcohol-related crime and disorder are common in the Eastfield Road area with street drinking, abuse and threatening behaviour towards pedestrians and residents, and vandalism to private and public property by individuals under the influence of alcohol. Much of the alcohol is purchased from the multitude of existing off licences in the area. We do not need another to add to the problems.

Prevention of public nuisance

The area around 298 Eastfield Road is primarily residential and an off licence selling alcohol between 09.00 and 23.00, seven days a week, will attract drinkers who will generate noise and more alcohol fuelled disturbance throughout the day and late into the evening. They will also add to current litter problems in the area from discarded alcoholic drink containers.

The protection of children from harm

The premises is very close to the entrance to the Peterborough College which has many teenage students under the legal age for purchase of alcohol. It would be inappropriate to allow an establishment to promote alcohol use at the entrance to such an educational establishment.
