- CF0221690509. Assault occasioning actual bodily harm. Linked to incident number CC-25042009-0085. The victim and the witnesses to this assault were described by investigating officers as being so drunk that they could not identify a suspect or make full recollection of the incident.
- CF0155810309. Malicious wounding. Linked to incident number CC-27032009-0059. A male reported that he was put in a headlock by doorstaff at the premises and then hit with an airways radio over the head. He received a one inch cut to his forehead and a cut to his nose. He required stitches for his injuries. The victim admitted to being drunk at the time of the incident. The CCTV footage from the premises was viewed by a Detective Inspector who stated that it clearly showed the victim being struck in the face using the hand held radio by the member of doorstaff. As a result of this incident the member of doorstaff was arrested however the case was later dismissed at court as the crown lost contact with the victim. Therefore it was deemed that it was unlikely that a conviction would be gained.

Therefore, from these crime and incidents the police licensing team have concluded that the management of this premise is extremely poor. The incidents and crime demonstrate that staff at the premises are not managing the licensable activities and the presence of customers safely or responsibly and this is leading to unacceptable levels of crime and disorder, seriously compromising public safety and presenting an ongoing nuisance to members of the public.

The incidents highlight how staff at the premises are unable to manage the consumption of alcohol at the premises and the presence of crowds. Repeatedly, incidents have occurred over the past 12 months in which verbal disputes and conflicts have been badly managed, resulting in fights in the premises and in the street. Officers attending incidents have noted that fights have occurred in the street, emanating from the premises, at times when the outside area is busy with passing members of the public. These incidents demonstrate that the poor management of the premises is causing a public nuisance and risking the safety of passing members of the public. The incidents highlight the inadequacy of staff at the premises to manage the licensable activities and presence of members of the public, particularly after 03:00hrs.

Incidents suggest irresponsible practices by staff at the premises. Many of the customers of the premises who police officers come into contact with as a result of incidents are found to be very intoxicated, often unable to assist with police enquiries to the level of their intoxication. The police licensing team feel that excessive alcohol consumption, brought about by irresponsible sales of alcohol, at the premises are fuelling alcohol related crime and disorder and rendering some customers incapable of taking care of themselves and undermining their personal safety. The police licensing team do not feel that staff at the premises, and the designated premises supervisor, are upholding the objectives of the Licensing Act 2003.

Additionally, incidents allege, or directly demonstrate, the unsuitability of members of doorstaff at the premises. Many incidents demonstrate the use of excessive force by doorstaff, an inability to successfully manage conflict and an irresponsible approach to dealing with intoxicated customers, for example verbally abusing and 'winding up' aggressive and anti-social individuals.

The police have received several reports of drug dealing at the premises, some implicating members of the doorstaff team. Furthermore, one member of the doorstaff team was arrested for using an airwave radio to inflict head injuries on a member of the public whilst they were being restrained and unable to defend themselves from this attack. Alarming, the allegations made in incident number CC-24012010-0072 suggest prejudice and hate on the part of members of the doorstaff team at the premises. The Police Community Safety Team regularly encourage members of the public to consider doorstaff as a safety contact point should they feel concerned or in danger when they are out as part of personal safety talks. It is extremely worrying that the incident demonstrated violent prejudice on the part of doorstaff at the premises when the Police regularly encourage people to ask doorstaff for help if they feel scared. The police licensing team feel that the allegations in this incident demonstrate an unacceptable intolerance towards vulnerable communities and highlights the unsuitability of these individuals to support the personal safety of members of the community in licensed premises. The police licensing team believe that the conduct of doorstaff at this premise is totally unacceptable and that they are not only unable to prevent crime and disorder at the premises but, as the crime and incidents demonstrate, have often caused crime, disorder and injuries to members of the public. The police licensing team feel that the conduct and practices of doorstaff at this premise presents a risk to members of the public and that incidents and crimes at the premises demonstrate that the doorstaff team are incapable of preventing crime and disorder at the premises to an acceptable degree.

Recommendations:

In light of the incidents that have occurred at the premises the police would like to make the following recommendation in order to uphold the objectives of the Licensing Act 2003, specifically:

- The prevention of crime and disorder
- The prevention of public nuisance
- Public safety.

The Police Licensing Team, supported by the Neighbourhood Policing Team Inspector and Neighbourhood Policing Chief Inspector, would like to recommend that the license for this premise be revoked. The Police Licensing Team feel that the management of this premises is inadequate to uphold the objectives of the Licensing Act and that the objectives would be best promoted by the revocation of this licence. The police have attempted to support the management of this premises to uphold the objectives, raise safety standards and promote responsible alcohol retailing. The Police licensing officer has contacted the management of the premises on numerous occasions in order to provide guidance regarding professional and responsible management. However, the incidents of crime, disorder, anti-social behaviour and injuries have continued to occur.

In 2008 the Police Licensing Team Leader, along with Peterborough City Councils Licensing Officer and the Police Licensing Officer met with the premise licence holder in order to address ongoing issues and uphold the objectives of the act. The Police Licensing Team leader called a follow up meeting this time with the Neighbourhood Sgt and Peterborough City Councils Licensing Manager. The correspondence documenting the outcomes of these meetings has been attached to this representation. These meetings were conducted in order to support the premises to uphold the objectives of the Licensing Act. They represented the first and second stage of formal action on the part of the Police and Councils Licensing department.

In December 2009 the Police Licensing Team held a meeting with representatives from Shooters, and other premises, in order to provide support to uphold the objectives of the Licensing Act 2003 over the Christmas and New Year period. The Police Licensing Team delivered a series of initiatives designed to improve the safety of the city centre night time economy, with a particular focus on New Road.

Therefore, the Police Licensing Team have attempted to work with staff at this premises for some time in order to improve standards and uphold the objectives of the Licensing Act 2003. The ongoing incidents demonstrate that the management of this premise, in spite of verbal commitments to better standards, have not adequately upheld the objectives of the Licensing Act 2003 nor have they demonstrated any ability to for the future. The Police Licensing Team believe that the staff at the premises, including the designated premises supervisor and doorstaff, are unable to sufficiently uphold the objectives of the Licensing Act 2003 and manage a professional, safe licensed premise. Therefore, the Police Licensing Team feel that only the revocation of this premise licence will sufficiently uphold public safety, prevent public nuisance and prevent crime and disorder in this area.

However, should the committee feel that revocation of this licence is not necessary in order to prevent crime and disorder, uphold public safety and prevent public nuisance, the Police Licensing Team would like to offer the following recommendations based on information from the incidents and crimes over the last twelve months:

- A reduction of hours for the sale of alcohol and hours of opening to 03:00hrs. The current licence provides the sale of alcohol and opening until 06:00hrs however the Police feel that the incidents and crimes demonstrate a particular problem after 03:00hrs which demonstrate that staff at the premises cannot manage the later sale of alcohol and presence of customers.
- A replacement of the current designated premises supervisor. The police feel that the current designated premises supervisor, responsible for all sales of alcohol at the premises, has demonstrated irresponsible sales through the incidents and crimes which highlight very intoxicated customers at the premises. In a number of incidents customers who became involved in disorder were so drunk that they were unable to provide details to the police or paramedics and were unable to take care of themselves or decide if they wanted to go to hospital or not. The evidence of dangerous drunkenness at the premises demonstrates an irresponsible and inadequate designated premises supervisor who the police feel should not be responsible for alcohol sales at the premises.
- A member of staff who can operate the CCTV system, and provide CCTV to authorised Officers on request, should be on site at all times whilst licensable activities are being conducted. On a number of occasions staff at the premises have not been able to provide CCTV to officers when requested and there has been a delay, sometimes of days, before investigating officers receive CCTV footage from the premises. The CCTV requested often relates to violent incidents where the early detection of offenders is crucial to public safety. Therefore, the Police would like for there to be someone on site at the premises, at all times when licensable activities are being conducted, who can operate the system and provide CCTV footage.
- The replacement of doorstaff at the premises. The incidents and crimes demonstrate the inability of doorstaff to manage conflict at the premises and maintain a safe environment for members of the public. Furthermore, the incidents demonstrate poor practice and criminal behaviour on the part of some of the doorstaff team. The Police Licensing Team would recommend a complete replacement of the doorstaff team at the premises and to ensure that any doorstaff working at the venue had received the Safer Peterborough Partnership conflict management training, in addition to the training undertaken in order to obtain an SIA licence.
- That a condition be added to the premises licence to ensure that no drinks purchased at the premises were allowed to be taken outside for consumption. The incidents and crimes demonstrate that doorstaff have not challenged some customers who have taken drinks outside for consumption on the street. The Police Licensing Team would like to ensure that a condition is placed on the licence to ensure that staff do not let any customers take drinks outside of the venue for consumption on the street. The Police Licensing Team feel that the consumption of drinks outside the venue facilitates crime, disorder and anti-social behaviour and presents a particular risk to injuries involving drinks containers.

Dear Grahame,

Thank you for coming in to meet, Darren Dolby (PCC licensing Enforcement Officer) PC Ifor Maddox (Licensing Officer) and myself to discuss our concerns around recent incidents in Shooters.

As discussed there have been 20 incidents recorded in the last four months 8 of them have been after 4.00am.

We agreed the following:

- That you ensure all bar staff are adequately trained and that they understand that under the Licensing Act 2003 anyone involved in the licensing process, including anyone who sells alcohol, must promote;
 - The prevention of crime and disorder
 - Public safety
 - The prevention of public nuisance
 - The protection of children from harm

And that sales to intoxicated persons represent a failure to promote the licensing objectives and the Police may consider taking further action.

- That you would increase your door staff from 2 to 4 after 1am on Friday and Saturday nights and part of their role would be to floor walk, and that you would ensure that they were SIA licensed.
- You would keep a list of people who were barred and keep your incident book up to date.
- You would ensure that more than one person is trained to burn CD's from your CCTV camera, so that if we need to view any incidents we can do so in a timely manner.
- We agreed that we would give you 4 weeks to improve things and that we would meet again in 4 weeks. If things do not improve we may need to consider taking you to review of your Premises Licence. A responsible authority may apply for a review of a premises licence at any time when it is believed that one or more of the licensing objectives including the prevention of crime and disorder are being undermined. (Section 51 of the Licensing Act 2003.)

I would like to take this opportunity to remind you that Section 140 of the Licensing Act 2003 states - *Allowing Disorderly Conduct - The holder of a premises licence, the designated premises supervisor or any person who works at the premises in a capacity, whether paid or unpaid, which authorises him to prevent the conduct commits an offence if he knowingly allows disorderly conduct on licensed premises. Maximum fine of £1000*

And that Section 141 of the Licensing Act 2003 states that *Allowing Sale of Alcohol to a drunk - Any person who works at licensed premises in a capacity, whether paid or unpaid, which gives him authority to sell the alcohol concerned, the holder of a premises licence or the designated premises supervisor commits an offence if they knowingly sell or attempt to sell alcohol to a person who is drunk, or allow alcohol to be sold to such a person. This offence applies where alcohol is sold for consumption on or off the premises. Maximum fine of £1000*

I am hoping that it will not be necessary to take any further action, we would like to work with you to improve things, if we can be of any further help, please do not hesitate to contact either myself, or PC I for Maddox.

Yours Sincerely

Debbie Sampson

Dear Grahame,

Thank you for coming in to meet, Adrian Day (PCC Licensing Manager) Sgt Mick Thorpe and myself to discuss our concerns around recent incidents at Shooters.

We did acknowledge that things had improved over the last 5 weeks since our meeting in July but we discussed our concerns about the two incidents on Saturday 16th August particularly the later incident.

We also discussed the situation regarding un-licensed door staff and we emphasised the importance of yourselves ensuring that all door staff are SIA licensed

We agreed the following:

- That from Thursday 28th August you would close at 5.00am
- From the same date your last entry would be 4.00am
- We would ask for the Police shift to be aware and where possible provide some visible presence between 4.00am - 5.00am in case you get problems refusing entry.
- You have started to use stamps for people leaving the premises to smoke. This would continue
- You would discuss with the property land lords ways in which you can define your boundary and report back to us,
- You would ask your door staff to ensure they are controlling any persons outside the premises to reduce crowd problems.
- You would ensure that door staff stay outside for 30 minutes after closing to disperse people
- You would regularly attend the PEP/ Centre safe meetings and ensure that your subscription is up to date.
- We agreed that we would give you 8 weeks to improve things and that we would meet again in 8 weeks. If things do not improve we will be taking you to review of your Premises Licence. A responsible authority may apply for a review of a premises licence at any time when it is believed that one or more of the licensing objectives including the prevention of crime and disorder are being undermined. (Section 51 of the Licensing Act 2003.)
